

THE DEVIL'S MILK

A Social History of Rubber

JOHN TULLY

From the early stages of primitive accumulation to the heights of the industrial revolution and beyond, rubber is one of a handful of commodities that has played a crucial role in shaping the modern world, and yet, as John Tully shows in this remarkable book, laboring people around the globe have every reason to regard it as “the devil’s milk.” All the advancements made possible by rubber have occurred against a backdrop of seemingly endless exploitation, conquest, slavery, and war.

This book, the product of exhaustive scholarship carried out in many countries and several continents, is destined to become a classic. Tully tells the story of humanity’s long encounter with rubber in a kaleidoscopic narrative that regards little as outside its range without losing sight of the commodity in question. With the skill of a master historian and the elegance of a novelist, he presents what amounts to a history of the modern world told through the multiple lives of rubber.

“A wonderfully fascinating social history of rubber’s terrors (including slavery and Nazi extermination camps) and pleasures (condoms, among others). Tully is an insightful historian and he narrates this centuries-long account of a commodity as essential to the modern world as oil or steel with great passion and compassion.”

—GREG GRANDIN, author, *Fordlandia: The Rise and Fall of Henry Ford’s Forgotten Jungle City*

360 pages / Economics

MICHAEL PERELMAN is professor of economics at California State University at Chico, and the author of numerous books, including *Steal This Idea* and *Railroading Economics*.

Mainstream, or more formally, neoclassical, economics claims to be a science. But as Michael Perelman makes clear, nothing could be further from the truth. While a science must be rooted in material reality, mainstream economics ignores or distorts the most fundamental aspect of this reality: that the vast majority of people must labor on behalf of others, transformed into nothing but a means to the end of maximum profits for their employers.

Perelman describes this illusion as the “invisible handcuffs” of capitalism and traces its roots back to Adam Smith and his contemporaries. He argues that far from being a basically fair system of exchanges regulated by the “invisible hand” of the market, capitalism handcuffs working men and women (and children too) through the very labor process itself. What we need to do instead, Perelman suggests, is eliminate the handcuffs through collective actions and build a society that we direct ourselves.

“Shows how the market, instead of serving humanity, is now a Procrustean monster, demanding imperiously that humanity fit to its own constraints. The market gives power to the destructive practices of business and finance while stifling the creative potential of labor to address urgent social needs. . . . a tonic read in these times of economic disarray!”

—PAUL ADLER, chair in business policy, department of management & organization, Marshall School of Business, University of Southern California

AGRICULTURE AND FOOD IN CRISIS

Conflict, Resistance, and Renewal

Edited by FRED MAGDOFF and BRIAN TOKAR

The failures of “free-market” capitalism are perhaps nowhere more evident than in the production and distribution of food. Although modern human societies have attained unprecedented levels of wealth, a significant amount of the world’s population continues to suffer from hunger or food insecurity. In this exceptional collection, scholars from around the world explore this frightening long-term trend in food production. While approaching the issue from many angles, they share a focus on investigating how agricultural production is shaped by a system that is oriented toward the creation of profit above all else, with food as nothing but an afterthought.

They also examine what can be, and is being, done to create a human-centered and ecologically sound system of food production, from sustainable agriculture and organic farming on a large scale to movements for radical land reform and national food sovereignty. An indispensable guide to the coming era in which world politics will no doubt come to be increasingly understood as food politics.

“A healthy and inspiring antidote to the ‘business as usual’ propaganda of the mass media. As this book reminds us, if we want to survive and eat and live in a sustainable world, we’re going to have to mobilize and fight the powers that be.”

—RONNIE CUMMINS, founder and international director, Organic Consumers Assn.

176 pages / History / Latin America
and the Caribbean

JAMES D. COCKCROFT is a bilingual award-winning author of forty-five books on Latin America, Mexico, Latin@s, culture, migration, and human rights. He is Internet professor for the State University of New York, a poet, three-time Fulbright Scholar, and an activist with la Base de Paix Montréal, among many other organizations.

Written to commemorate the one hundredth anniversary of the first predominantly anti-capitalist revolution in the world, *Mexico's Revolution: Then and Now* is the perfect introductory text and one that will also sharpen the understanding of seasoned observers. Cockcroft provides readers with the historical context within which the revolution occurred; tells us how the ideals of the revolution live on in the minds of Mexico's peasants and workers; and critically examines the contours of modern Mexican society, including its ethnic and gender dimensions.

Mexico's Revolution also explores the possibility of Mexico's revolutionary history finally bearing the fruit long hoped for by the country's disenfranchised—a prospect kept alive by the unyielding struggle of the last one hundred years.

"Provides a context for understanding the anti-imperialist resistance of the Mexican people and the current capitalist crisis that is creating economic refugees of hundreds of thousands of Mexicans. A passionate, beautifully written work that clarifies, informs, and calls for action."

—ROXANNE DUNBAR-ORTIZ

"An unrivalled classic on the socio-political and ideological roots of what is happening today, the Centenary of the revolution in Mexico. Moreover, it's a literary piece most satisfying to read." —DR. JACINTO BARREA BASSOLS, director of historical studies, National Institute of Anthropology and History, Mexico

DEBT, THE IMF, AND THE WORLD BANK

Sixty Questions, Sixty Answers

ÉRIC TOUSSAINT and DAMIEN MILLET

Mainstream economists tell us that developing countries will replicate the economic achievements of the rich countries if they implement the correct “free-market” policies. But scholars and activists Toussaint and Millet demonstrate that this is patently false. Drawing on a wealth of detailed evidence, they explain how developed economies have systematically and deliberately exploited the less-developed economies by forcing them into unequal trade and political relationships. Integral to this arrangement are the international economic institutions ostensibly created to safeguard the stability of the global economy—the International Monetary Fund and the World Bank—and the imposition of massive foreign debt on poor countries.

Presented in an accessible and easily-referenced question and answer format, with ample graphics, the authors describe the multiple contours of this exploitative system, its history, and how it continues to function in the present day.

“The debt that is strangling the world is largely an ideological fiction, devised in the service of wealth and power, without legitimacy or moral force. The authors unravel the layers of deceit and distortion that conceal the ugly reality with skill and precision, and provide an important tool for liberating the mass of suffering people who are caught in its shackles.” —NOAM CHOMSKY

THE LAW OF WORLDWIDE VALUE

New Edition, completely revised and updated

SAMIR AMIN

Translated by Brian Pearce and Shane Mage

AVAILABLE NOW

\$15.95 / £12.95 / \$17.95CAN / PAPER
978-1-58367-233-4

\$75.00 / £50.00 / \$80.00CAN / CLOTH
978-1-58367-234-1

144 pages / Economics / Marxism

SAMIR AMIN was born in Egypt in 1931 and received his Ph.D. in economics in Paris in 1957. He is director of the Third World Forum in Dakar, Senegal. His works include *Eurocentrism*, *The Liberal Virus*, *Accumulation on a World Scale*, and *Unequal Development*, among many others.

