

With more than 19,500 students, Boise State University is the largest institution of higher learning in Idaho. It is located in the middle of one of the most vibrant and livable cities in America and the governmental and commercial center of the Gem State. During the celebration of its 75th anniversary last fall, Boise State announced the launch of "Destination Distinction," the university's first-ever comprehensive campaign, with a \$175 million goal.

Boise State has been long heralded as an institution devoted to classroom teaching, but a new dimension to its mission is emerging – that of a metropolitan research university of distinction. During Boise's early stages of growth, it was sufficient for the university to play the role of the traditional comprehensive higher education institution with a strong teaching mission and a limited research role.

But as the Boise economy changed into a dynamic marketplace of ideas and products – especially with its highly sophisticated technology sector – and as the city became the heart of a major metropolitan region, it was a natural transition for the city's university to become a metropolitan research institution.

Today, the breadth of programs and services Boise State offers and its unique location makes it one of the nation's best places to live and learn. Boise State has academic programs in eight colleges – Applied Technology, Arts and Sciences, Business and Economics, Education, Engineering, Graduate Studies, Health Sciences and Social Sciences and Public Affairs – with a full-time faculty of more than 600.

UNIVERSITY HISTORY

1932	Boise Junior College founded by Episcopal Church
1934	BJC governed by board of directors after Episcopal Church ends affiliation
1940	Campus moved from original site at St. Margaret's Hall to its present site
1965	School attained four-year status and became Boise College with implementation of baccalaureate degrees
1969	School moved to state system of higher education and named Boise State College
1974	Boise State College gained university status and became Boise State University
2007	Boise State celebrates its 75th anniversary

PRESIDENTS

1932-1934	Bishop Middleton Barnwell
1936-1967	Dr. Eugene Chaffee
1967-1977.....	Dr. John Barnes
1978-1991.....	Dr. John Keiser
1993-2003.....	Dr. Charles Ruch
2003-present	Dr. Bob Kustra

Dr. Bob Kustra took the helm as Boise State's sixth president on July 1, 2003. His administration has been marked by an emphasis on upgrading admissions standards, improving the undergraduate experience, and increasing the number of graduate and doctoral programs.

University milestones during his tenure have included the creation of the Presidential Civic Leadership and Capital Scholar Programs, record-setting years in total funds for research and sponsored programs, and the completion of several new academic, residential and athletic facilities. Dr. Kustra also serves as host of his radio program, *New Horizons*, a weekly interview show aired on NPR News 91, the university's NPR affiliate.

He previously served as president of Eastern Kentucky University. Immediately prior to joining Boise State, Dr. Kustra fulfilled a one-year term as president of the Midwestern Higher Education Commission, the regional compact of 10 Midwestern states responsible for advancing higher education through interstate cooperation.

He served two terms as lieutenant governor of Illinois, which followed a 10-year career in the Illinois Legislature, first in the House and then in the Senate.

President Kustra received his bachelor's degree from Benedictine College in Atchison, Kan., his master's from Southern Illinois University, and his doctorate from the University of Illinois. All of his degrees are in political science.

He and his wife, Kathy, have three grown children and three grandsons.

FACILITIES

Situated within walking distance of Boise's bustling downtown, Boise State is located on a 175-acre main campus in the middle of Idaho's largest city and state capital.

On campus, six residential halls house nearly 1,500 students in shared and single rooms. Near campus, five university-owned apartment complexes have mostly one- and two-bedroom units that offer various amenities.

Main **academic facilities** include the Interactive Learning Center, a four-story, 54,000-square-foot building adjacent to the Multipurpose Classroom Building that opened in August 2007. The \$14 million facility features a 200-seat lecture hall and 12 standard classrooms in addition to a multi-media lab, multi-purpose/distance learning classroom, visualization classroom, experimental classroom, and numerous study lounges. In addition to academic functions, the Interactive Learning Center includes a food-service area, a convenience store and a coffee bar featuring a cyber cafe/study lounge. The university also opened a new 750-space parking structure across the street from the Student Union in August 2007.

Other major academic facilities include the Engineering Complex, Applied Technology Complex, Albertsons Library, Kinesiology Building and Annex, Liberal Arts Building, Communication Building, Math/Geosciences Building, Business Building, Education Building, Science/Nursing Building, Public Affairs and Arts West Building and the Multipurpose Classroom Building.

Boise State also operates two facilities in **Canyon County** – Boise State West, a 150-acre site in Nampa, and the Canyon County Center, where a variety of academic, non-credit and applied technology courses are offered. In addition to its two Canyon County sites, Boise State operates centers at Mountain Home Air Force Base, Gowen Field and Twin Falls.

Facilities where various **entertainment and athletic** events are held include Bronco Stadium (30,750 capacity), Taco Bell Arena (12,400), Morrison Center Main Hall (2,000) and Centennial Amphitheatre (800).

Major construction on two of Boise State's landmark buildings – the Student Union and Bronco Stadium – is in full swing. The expansion and renovation of the Student Union is scheduled for

▲ The Interactive Learning Center opened in August 2007.

completion in early 2009 while Bronco Stadium's new skyboxes and press box should be ready when the 2008 football season starts next fall. In addition, plans continue for a new Student Health, Wellness and Counseling Center/Nursing Building and the Center for Environmental Science & Economic Development (CESD) research building.

Facilities that offer **sports and recreation** opportunities include the Caven-Williams Sports Complex, an indoor training facility next to Bronco Stadium; the Student Recreation Center; the auxiliary gymnasium connected to Taco Bell Arena; Bronco Gym; the Appleton Tennis Center; the Boas Tennis and Soccer Complex; an indoor pool in the Kinesiology Annex building; and a 1.5-acre athletic and intramural field.

All told, Boise State has a total of 165 owned and leased buildings at its various sites.

TUITION AND FEES, FALL 2007

(Per Year)	Resident	Non-Resident
Undergraduate*	\$4,410	\$12,578
Graduate	\$5,240	\$13,408
