PRESS RELEASE

IFUT DONATES €2000 TO HAITI FUND

22 January 2010

The Irish Federation of University Teachers (IFUT) has donated €2000 to assist relief efforts in Haiti, following the recent devastating earthquake there.

The donation is equivalent to approximately one euro per member of the organisation. It is being provided to a Fund co-ordinated by Education International, the World federation of teacher unions, and in full consultation with CNEH, IFUT's sister teachers' unions in Haiti.

"The contribution is being given by the union centrally in addition to the many individual donations for Haiti being made to various charities by IFUT members," Mr Mike Jennings, IFUT General Secretary, said.
