I Keith,

During the debate following my statement to the House on 23 March I undertook to write to you regarding the Serious Organised Crime Agency (SOCA) report into the use of cloned British passports in the alleged murder of Mahmud al-Mabhuh in Dubai on 19 January.

I can confirm that the Home Office has shared the SOCA report with both the Identity and Passport Service (IPS) and the UK Border Agency (UKBA).

I am placing a copy of this letter in the Library of the House.

us,
D