In his new extensively revised and expanded edition of this book, Samir Amin suggests new approaches to Marxian analysis of the crisis of the late capitalist system of generalized, financialized, and globalized oligopolies following on the financial collapse of 2008.

Considering that Marx's *Capital*, written before the emergence of imperialism as a decisive factor in capitalist accumulation, could provide no explanation for the persistent "underdevelopment" of the countries of the "global South," Amin advances several important theoretical concepts extending traditional Marxian views of capitalist evolution.

Amin sees the present crisis as a moment in the second long crisis of the capitalist system, dating from the early 1970's (the first long crisis, he maintains, lasted from 1873 until 1945). He sees no exit from repeated crises under capitalism except the descent into barbarism. The challenge is not to escape from the crisis of capitalism—a hopeless project—but to escape from capitalism in crisis. And Amin reasserts his historical optimism as to the socialist project. He expects a "second wave" of socialist attempts that will stem from the self-liberating efforts of the nations and peoples of the South which, by eliminating the imperialist rent, will lead to an awakening of the Northern popular classes to join the awakening of the global South. This book has an important place among the theoretical resources for anyone involved in the study of contemporary Marxian economic and political theory.

THE CRISIS THIS TIME

Socialist Register 2011

Edited by LEO PANITCH, GREG ALBO, and VIVEK CHIBBER

Since the current financial crisis began, the ruling classes, not labour movements, have seized it as an opportunity. Even while the mythology of market fundamentalism has been discredited and the public sentiment is hostile to bank bail-outs, the response of capitalist states has been to shore up, however they can, the very model that brought the economy to ruins.

Renowned for the breadth of its analysis and the roster of its international contributors, this forty-seventh edition of *Socialist Register* explores the impact of the crises around the world and the opportunities for real socialist renewal.

SOCIAL STRUCTURE AND FORMS OF CONSCIOUSNESS

Volume One

The Social Determination of Method

The relationship between social structure and forms of consciousness is multifaceted and profoundly dialectical. It requires presenting a great wealth of historical material and the assessment of the relevant philosophical literature, from Descartes through Hegel and the Liberal tradition to the present, together with their connections with political economy and political theory. Mészáros moves beyond both abstract solutions to the surveyed methodological questions and one-sided structuralist evaluation of the important substantive issues, bringing the process of our understanding of social structure and consciousness to a level not previously attained.

SOCIAL STRUCTURE AND FORMS OF CONSCIOUSNESS, Volume Two

The Dialectic of Structure and History

ISTVÁN MÉSZÁROS

In *The Dialectic of Structure*, the second volume of István Mészáros philosophical *chef d'oeuvre*, he brings the comprehension of our condition and the possibility of emancipatory social action beyond the highest point reached to date. Building on the indicatory flashes of conceptual lightning in the *Grundrisse* and other works of Karl Marx, Mészáros sets out the relations of structure and agency, individual and society, base and superstructure, nature and history, in a dialectical totality open to the future.

The project is brought to its conclusion by means of critique, an analysis that shows not only the inadequacies of the thought critiqued but at the same time their social historical cause. The crucial questions are addressed through critique of the highest point of honest and brilliant thought in capital's ascending phase, that of Adam Smith, Kant, and Hegel, as well as the irrationalities and dishonesty of the apologists of the capital system's descending phase, such as Hayek and Popper. The dead ends of both Lévi-Strauss's structuralism and post-modernism, arising from their denial of history, are placed in their context as capital-apologetics.

What Mészáros, the leading Marxist philosopher of our times, has achieved is of world historical importance. He has cleared the philosophical ground to permit the illumination of a path to transcend the destructive death spiral of the capital system.

176 pages / Law / Current Events

There is hardly a struggle aimed at upholding and extending the rights embedded in the U.S. Constitution in which the Center for Constitutional Rights (CCR) has not played a central role. Whether defending the rights of black people in the South, opponents of the war in Vietnam, and victims of torture worldwide, or fighting illegal actions of the U.S. government, the CCR has stood ready to take on all comers. When the United States declared that the Constitution did not apply to detainees at Guantanamo, the CCR waded fearlessly into battle, its Legal Director declaring that “My job is to defend the Constitution from its enemies. Its main enemies right now are the Justice Department and the White House.”

In this first-ever comprehensive history of one of the most important legal organizations in the United States, the Center for Constitutional Rights, Ruben examines the innovative tactics of the CCR, the ways in which a radical organization is built and nurtured, and the impact that the CCR has had on our very conception of the law. This book is a must-read not only for lawyers, but for all the rest of us who may one day find our rights in jeopardy.

ALBERT RUBEN is a screen and television writer and has served as an officer of the Writers Guild of America East.

REVOLUTIONARY DOCTORS

*How Venezuela and Cuba Are Changing the World's
Conception of Health Care*

STEVE BROUWER

Revolutionary Doctors gives readers a first-hand account of Venezuela's innovative and inspiring program of community healthcare, designed to serve—and largely carried out by—the poor themselves. Brouwer tells the story of Venezuela's Integral Community Medicine program, in which doctor-teachers move into the countryside and poor urban areas to recruit and train doctors from among peasants and workers. Such programs were first developed in Cuba, and Cuban medical personnel play a key role in Venezuela today as advisors and organizers. This internationalist model has been a great success—Cuba is a world leader in medicine and medical training—and Brouwer shows how the Venezuelans are now, with the aid of their Cuban counterparts, following suit.

But this program is not without its challenges. It has faced much hostility from traditional Venezuelan doctors as well as all the forces antagonistic to the Venezuelan and Cuban revolutions. Despite the obstacles it describes, *Revolutionary Doctors* demonstrates how a society committed to the well-being of its poorest people can actually put that commitment into practice.

In 2007–2008, he lived in a rural village in the mountains of Venezuela and wrote about his campesino neighbors and the Bolivarian Revolution.

CLASS DISMISSED

Why We Cannot Teach or Learn Our Way Out of Inequality

JOHN MARSH

JULY

\$19.95 / £15.00 / \$21.95CAN / PAPER

978-1-58367-243-3

\$85.00 / £60.00 / \$90.00CAN / CLOTH

978-1-58367-244-0

328 pages / Education / Social Science

In *Class Dismissed*, John Marsh debunks a myth cherished by journalists, politicians, and economists: that growing poverty and inequality in the United States can be solved through education. Using sophisticated analysis combined with personal experience in the classroom, Marsh not only shows that education has little impact on poverty and inequality, but that our mistaken beliefs actively shape the way we structure our schools and what we teach in them.

Rather than focus attention on the hierarchy of jobs and power—where most jobs require relatively little education, and the poor enjoy very little political power—money is funneled into educational endeavors that ultimately do nothing to challenge established social structures, and in fact reinforce them. And when educational programs prove ineffective at reducing inequality, the ones whom these programs were intended to help end up blaming themselves. Marsh's struggle to grasp the connection between education, poverty, and inequality is both powerful and poignant.

