Leave Afghanistan to the Afghans

We, the undersigned, believe British troops should withdraw from Afghanistan and end their occupation of that country. It is clear that the Afghan people see British and American troops as 'an army of occupation'. It is also clear, as more and more young soldiers are being killed, that their presence in that country does no good at all. We call on the British government to withdraw the troops from Afghanistan and to recognise that none of the reasons given for invading that sovereign country in the first place were valid. The Afghan people deserve the right to determine their own future, [To be sent to Prime Minister Gordon Brown, 10 Downing Street, London]
