

# *Table of Contents*

---

|  |    |
|--|----|
| Preface and Acknowledgements .....                               | 5  |
| Prologue .....   | 9  |
| <br>   |    |
| <b>Chapter 1:</b><br><b>Science in Darwin's time</b>             |    |
| Dialogue.....  | 17 |
| A period of unprecedented scientific discovery .....             | 20 |
| Finding evidence of extinction .....                             | 21 |
| Rethinking the age of the Earth .....                            | 23 |
| Pondering the succession of life .....                           | 25 |
| Darwin makes his contribution .....                              | 28 |
| <br>   |    |
| <b>Chapter 2:</b><br><b>Christianity in Darwin's time</b>        |    |
| Dialogue.....  | 35 |
| The seamless blending of all knowledge .....                     | 38 |
| The world as inferred from the Bible .....                       | 39 |
| Natural philosophy and natural theology.....                     | 41 |
| An evolving sense of history .....                               | 44 |
| Darwin's religious views.....                                    | 47 |
| <br>   |    |
| <b>Chapter 3:</b><br><b>The theory of evolution</b>              |    |
| Dialogue.....  | 49 |
| Evolution in action.....   | 52 |
| Natural selection.....   | 54 |
| Other evolutionary mechanisms.....                               | 57 |
| Microevolution and macroevolution.....                           | 59 |
| Evidence for evolution .....                                     | 62 |
| Focus of current research .....                                  | 67 |
| <br>   |    |
| <b>Chapter 4:</b><br><b>Initial responses to Darwin's theory</b> |    |
| Dialogue.....  | 71 |
| A topic of personal interest.....                                | 74 |
| Rejection .....  | 75 |
| Qualified acceptance.....  | 77 |
| Enthusiastic support .....                                       | 78 |
| Evolution of scientific and public opinion .....                 | 81 |
| Evolving Christian responses .....                               | 84 |
| The response from other religions.....                           | 86 |
| Buildup toward a backlash .....                                  | 87 |
| Evolution on trial .....   | 90 |

---

|   |     |
|---|-----|
| <b>Chapter 5:</b><br><b>The science behind evolution</b>              |     |
| Dialogue.....   | 93  |
| What science is.....  | 97  |
| Levels of scientific knowledge.....                                   | 100 |
| The construction of knowledge<br>about evolution.....                 | 102 |
| Certainty and uncertainty.....  | 103 |
| Non-scientific interpretations of science .....                       | 105 |
| What science is not .....   | 107 |
| <b>Chapter 6:</b><br><b>Christian worldviews</b>                      |     |
| Dialogue.....   | 111 |
| Defining Christianity.....  | 114 |
| Foundations of Christianity .....                                     | 115 |
| The Christian story.....  | 118 |
| Christian belief and history.....                                     | 118 |
| Contexts of knowing .....   | 121 |
| Defining religion.....  | 122 |
| Faith as the starting point.....                                      | 123 |
| Contested knowledge.....  | 124 |
| <b>Chapter 7:</b><br><b>The world as explained by evolution</b>       |     |
| Dialogue.....   | 127 |
| Diversity beyond measure .....  | 131 |
| One big family .....  | 133 |
| Life's origins .....  | 136 |
| The arrival of plants and animals .....                               | 138 |
| Human origins .....   | 141 |
| The future of evolution.....  | 145 |
| <b>Chapter 8:</b><br><b>Contemporary stances toward<br/>evolution</b> |     |
| Dialogue.....   | 149 |
| A touchy subject.....   | 153 |
| "Scientific" creationism .....  | 156 |
| "Intelligent design".....   | 158 |
| Scientists respond.....   | 164 |
| Creation and evolution as complementary .....                         | 168 |
| Creation and evolution as interactive .....                           | 170 |
| <b>Epilogue: Advancing beyond dialogue.....</b>                       | 173 |
| <b>Endnotes.....</b>  | 181 |
| <b>Glossary .....</b>   | 183 |
| <b>Appendix: Deep evolutionary time .....</b>                         | 199 |