JOHN MARSH is assistant professor of English at Penn State University. In addition to many articles and reviews, he is the editor of *You Work Tomorrow: An Anthology of American Labor Poetry, 1929–1941*, which won the Tillie Olsen Award for Creative Writing.

WHAT EVERY ENVIRONMENTALIST NEEDS TO KNOW ABOUT CAPITALISM

JOHN BELLAMY FOSTER and FRED MAGDOFF

This short, readable book is a sharply argued manifesto for those environmentalists who reject schemes of “green capitalism” or piecemeal reform. Environmental and economic scholars Magdoff and Foster contend that the struggle to reverse ecological degradation requires a firm grasp of economic reality. Going further, they argue that efforts to reform capitalism along environmental lines or rely solely on new technology to avert catastrophe misses the point. The main cause of the looming environmental disaster is the driving logic of the system itself, and those in power—no matter how “green”—are incapable of making the changes that are necessary.

What Every Environmentalist Needs To Know about Capitalism tackles the two largest issues of our time, the ecological crisis and the faltering capitalist economy, in a way that is thorough, accessible, and sure to provoke debate in the environmental movement.

352 pages / Marxism / Latin America

HARRY E. VANDEN is professor of political science and international studies at the University of South Florida. He has written and edited many books, including *Introduction to Latin America* and *Politics of Latin America* (both with Gary Prevost).

MARC BECKER is associate professor of history at Truman State University. He is the author of *Indians and Leftists in the Making of Ecuador's Modern Indigenous Movements*.

José Carlos Mariátegui is one of Latin America's most profound but overlooked thinkers. A self-taught journalist, social scientist, and activist from Peru, he was the first to emphasize that those fighting for the revolutionary transformation of society must adapt classical Marxist theory to the particular conditions of Latin American. He also stressed that indigenous peoples must take an active, if not leading, role in any revolutionary struggle.

Today Latin America is the scene of great social upheaval. More progressive governments are in power than ever before, and grassroots movements of indigenous peoples, workers, and peasants are increasingly shaping the political landscape. The time is perfect for a rediscovery of Mariátegui, who is considered an intellectual precursor of today's struggles in Latin America but virtually unknown in the English-speaking world. This volume collects his essential writings, including many that have never been translated and some that have never been published. The scope of this collection, masterful translation, and thoughtful commentary make it an essential book for scholars of Latin America and all of those fighting for a new world, waiting to be born.

The Ecological Rift

Capitalism's War on the Earth

JOHN BELLAMY FOSTER, BRETT CLARK, and RICHARD YORK

“This book is desperately needed, because it ends any illusion that we can solve our pressing environmental crises within the same system that created them. With tweaking the system—using incremental market-based strategies—off the table, we can put our efforts into genuine, lasting solutions.”

—ANNIE LEONARD
author and host, *The Story of Stuff*

“This timely new work promises to become a basic resource in understanding the incompatibility between capitalism and ecology, and also in arguing for the ecological dimensions of any future socialism.”

—FREDRIC JAMESON

Argues that the source of our ecological crisis lies in the paradox of wealth in capitalist society, which expands individual riches at the expense of public wealth, including the wealth of nature. In the process, a huge ecological rift is driven between human beings and nature, undermining the conditions of sustainable existence: a rift in the metabolic relation between humanity and nature that is irreparable within capitalist society, since integral to its very laws of motion.

The Science and Humanism of Stephen Jay Gould

RICHARD YORK and BRETT CLARK

“This thoughtful and perceptive presentation of the remarkable work of Stephen Jay Gould is most welcome. With skill and insight, the authors elucidate Gould’s contributions to evolutionary theory and to the understanding of the interactions of science and human life in many dimensions, from the social factors that enter into serious scientific inquiry to the ways in which recognition of the meaninglessness of nature sets the conditions for a humanistic concern for the achievements of creative intelligence and for how to live a decent life. Not least, they bring forth Gould’s dedication to presenting to the general public the discoveries of biological science, and what it reveals about the wonders of nature, and his inspiring commitment to justice and freedom in his life and work.”

—NOAM CHOMSKY

Engages Gould’s science and humanism to illustrate and develop the intellectual power of Gould’s worldview, particularly with regard to the philosophy of science. The authors demonstrate how the Gouldian perspective sheds light on many of the key debates occurring not only in the natural sciences, but in the social sciences as well.

The Politics of Genocide

EDWARD S. HERMAN AND
DAVID PETERSON

Foreword by Noam Chomsky

“In this brilliant exposé of great power’s lethal industry of lies, Edward Herman and David Peterson defend the right of us all to a truthful historical memory.”
—JOHN PILGER

“Herman and Peterson convincingly demonstrate the U.S./NATO imperial designs lurking behind claims of ‘humanitarian intervention;’ the selective prosecutions carried out by all international criminal tribunals to date; and the calculated use of emotionally-laden accusations of ‘genocide.’ At a deeper level, this book presents a challenge to Western media and human rights activists to recognize the ‘impunity for the powerful’ regime that they have assisted in creating, through uncritical acceptance of the ‘human rights’ narrative promulgated by U.S. foreign-policy elites. It is an enormous contribution to the ongoing foreign policy/human rights discussion.”

—PETER ERLINDER

Professor of Law, William Mitchell College
of Law; Director, International
Humanitarian Law Institute

“Destined to become a grim classic.”

978-1-58367-214-3 / 160 pages / 2010

The Socialist Alternative *Real Human Development*

MICHAEL A. LEBOWITZ

“Michael Lebowitz has written a compelling argument for viewing the transition to socialism as a process of human development. He rejects the concept of stages, in which the forces of production are first developed to create

the conditions necessary for people then to change. Instead, he argues that by acting on society now people change both it and at the same time themselves. Drawing on the Venezuelan concept of the ‘triangle of socialism,’ and deeply rooted in Marxist scholarship, this is a thought provoking and inspiring book—essential reading for all interested in and working for a socialism for the twenty-first century.”

—PAT DEVINE

University of Manchester

“A good society,” Michael Lebowitz tells us, “is one that permits the full development of human potential.” In this slim, lucid, and insightful book, he argues persuasively that such a society is possible. That capitalism fails his definition of a good society is evident from even a cursory examination of its main features. What comes first in capitalism is not human development but privately accumulated profits by a tiny minority of the population. When there is a conflict between profits and human development, profits take precedence.

“This book is a brilliant and stimulating synthesis of Gramsci’s life and thought. Students and scholars alike will find it extremely rewarding. Antonio A. Santucci brings to the study of Gramsci a fine historical sensitivity and a rigorous theoretical depth.”

—BENEDETTO FONTANA
Baruch College

“What the future fortunes of [Gramsci’s] writings will be, we cannot know. However, his permanence is already sufficiently sure, and justifies the historical study of his international reception.”

—ERIC HOBSBAWM

Published for the first time in English, *Antonio Gramsci* is a masterful intellectual biography of the great Sardinian scholar and revolutionary written by the world’s foremost Gramsci scholar.

