

It's time to END THE ROYAL FARCE.

No matter which way you vote in this election, your MP won't be allowed to debate the future of the monarchy in parliament.

This is despite the fact that the British people are deeply concerned about the prospect of King Charles and Queen Camilla. They want a choice, which is only possible in a republic. Republic is calling on all the candidates in this forthcoming election to support reform to allow parliament to discuss this issue. It is time we began a serious debate on the future of the monarchy.

Imagine being able to choose
our next head of state.

- If you believe our head of state should be equal in law...
- If you believe it is wrong to pay our head of state £8 million a year...
- If you believe the job of head of state is too important to be left to a genetic lottery...

support the campaign for
an elected head of state,
and urge your candidates
to do the same.
