

Steps in the Biodiversity Planning Process

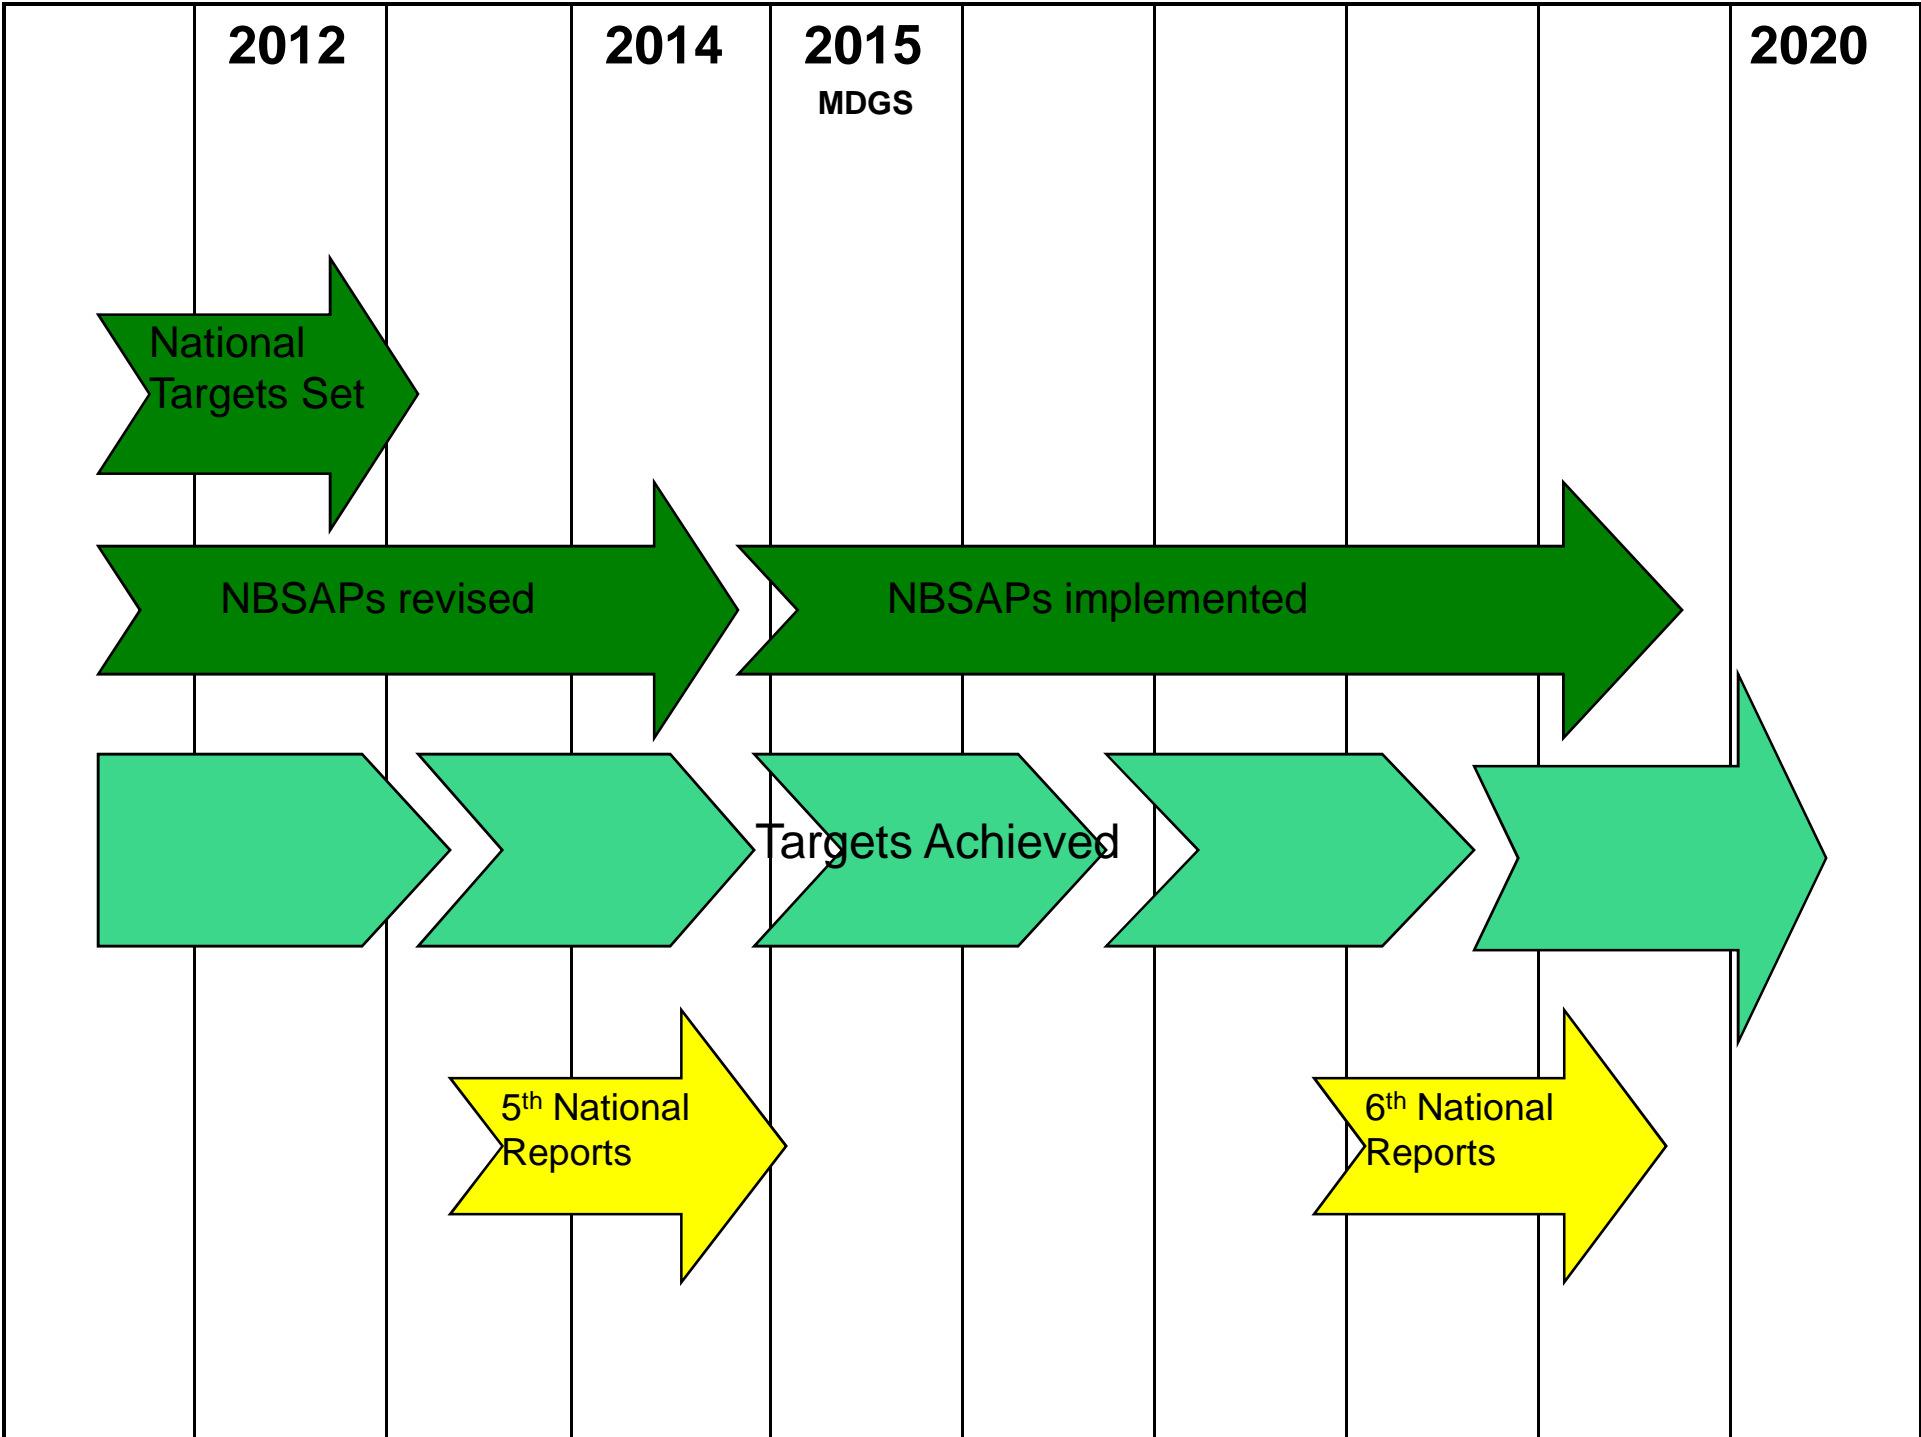

NBSAP Training Package

B series: National Biodiversity Strategies and Action Plans

- B-1. An Introduction to National Biodiversity Strategies and Action Plans
- B-2. How to prepare and update a National Biodiversity Strategy and Action Plan
- B-3. Mainstreaming biodiversity into sectoral and cross-sectoral strategies, plans and programmes
- B-4. Setting National Biodiversity Targets & Using the CBD's Framework for the Post 2010 Targets
- [B-5. Ensuring stakeholder engagement in the development, implementation and updating of NBSAPs](#)
- [B-6. Getting political support for the NBSAP and financing its implementation](#)
- [B-7. Communication Strategy for NBSAPs](#)
- B-8. Biodiversity Planning for States, Provinces, Cities and Other Local Authorities: How to Develop a Sub-National Biodiversity Strategy and Action Plan

Cluster	Component
I Preparation	1. Rapid stocktaking and review of relevant plans, policies and reports
	2. Identifying stakeholders; consultations; and awareness
	3. Supplementary studies (eg. the causes and consequences of biodiversity loss highlighting the value of biodiversity and ecosystem services and their contribution to Human well-being)