Gramscian terms such as “civil society” and “hegemony” have been appropriated often for self-serving ends that have nothing to do with Gramsci’s purposes in developing them. Rather what we must do, and what Santucci illustrates time and again, is absorb Gramsci’s methods. These can be summed up as the suspicion of “grand explanatory schemes,” the unity of theory and practice, and a focus on the details of everyday life.

When Media Goes to War *Hegemonic Discourse, Public Opinion, and the Limits of Dissent*

ANTHONY DIMAGGIO

“Thoroughly researched and expertly crafted, this book powerfully validates, advances, and expands on the famous Noam Chomsky-Edward S. Herman “propaganda model” of media analysis with particular reference to the U.S. invasion and occupation of Iraq. This is state-of-the-art left inquiry exposing the dominant corporate media system’s continuing service to Empire. But DiMaggio also offers hope, showing real limits to the power elite’s ability to manufacture mass consent to imperial agendas through propagandistic media.”

— PAUL STREET, author of *Barack Obama and the Future of American Politics*

“Nothing short of a masterpiece. It is the definitive and most up-to-date treatment of the subject, and should be required reading for anyone who wishes to understand the crucial and often destructive role media play on the most important international issues of our times.”

— ROBERT W. MCCHESENEY

“The best critical analysis of the U.S. news media’s coverage of the ‘war on terror’ I am aware of.”

—NEW POLITICAL SCIENCE

In this fresh and provocative book, the war in Iraq and the U.S. confrontations with Iran are the touchstones to probe the sometimes fine line between news and propaganda.

The Rise of China and the Demise of the Capitalist World Economy

MINQI LI

“Minqi Li has accomplished something different and very important. He has placed the ‘rise of china’ from the Mao era to today in the context of the history of the entire world-system.

He makes a persuasive case.”

—IMMANUEL WALLERSTEIN
Yale University

“An important and significant contribution to the study of China’s potential futures and, in terms of [Minqi Li’s] analysis of both the Mao period and the nature and sustainability of post-Mao reforms, perhaps an even more important contribution to the study of China’s past and present.”

—SHAUN BRESLIN
Journal of Contemporary Asia

In this provocative book, Minqi Li argues that far from strengthening capitalism, China’s full integration into the world capitalist system will, in fact, and in the not too distant future, bring about its demise. With the decline of the economic power of the United States, its current hegemonic role will deteriorate and the unprecedented growth of China will so erode the foundations of capital accumulation—by pushing wages and environmental costs up, for example—that the entire capitalist system will be shaken to its core.

The Taming of the American Crowd

*From Stamp Riots
to Shopping Sprees*

AL SANDINE

“Offers a unique blend of popular culture and working class history—written with great flair. Sandine is one of the few scholars reckless and ambitious enough to take on a wide-ranging subject without sacrificing analytical rigor. If you’ve

ever participated in a demonstration, gone crazy in the bleachers, or danced all night, you’ll love this book.”

—BARBARA EHRENREICH

“A searching meditation on today’s consumer-crazy, politically passive Americans, who have squandered the power of the assembled populace to address enormous inequalities.”

—GARY B. NASH
Professor of History, UCLA

“An entertaining journey into American history that also manages to illuminate the soul of the country . . .”

—ARIEL DORFMAN, Professor of
Literature and Latin American Studies,
Duke University

CHOICE OUTSTANDING BOOK 2010

This unique study traces the history of crowds from the days of anti-colonial revolt to today’s passive, ‘colonized crowds’ that fill our sports arenas. Sandine argues for the progressive role crowds have played in securing greater democracy, civil rights, and free speech.

The Great Financial Crisis

Causes and Consequences

JOHN BELLAMY FOSTER
and FRED MAGDOFF

“With all the charges of ‘socialist’ hurled at Barack Obama from the howling back benches, I decided it was time to find out what some real socialists are saying about the crisis of monopoly capitalism.

It’s a short book long on insight.”

—BILL MOYERS
on selecting the book for his booklist

“In this timely and thorough analysis of the current financial crisis, Foster and Magdoff explore its roots and the radical changes that might be undertaken in response. . . . This book makes a valuable contribution to the ongoing examination of our current debt crisis, one that deserves our full attention.”

—PUBLISHERS WEEKLY

“Those interested in the Marxist perspective should get hold of *The Great Financial Crisis*. . . . It is a fascinating read.”

—LARRY ELLIOT, economics editor
The Guardian

This concise, brilliant book boldly analyzes the development and implications of the great financial meltdown that began in 2008. The authors examine the housing bubble and credit crunch, and situate current events within a broader, long-festering crisis of monopoly-finance capitalism.

The ABCs of the Economic Crisis

What Working People Need to Know

FRED MAGDOFF
and MICHAEL D. YATES

“Rich, powerful, highly-educated people created the economic crisis of 2008–09, while hundreds of millions of working people suffer the consequences—lost homes, lost jobs, rising insecurity, and falling living standards. How could

this happen? In *The ABCs of the Economic Crisis*, Fred Magdoff and Michael Yates tell the story clearly, simply, and briefly. Here’s one way to become part of the solution: think hard about everything Magdoff and Yates write in this book.”

—ROBERT POLLIN
Professor of Economics
University of Massachusetts, Amherst

In this clear and concise book, Magdoff and Yates demonstrate that the Great Recession is not some aberration from a normally benign capitalism but rather the normal and even expected outcome of a thoroughly irrational and destructive system. No amount of tinkering with capitalism, whether through discredited neoliberalism or the return of Keynesianism and a “new” New Deal, can overcome the core contradiction of the system: the daily exploitation and degradation of the majority of the world’s people by a tiny minority of business owners.

Why Unions Matter

Revised and expanded edition

MICHAEL D. YATES

“For labor and political activists just coming on the scene or veterans looking for that missing overview, this is the best place to start.”

—KIM MOODY,
Labor Notes

“... a must read. It offers a rousing, compelling account of organized labor’s unique role in our history.”

—DAVID MACARAY, *CounterPunch*

Yates uses simple language, clear data, and engaging examples to show why workers need unions, how unions are formed and operate, and what they have done to bring workers together across the divides of race, gender, religion, and sexual orientation. The new updated edition examines a variety of issues, including the continuing decline in union membership and density, the Change to Win split in 2005, the growing importance of immigrant workers, and the rise of worker centers. This is simply the best introduction to unions on the market.

Embedded with Organized Labor

*Journalistic Reflections
on the Class War at Home*

STEVE EARLY

“Steve Early has long been a voice of distinctive clarity, honesty and intellectual seriousness in and about the labor movement. This collection performs a valuable service in bringing together a

broad sample of his writing on class, politics, the trade union movement, its status and prospects. As always with Early’s work, these essays are grounded in concrete history and problems. To that extent, they also provide a unique window onto the last several decades of evolving American political history. At a time like this it is all the more important to have the benefit of a voice like his.”

—ADOLPH REED JR.

