

MONEY FOR JOBS Not Banks

Labor/Community March
Wednesday, June 23, 5:00pm
Hart Plaza, (Jefferson & Woodward)

Wall Street recklessness and corporate greed created the worst economic crisis in a generation. Wall Street got bailed out, communities got sold out. The rich are getting richer while working people lose homes, jobs, retirement security and public services.

**There is no such thing as a
"jobless recovery"!**

March to demand:

Good Jobs for All:

**Pass the Local Jobs for America Act (HR4812)
and Full and Fair Employment**

**Stop privatization, service cuts, layoffs and furloughs:
Don't balance the budget on the backs of the people**

Break up and restrain the Big Banks

Stop foreclosures and evictions

Make Wall Street pay to clean up its mess

A free reception will follow the rally at AFSCME 25, 600 W. Lafayette
Sponsored by: AFSCME Council 25 • Jobs with Justice • Metro Detroit AFL-CIO