II. Setting national priorities and targets	4. Setting national targets, principles, & main priorities of the strategy through national consultation
III. Developing the strategy and action plan	5. Developing the strategy and actions to implement the agreed targets through national consultations
	6. Addressing the application and implementation of the NBSAP at sub-national levels through consultations with sub-national and local authorities
	7. Sectoral integration including mainstreaming into development, poverty reduction and climate change plans through sectoral consultations
IV. Development of Implementation plans and related	9. Developing a plan for capacity development for NBSAP implementation.
	10. Conducting a Technology needs assessment alternative: developing a plan for increasing technical capacity.
	11. Developing a communication and outreach strategy for the NBSAP.
	12. Developing a plan for resource mobilization for NBSAP implementation
V. Institutional, monitoring, reporting and exchange	13. Establishing/ strengthening of national coordination structures
	14. CHM development.
	15. Development of indicators and monitoring approach
	16. Fifth national reports
VI. Adoption by the government	17. Adoption

Main Section	Chapter or Sub-section
I Introduction (setting the scene and providing the rationale)	1. Values of biodiversity and ecosystem services in the country and their contribution to Human well-being
	2. Causes and consequences of biodiversity loss
	3. Constitutional, legal and institutional framework
	4. Lessons learned from the earlier NBSAP(s) and the process of developing the updated NBSAP.
II National Biodiversity Strategy	5. Long term vision
	6. Principles governing the strategy
	7. Main goals or priority areas
	8. National Targets (SMART)
III. National Biodiversity Action Plan	9. National actions to achieve the strategy, with milestones
	10. Application of the NBSAP to sub-national entities
	11. Sectoral Action - mainstreaming into development, poverty reduction and climate change plans
IV. Implementation plans	12. Plan for capacity development for NBSAP implementation, including a technology needs assessment
	13. Communication and outreach strategy for the NBSAP.
	14. Plan for resource mobilization for NBSAP implementation
V. Institutional, monitoring and reporting.	15. National Coordination Structures
	16. Clearing House Mechanism
	17. Monitoring and Evaluation

Reports

Next Steps

1. Initiate process;
1. Engage stakeholders;
1. Apply for GEF funds;
1. Begin setting national biodiversity targets; and
5. Revise NBSAP.