Professor of Political Science,
University of Pennsylvania

“Steve Early says things other people in the labor movement would like to say but don’t, because of protocol, fear of firing, or, if truth be told, fear of afflicting the comfortable.”

—JANE SLAUGHTER, *Labor Notes*

Collected in print for the first time, this wide-ranging collection deals with the dilemmas of union radicalism, the obstacles to institutional change within organized labor, and strategies for securing workers’ rights in the new global economy.

OPEN VEINS OF LATIN AMERICA

FIVE CENTURIES OF THE PILLAGE OF A CONTINENT

EDUARDO GALEANO INTRODUCTION BY ISABEL ALLENDE

This brilliant text set a new standard for historical scholarship of Latin America. Weaving fact and imagery into a rich tapestry, Galeano fuses scientific analysis with the passions of a plundered and suffering people. An immense gathering of materials is framed with a vigorous style that never falters in its command of themes.

An Essay on the American Economic and Social Order, Paul Baran & Paul M. Sweezy
A brilliant description of the economic forces at work in the main centers of economic power: the giant corporations.
\$20.00 / PB0730 / 416pp

NAMING THE SYSTEM

Inequality and Work in a Global Economy
Michael D. Yates “A lucid, penetrating examination of the consequences of globalization. Highly recommended.”—*Choice*
\$17.00 / PB0793 / 288pp

THE THEORY OF CAPITALIST DEVELOPMENT

Paul M. Sweezy “A trustworthy guide through the problems of Marxian economics.”—*Journal of Philosophy*
\$20.00 / PB079X / 398pp

THE POLITICAL ECONOMY OF GROWTH

Paul Baran An analysis of advanced and underdeveloped countries, focusing on the creation and use of economic surplus.
\$15.00 / PB0765 / 307pp

RAILROADING ECONOMICS

The Creation of the Free Market Mythology
Michael Perelman Critique of the rhetoric and practice of conventional economic theory that explores how even in the U.S., the market has always been subject to constraints. \$20.00 / PB1358 / 224pp

education

DIGITAL DIPLOMA MILLS

The Automation of Higher Education
David F. Noble “A wake-up call about the battle over an underpublicized but big assault on quality education and intellectual freedom.”—Ralph Nader
\$16.00 / PB0920 / 116pp

RECLAIMING THE IVORY TOWER

Organizing Adjuncts to Change Higher Education, Joe Berry “This book makes a vital contribution to the most urgent subject on many a campus.”—Paul Buhle
\$13.00 / PB1293 / 160pp

MAKING SENSE OF THE MEDIA
 A Handbook of Popular Education
 Techniques, Eleonora Castaño Ferreira and
 João Castaño Ferreira Shows how teachers
 can draw on students' own experiences to
 develop their creativity and critical skills.
 \$17.00 / PB8804 / 128pp

ecology / environment

A HISTORY OF WORLD
 AGRICULTURE
 From the Neolithic Age to
 the Current Crisis, Marcel
 Mazoyer and Laurence
 Roudart "Replete with
 rich reflections on agricul-
 ture. A testament to the
 erudition of its authors and
 a defense of peasant economies victimized
 by neoliberal policies."—*Le Matin*
 \$35.00 / PB1218 / 528pp

ECOLOGY AGAINST CAPITALISM
 John Bellamy Foster "A fine, well-timed
 book. The boom is over, the earth is warm-
 ing, the fundamental questions are coming
 again to the fore. Balanced and clear-
 headed."—Tom Athanasiou
 \$18.00 / PB0564 / 160pp

KILLING ME SOFTLY
 Toxic Waste, Corporate Profit, and the
 Struggle for Environmental Justice
 Eddie J. Girdner and Jack Smith

MARX'S ECOLOGY
 Materialism and Nature, John Bellamy
 Foster "If anyone wants to understand the
 place of the ecological dimension within the
 Marxist tradition, this book is a must read."
 —Helena Sheehan
 \$18.00 / PB0122 / 312pp

VULNERABLE PLANET
 A Short Economic History of the
 Environment, John Bellamy Foster "A fine
 contribution to a critical sociology of
 important environmental issues."
 —*Contemporary Sociology*
 \$15.00 / PB019X / 176pp

history

THE ART OF DEMOCRACY
 A Concise History of Popular Culture in the
 United States, 2nd Edition, Jim Cullen
 "Cullen's articulate prose is spiced with
 wicked wit and he loves a good story.
 Demonstrates a sophisticated understanding
 of complex cultural forces."—*Publishers*
Weekly \$21.00 / PB0645 / 384pp

THE CONQUEST OF AMERICA
 How the Indian Nations Lost Their
 Continent, Hans Koning Provides students
 with a different perspective on the U.S.
 history of, and policy toward, indigenous
 and foreign peoples.
 \$20.00 / PB8766 / 144pp

CULTURES OF DARKNESS
 Night Travels in the Histories of
 Transgression, Bryan D. Palmer
 "Every so often a work of history comes
 along whose ambition and originality take
 one aback. A rare achievement, truly a book
 of our times."—Geoff Eley, *Left History*
 \$28.00 / PB0270 / 609pp

IN OUR TIME
 The Chamberlain-
 Hitler Collusion
 Clement Leibovitz and
 Alvin Finkel, Introduction
 by Christopher Hitchens
 "Strongly recommended
 because of its revisionist
 analysis of a major crisis in
 European history."—*Choice*
 \$18.00 / PB9991 / 316pp

INVENTING WESTERN CIVILIZATION
 Thomas C. Patterson "This wonderful
 book effectively dethrones the concept of
 'civilization' as an abstract good, transcend-
 ing human society."—Martin Bernal
 \$15.00 / PB9614 / 144pp

COLUMBUS
 His Enterprise, Exploding the Myth
 Hans Koning "The book is an idea that has
 finally found its time."—*Publishers Weekly*
 \$13.00 / PB8251 / 141pp

NEW STUDIES IN THE POLITICS
AND CULTURE OF U.S. COMMUNISM
Edited by Michael E. Brown, Randy Martin,
Frank Rosengarten and George Snedeker
Contributors look at the influence of the
Communist Party and its followers in educa-
tion, literature, the arts, the African American
community, and other movements.
\$18.00 / PB8529 / 384pp

WORKED TO THE BONE
Race, Class, Power, and Privilege in
Kentucky, Pem Davidson Buck “A powerful
new historical ethnography and compelling
call to arms for scholars and citizens alike.
. . . It presents a devastating critique of
'business as usual' in the negotiation of
class, gender, and race.”—*Anthropology*
\$19.00 / PB0475 / 284pp

labor studies

INSURGENT IMAGES
The Agitprop Murals of Mike Alewitz
Paul Buhle and Mike Alewitz “Mike
Alewitz’s art has given eloquent voice
to the aspirations of working people
throughout the world.”—Martin Sheen
\$28.00 / PB0343 / 160pp

LABOR AND
MONOPOLY CAPITAL
The Degradation of
Work in the Twentieth
Century, Harry
Braverman “*Labor and
Monopoly Capital* is one
of the most influential
books of our time,
and it deserves to be.”
—David Montgomery
\$19.00 / PB9401 / 460pp

