Our Ref: Oral PQ 310881

At the Olympic Orals Questions in the House on 18 January, you asked me about small businesses within a 5-mile radius of the Olympic Village that are benefitting from the London 2012 construction programme. While it is not possible to identify those businesses that have won contracts precisely within a five mile radius, I can provide details of those businesses registered in the five Olympic Host Boroughs that have won contracts supplying the Olympic Delivery Authority.

The ODA has also recently published a map showing that many suppliers from across the UK were winning work both directly with the ODA and from the thousands of opportunities flowing through the supply chain. Details are available in business section of the London 2012 website:

<http://www.london2012.com/get-involved/business-network/index.php>

A copy of this letter will be placed in the libraries of both Houses.
