## **STATEMENT OF BASIS AND PURPOSE**

The Police Commissioner is responsible for the licensing and regulation of handguns, rifles, shotguns and other weapons in New York City, including activities such as possessing, carrying, selling, manufacturing, transporting or repairing such weapons. The administrative arm of the Police Department, which fulfills these functions at his direction, is the New York City Police Department's License Division.

As part of a comprehensive revision of the City's laws, rules and procedures for gun licensing in order to improve their efficiency and effectiveness, the Police Commissioner proposes to amend the rules administered by the License Division. The rules pertaining to the issuance of handgun licenses and rifle/shotgun permits would be amended to provide applicants with additional guidance regarding the potential grounds for denial of an application for such license or permit. The rules would similarly be amended to provide licensees and permittees with additional guidance regarding the grounds for suspension for a defined period or revocation of such license or permit. In addition, the rules would be amended to remove the requirement that various documents be notarized, in acknowledgment of the ability of the License Division to verify identity through in-person visits and available technology.

Consistent with the intent of the New York State Penal Law and the Administrative Code of the City of New York, and pursuant to the powers of the Commissioner under sections 434(b) and 1043 of the New York City Charter, Title 10 of the Administrative Code of the City of New York, and Article 400 of the New York State Penal Law, the Police Department is acting to amend its rules to improve the efficiency and effectiveness of the licensing of handguns, rifles and shotguns.