LABOR PAINS
Inside America’s New Union Movement
Suzan Erem “I love it! It’s about time some-
body wrote about union organizing as the
adventure it truly is! I hope this is the begin-
ning of a whole new era in labor writing,
which has historically been all too dry.
It is a great read.”—Barbara Ehrenreich
\$18.00 / PB0580 / 256pp

THE MAKING OF A CYBERTARIAT
Virtual Work in a Real World, Ursula Huws
“An inspiring discussion of computeriza-
tion’s consequences for the global distribu-
tion of paid as well as unpaid labor.
Convincingly questions the liberating poten-
tial of ‘virtual-knowledge work’ in a ‘weight-
less economy.’”
—*International Review of Social History*
\$19.00 / PB0882 / 208pp

A NEW LABOR MOVEMENT
FOR THE NEW CENTURY
Edited by Gregory Mantsios, Afterword by
John J. Sweeney “An excellent source, cap-
turing progressive sentiment at a critical
moment in organized labor’s history.”
—*Labor History* \$24.00 / PB9371 /
400pp

NOT AUTOMATIC
Women and the Left in the Forging of the
Auto Workers’ Union, Sol Dollinger and
Genora Johnson Dollinger “This valuable
work makes an important contribution to
our understanding of the formative years of
the United Automobile Workers.”
—*Labour/LeTravail*
\$18.00 / PB0181 / 214pp

ON THE GLOBAL WATERFRONT
The Fight to Free the Charleston 5
Suzan Erem and E. Paul Durrenberger
Compelling narrative of a local struggle, a
transformed union leader, and a newly-
energized international workers’ movement
that highlights the resounding importance of
the longshoreman’s union. “Demonstrates
how circumstances propel ordinary people
to do extraordinary things. There are
lessons from which we must all learn if we
are to truly hope for a better future.”
—Rep. James E. Clyburn (D-South Carolina)
\$17.95 / PB1634 / 240pp

THE POWER IN OUR HANDS
A Curriculum on the History of Work
and Workers in the United States,
Norman Diamond and William Bigelow
Provides entertaining easy-to-use lesson
plans for teaching labor history.
\$18.00 / PB7530 / 184pp

TAKING CARE
OF BUSINESS

Samuel Gompers, George Meany, Lane Kirkland, and the Tragedy of American Labor, Paul Buhle “Buhle’s synthesis of the work of recent generations of labor and social historians . . . is impressive.”—*New Labor Forum*
\$18.00 / PB0033 / 224pp

WE, THE PEOPLE

The Drama of America, Leo Huberman
“Combines the art of a fiction writer with the skill of a historian.”—*The Nation*
\$20.00 / PB1346 / 372pp

WINDOWS ON THE WORKPLACE

Computers, Jobs, and the Organization of Office Work, Joan Greenbaum “One of the sharpest writers on the topic of workplace technologies and their consequences for office workers.”—Stanley Aronowitz
\$17.00 / PB1137 / 176pp

*latin america /
caribbean*

BUSH VERSUS CHÁVEZ

Washington’s War on Venezuela
Eva Golinger “An essential read for understanding the conflict between the United States and Venezuela.”—Noam Chomsky
\$15.95 / PB1658 / 160pp

GENDER POLITICS IN LATIN AMERICA

Debates in Theory and Practice, Edited by Elizabeth Dore “Exceptional . . . successfully challenges ideas that have become received wisdom in women’s and gender studies.”
—*Journal of Latin American Studies*
\$18.00 / PB9762 / 288pp

FACES OF THE CARIBBEAN

John Gilmore “Anyone who cares about the Caribbean will find something to ponder in this well-crafted book . . . a model introduction to the region.”—*Caribbean Beat*
\$19.00 / PB0289 / 216pp

FACES OF LATIN AMERICA

Third Edition, Duncan Green
“A journalistic *tour de force* with academic worth. Essential background reading for undergraduate courses in the Latin American studies.”—*Bulletin of Hispanic Studies* \$19.00 / PB1511 / 238pp

FIGHT FOR THE FOREST

Chico Mendes in His Own Words
The indigenous activist—who won international acclaim for his role in the non-violent campaign to protect the Amazon rainforest—talks of his life’s work in this last major interview before his assassination in 1988.
\$16.00 / PB8669 / 118pp

HAITI, STATE AGAINST NATION

The Origins and Legacy of Duvalierism
Michel Rolph-Trouillot “This book will appeal to scholars interested in Haiti in particular and national development in general.”—*Library Journal*
\$20.00 / PB7565 / 288pp

THE LATIN AMERICAN CITY

Alan Gilbert “Helps planners understand the scale and the scope of problems facing Latin American cities.”—*APA Journal*
\$19.00 / PB938X / 224pp

LAST RESORTS

The Cost of Tourism in the Caribbean,
Polly Pattullo “Highly recommended for the vast coverage it provides, as well as its highly acute and accurate analytical content. *Last Resorts* is an excellent read for economic advisors, Caribbean trade executives, and non-specialist general readers, local citizens and vacationers with an interest in the Caribbean.”
—*The Midwest Book Review*
\$22.00 / PB117X / 240pp

MEXICO’S HOPE

An Encounter with Politics and History
James D. Cockcroft “Represents the most forceful analysis and at the same time the most sophisticated and subtle general history of Mexico available.”—*Mexican Labor News* \$18.00 / PB9258 / 426pp

REMINISCENCES OF

THE CUBAN REVOLUTIONARY WAR

Che Guevara “Lucid, candid, and revealing. If Guevara had spent his time at the typewriter instead of leading revolutionaries, then this world would be hailing a new giant in literature.” —*Cleveland Press*

\$16.00 / PB227X / 256pp

SHADOWS OF TENDER FURY

The Letters and Communiqués of Subcomandante Marcos and the Zapatista Army of National Liberation, Translated by Frank Bardacke, Leslie Lopez, and the Watsonville, California, Human Rights Committee

\$15.00 / PB9185 / 272 pp

SILENT REVOLUTION

The Rise and Crisis of Market Economics in Latin America, Duncan Green
“A well ordered, rigorous, and coherent presentation. Moreover, Green writes clearly and with polish, producing a book that has proven to be accessible and interesting. Highly recommended.” —*Choice*

\$22.00 / PB0912 / 272pp

UNDERSTANDING THE VENEZUELAN REVOLUTION

Hugo Chávez Talks to Marta Harnecker, translated by Chesa Boudin
“This well-crafted, well-edited, and engaging book is a bracing antidote and a pleasure to read. Here you will discover the real Hugo Chávez: a highly educated, brilliant, democratic revolutionary leader, and a man of deep and thoroughly admirable humanity.” —Michael Parenti

\$15.95 / PB1277 / 216pp

law / legal studies

CENSORSHIP, INC.

