

Support the Campaign to Stop Killer Coke

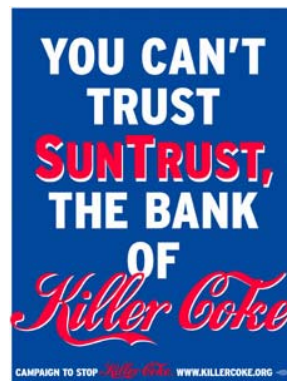

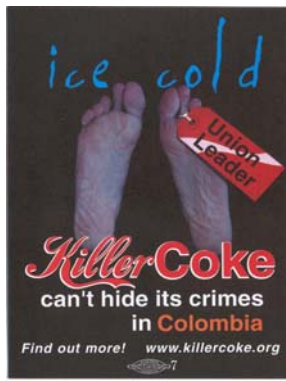

with Your Order for Signs, Posters, Stickers, Brochures and Leaflets

Thousands of hours of professional services have been donated to the Campaign to Stop Killer Coke. We are making every effort to fill requests for materials from those who want to help, but cannot afford a financial contribution.

But even campaigns built on volunteer labor must raise money for printing, shipping, postage, communications and other unavoidable expenses. Because we are organizing and coordinating activities and distributing literature to all 50 states and many foreign countries, our expenses are growing.

If you or your organization can afford it, we suggest the following contributions for large quantities of prepackaged signs, posters, stickers, brochures and leaflets. This will help us offset the costs of producing and distributing these materials and will make it easier to expand the Campaign.

Needless to say, your contributions are greatly appreciated. Remember, you can always download information from our website: www.killercoke.org.