The Corporate Threat to Free Speech in the United States, Lawrence Soley
A “hard-hitting and eminently readable exposé on numerous examples of corporate suppression of free speech. Does a good job of clarifying the issues.” —*Communication Booknotes Quarterly*

\$24.00 / PB0661 / 320pp

LAW AND THE RISE OF CAPITALISM

Michael E. Tigar and Madeleine R. Levy
Traces the role of law and lawyers in European bourgeoisie’s conquest of power. Using a wide range of primary sources, the authors demonstrate that the legal theory of the insurgent bourgeoisie predated the Protestant Reformation.

\$20.00 / 320 pages / PB0300

literary studies

THE MARXIAN IMAGINATION

Representing Class in Literature, Julian Markels
Markels offers a fresh and innovative recasting of Marxist literary theory and a powerful account of the ways class is represented in literary texts.

\$19.00 / PB0971 / 160pp

THE GREAT TRADITION IN ENGLISH LITERATURE

From Shakespeare to Shaw, Annette T. Rubinstein
“*The Great Tradition* remains unequalled as a survey study of the social and political significance of the great English writers from the seventeenth to the twentieth century.” —David Goldway

\$35.00 / PB096X / 2 volume set

BABOUK

Guy Endore, Foreword by Jamaica Kincaid
Provides a living history of Haiti and a compelling account of slavery and rebellion.

\$20.00 / PB745X / 352pp

marxism / theory

ANARCHISM

From Theory to Practice, Daniel Guérin, introduction by Noam Chomsky
“Perhaps the best introduction to anarchism.”

—*New Statesman*

\$14.00 / PB1753 / 166pp

BUILD IT NOW
Socialism for the
Twenty-First Century
Michael A. Lebowitz
“An elegant, passionate,
and entirely convincing
argument for socialism.”

—Patrick Bond,
University of KwaZulu-
Natal \$15.00 / PB1455 / 128pp

THE COMMUNIST MANIFESTO
Karl Marx and Friedrich Engels Foreword by
Paul M. Sweezy \$10.00 / PB9363 / 128pp

**THE “DICTATORSHIP OF THE
PROLETARIAT” FROM MARX TO LENIN**
Hal Draper Shows how and why Marxists
diverged from Marx’s intent by (mis)using
the term “dictatorship of the proletariat” and
then proceeding to build elaborate ideologi-
cal constructs on this warped base.
\$15.00 / CL7271 / 188pp

DISCOURSE ON COLONIALISM
Aime Cesaire, Introduction, “A Poetics of
Anticolonialism,” by Robin D. G. Kelley
“*Discourse on Colonialism* is once again
required reading. Robin Kelley’s brilliant
new introduction provides a wealth of his-
torical and literary scholarship.”—Gayatri
Chakravorty Spivak
\$14.00 / PB0254 / 104pp

HOW TO READ KARL MARX
Ernst Fischer with Franz Marek A brief,
clear, faithful exposition of Marx’s major
premises, with particular attention to histori-
cal context. Includes a biographical chronol-
ogy, extracts from major works of Marx, and
“Marx’s Method” by Paul M. Sweezy.
\$12.00 / PB9746 / 224pp

IN DEFENSE OF HISTORY
Marxism and the Postmodern Agenda
Edited by Ellen Meiksins Wood and John
Bellamy Foster “Speaks directly to the
assumptions of postmodernism and offers a
stunning critique of its usefulness in both
understanding and critiquing the current
epoch.” —*Contemporary Sociology*
\$16.00 / PB9835 / 224pp

EMPIRE OF CHAOS
Samir Amin, \$15.00 / PB8448 / 120pp

**LENIN AND PHILOSOPHY
AND OTHER ESSAYS**
Louis Althusser, New Introduction by
Fredric Jameson “An extremely valuable
collection of essays.”—*Choice*. Covers the
broad range of Althusser’s interests and con-
tributions in philosophy, economics, psy-
chology, aesthetics, and politics. It includes
his major essay “Ideology and Ideological
State Apparatuses.”
\$18.00 / PB0394 / 212pp

LIBERAL VIRUS
Samir Amin Argues that
the ongoing American
project to dominate the
world through military
force has its roots in
European liberalism.
\$15.95 / PB1072 / 128pp

**RADICAL PERSPECTIVES ON THE RISE
OF FASCISM IN GERMANY, 1919 TO 1945**
Edited by Michael N. Dobkowski and
Isidor Walliman \$18.00 / PB7581 / 336pp

**THE ETHICAL DIMENSIONS
OF MARXIST THOUGHT**
Cornel West “A clear, non-technical,
competent, convincing interpretation of
what has been unclear to Marxists and
non-Marxists alike.”—*Choice*
\$18.00 / PB8189 / 183pp

KARL MARX’S THEORY OF REVOLUTION
Hal Draper’s definitive and masterful study
of Marx’s political thought.

Volume 1: State and Bureaucracy, Hal
Draper \$25.00 / PB4612 / 748pp

Volume 2: The Politics of Social Class
\$25.00 / PB566X / 748pp

*Volume 3: The Dictatorship of the
Proletariat* \$25.00 / PB6747 / 480pp

\$25.00 / PB7980 / 372pp

KARL MARX'S THEORY OF REVOLUTION
Volume 5: War and Revolution, Hal Draper
and E. Haberkern "Hal Draper is one of the
greatest Marx scholars and in this volume he
shares his knowledge with consummate pre-
cision, unflinching insight, and no-nonsense
good cheer."—David N. Smith, University of
Kansas \$18.00 / PB1382 / 300pp

PHILOSOPHICAL ARABESQUES
Nikolai Bukharin, Introduction by Helena
Sheehan "An insightful contribution to our
understanding of Marxism and its relation to
Hegel. *Philosophical Arabesques* is an affirma-
tion of freedom and ethical life in socialist soci-
ety."—*Socialism and Democracy*.
\$50.00 / PB1021 / 407pp

THE POSTMODERN
PRINCE
Critical Theory, Left
Strategy, and the Making
of a New Political Subject,
John Sanbonmatsu
"Traces the rise of
postmodern theory to the
'expressivist' politics of the New Left.
Sanbonmatsu admirably explicates the
problems associated with postmodern theory,
particularly the work of Michel Foucault."
—*Choice* \$18.00 / PB0904 / 272pp

THE ROSA LUXEMBURG READER
Edited by Peter Hudis and Kevin B.
Anderson "An admirable job presenting
Luxemburg's life and work in a form appro-
priate to both general and specialist audi-
ences."—*H-Net Reviews*. "Her fiery critical
intellect and ardent spirit are as vital for this
time as in her own."—Adrienne Rich
\$23.00 / PB103X / 432pp

SPECTRES OF CAPITALISM
Samir Amin \$20.00 / PB93339 / 160pp

WHOSE MILLENNIUM
Theirs or Ours? Daniel Singer "Singer has
expanded his—and our—horizon to give a
view of what may be the next stage in
humanity's zig-zag course toward, if not the
stars, a new social balance."—Gore Vidal
\$18.00 / PB9460 / 288pp

media studies

THE LANGUAGE OF EMPIRE
Abu Ghraib and the American Media, Lila
Rajiva "A citizen's report on the scandal of
Abu Ghraib. A must-read for anyone who
wants to see America become what it has
not yet been."—Vijay Prashad
\$15.00 / PB1196 / 176pp

CAPITALISM AND THE INFORMATION
AGE: The Political Economy of the Global
Communication Revolution, Robert W.
McChesney, Ellen Meiksins Wood, and John
Bellamy Foster "Highest recommendation."

THE FICTION OF A
THINKABLE WORLD
Body, Meaning, and the
Culture of Capitalism,
Michael Steinberg
“It’s one thing to say
that the Cartesian
mind/body dichotomy
is meaningless. It’s quite
another to actually try to figure out what the
world would be like if this were true. In a
work of remarkable intellectual courage and
extraordinary erudition, Michael Steinberg
tries to do just that. The result is a ground-
breaking work of ethical theory and a fasci-
nating read.” —David Graeber
\$18.00 / PB1153 / 233pp

THE EDUCATION OF BLACK PEOPLE
Ten Critiques, 1906–1960, W.E.B. Du Bois
Edited and with a new Introduction by
Herbert Aptheker Approaches education
with a timelessness and timeliness, rooted at
once in classical thought and reflecting a
fresh and contemporary relevance.
\$16.00 / PB0432 / 224pp

HUNGRY FOR PROFIT
The Agribusiness Threat to Farmers, Food,
and the Environment, Edited by Fred
Magdoff, John Bellamy Foster, and Frederick
H. Buttel “A compelling, historically ori-
ented survey of the political economy of the
state-supported corporate takeover of world
food production.” —*Current Anthropology*
\$19.00 / PB0165 / 220pp

MEMOIRS OF BERNARDO VEGA
A Contribution to the History of the Puerto
Rican Community in New York, Edited by
Cesarr Andreu Iglesias “Provides an excel-
lent picture of the life of working-class
Puerto Ricans in New York City during the
early periods of Puerto Rican settlement.”
—*Choice* \$16.00 / PB6569 / 288pp

TRANSFORMING THE REVOLUTION
Social Movements and the World-System
Samir Amin, Giovanni Arrighi, Andre
Gunder Frank, and Immanuel Wallerstein
\$17.00 / PB8081 / 189pp

LET THEM EAT KETCHUP!
The Politics of Poverty and Inequality
Sheila Collins Explains why official
definitions and measurements of poverty
fall short, failing to address the real suffering
and inequality in our “class-free” society.
\$13.00 / PB9053 / 160pp

urban studies

DIALECTICAL URBANISM
Social Struggles in the Capitalist City,
Andy Merrifield “A scholarly and well
reasoned extrapolation of considerable
scholarship and erudite political thought.”
—*The Midwest Book Review*
\$19.00 / PB0602 / 192pp

women's studies

DEVELOPMENT, CRISES,
AND ALTERNATIVE VISIONS

Third World Women's Perspectives, Edited by Gita Sen and Caren Grown "Brilliant, lucid, and concise. A must read for development scholars, practitioners, and activists."
—Norman Girvan \$13.00 / PB7174 / 116pp

LET ME SPEAK!

Testimony of Domitila, A Woman of the Bolivian Mines, Domitila Barrios de Chungara "An important social document."
—*Library Journal*

IMMIGRANT WOMEN IN
THE LAND OF DOLLARS

Life and Culture on the Lower East Side, 1890–1925, Elizabeth Ewen "The author has woven immigrant and ethnic fiction, secondary and primary research, oral history, and autobiography into a fascinating impression of the world of immigrant women. The book is gracefully written, inclusive in scope, and informative."
—*Choice*
\$15.00 / PB6828 / 303pp

POWERS OF DESIRE

The Politics of Sexuality, Ann Snitow, Christine Stansell, and Sharon Thompson "An excellent and extremely welcome source."
—*The Women's Review of Books*
"Instant classic."
—*In These Times*
\$22.00 / PB6100 / 489pp

THE SOCIALIST FEMINIST PROJECT

A Contemporary Reader in Theory and Politics, Edited by Nancy Holmstrom "Reasserts that analyses of women's lives will remain superficial without a serious critique of capitalism, especially as it is manifested globally. A landmark in feminist theory."
—Kathryn Russel, *Wagadu*

\$26.00 / PB0688 / 432pp

TOWARD AN
ANTHROPOLOGY
OF WOMEN

Edited by Rayna R. Reiter "It reveals the astonishing methodological and ideological biases that permeate almost all of what we know about the world's other cultures."
—*Sociology*

\$19.00 / PB3993 / 416pp

UNDER ATTACK, FIGHTING BACK
Women and Welfare in the United States

Mimi Abramovitz "This lively and informative book deserves to be widely read. It provides an excellent history of AFDC and the activities of various women's groups who have campaigned hard over the years for improvements in services to the poor."
—*Journal of Sociology and Social Welfare*

\$15.00 / PB0084 / 160pp

WHEN BIOLOGY BECAME DESTINY
Women in Weimar and Nazi Germany,

Edited by Renate Bridenthal, Atina Grossmann, and Marion Kaplan "An essential book for all students of German history, and a valuable addition to the growing canon of women's historical research."
—*New German Critique*

\$18.00 / PB6437 / 364pp

WOMEN AND THE
POLITICS OF CLASS

Johanna Brenner "An excellent analysis of women's oppression and of the women's movement from a socialist-feminist perspective. The clarity and moral passion that

informs Johanna Brenner's work is a contagious force often missing in many academic feminist writings."
—*The Women's Review of Books*

\$20.00 / PB0106 / 330pp

MONTHLY REVIEW

AN INDEPENDENT SOCIALIST MAGAZINE

EDITED BY JOHN BELLAMY FOSTER

“The regular thoughtful and prescient insights into the real nature of the economy . . . have provided a steady hand to guide the understanding of the disastrous crises into which the United States and global economies are falling today, and the ways in which the world might escape.”

—NOAM CHOMSKY

Since 1949, *Monthly Review* has built a tradition of accounting for what is new with the equally vital task of seeing the longer process. That tradition, as summarized by Paul M. Sweezy, is to see the present as history. *Monthly Review* has described the process that has brought global capitalism to its crisis, while maintaining absolute independence from any political group.

One-year U.S. rate: \$39.00; foreign \$47.00 (surface mail), \$82.00 airmail. Become an *MR* Associate and receive a one-year subscription, a 50 percent discount on all *MR* Press books (excluding *Socialist Register*), and one free book chosen from pages 17–21.

One-year Associate rate: U.S.: \$85.00; foreign, \$95.00.

ELECTRONIC ARCHIVE

All subscribers receive unlimited electronic access to every issue of *Monthly Review* from 1949 to the present. *Monthly Review's* archive includes classic essays and special issues covering a diverse range of subjects including political, social, and economic theory; colonialism and imperialism; science, technology, and the environment.
