The Brotherhoods Perspective on Satan!

The Brotherhood gives the definition of Satan as a Hebrew word for Adversary who is the Opposed and Accuser that is directly regarded as a Dark Force in Nature that is infused with Fire and whose direction is the South. He is to the Brotherhood the Force in all living things upon planet earth, He is OUR motivating power that pushes everything into existence as well as pulling everything out. He is both Creation and Destruction to the Brotherhood Satanist. The Serpent of the Brotherhood devouring its tail while its body grows with strength and wisdom.

Satan IS NOT A SPIRITUAL BEING THAT TEMPTS HUMAN KIND TO SIN for sin to the Brotherhood Satanist does not exist. To us, what they call sin is a NATURAL instinct latent in all human beings. Christianity has always enjoyed perverting Nature and natural practices. They also like to try to tell us to abstain from our carnal nature and it is Satan that tempts us to INDULGE. It is the Brotherhood view that christianity is opposed to Life and our living and ENJOYING IT. Satan to us is the only true power that teaches us that WE SHOULD FOLLOW OUR OWN TRUE NATURE.

It is the Nature of The Brotherhood that we see Satan as a part of Nature not anti-nature. He is more to us as Brotherhood members than just a mere scapegoat of christianity. He has both our lives and our souls. He has existed as an archetype in many ancient cultures and theologies. The Brotherhood empowers Him through our collective unconscious and sees Him as the King and Power of Darkness. Satan is the Dark Force that is infused into nature. We do not see Him as good or evil but rather as BOTH. We see Him as bringing Balance into our lives. He is called a Dark Force mostly because we can not always see this Force. But He is always there and is in all things.

The Brotherhood also believes that to find the Master Satanas we must first experience Him. We do this in many ancient Brotherhood usages such as Invocations, Rituals, and Spells. Satan is our WILL TO BECOME and to EVOLVE. He is our GOD of Carnality, our animal nature, our will as Satanists to survive. He can be strong and very aggressive because we understand that He stands for our struggle for individuality in a world that wants us to be restricted and to conform to their way of life. He is The Adversary and He is OUR adversary and He should be within the Soul of every Satanist that stands against oppression and control. Within Satanism and its Darkness there is yet LIGHT and ancient reference to He who is called The Lightbearer.

The Brotherhood's perspective on Lucifer

Lucifer is the ancient Roman God that is directly related to the direction of the East and element of Air. Lucifer is a Latin name that translates as The Lightbearer or Lux-Fero which means Light and to Bear it or to be those Brotherhood members that Hold or Carry The Light of Lucifer such as our very own Illuminati Council. Lucifer is known as The Angel of Light and directly represents Enlightenment and Ancient Wisdom. He also is another aspect of Eternal Darkness as is Satan as in that He must yet exist IN THE DARKNESS ITSELF. It is only there that the true Brotherhood Satanist will find Lucifer Inviticus as He is fondly referred to as by The Brotherhood past and present. He then becomes our Spiritual Evolution within that very Darkness which we as well as He exists in. Lucifer the Inviticus demands that we do not bow down in servitude to follow the Will of The Pale Nazarene but rather to excel to Goddesshood and Godhood upon the Planet Earth which is part of His Universal Domain.

Their god seeks to enslave by the stealing of our individuality and by trying to strip us of our Own Satanic and Luciferian Natural Heritage as Brotherhood Satanists, and taking the very Vitality from our Lives. The Master Satan as represents carnality, the flesh, and our own individual animal Nature. Lucifer Inviticus brings to us Knowledge and Illumination as well as rebellion and intelligence and PRIDE. When a Satanist of the Brotherhood stands with PRIDE in themselves, it is the Pride in ourselves that He teaches us as a grassroots tenet. Lucifer teaches us to embrace our Nature and to infuse it with the Knowledge of our own Divinity. It is always Lucifer that is WITHIN THE BLACK FLAME THAT DWELLS WITHIN all Sisters and Brothers in The Brotherhood. We call this life and spark within us the VERY ESSENCE OF LIFE as do many others that stand in the Dark Traditions. The inner Luciferian Black Flame is something that while it can not be seen (thereby existing in the very Darkness itself) it is something that we FEEL.

Lucifer is indeed the Light that emanates from the Darkness. LIGHT does NOT exist alone and it is from within The Darkness that it has come and it is to The Darkness that it returns. The most powerful of Wills within The Brotherhood comes directly from Lucifer. He teaches us to stand against Conformity, and to declare our own Queenship and Kingship. Lucifer's Black Flame is the personal Divinity of The Brotherhood that shall help us to explore and to better understand The Darkness. Satan and Lucifer to The Brotherhood are The Darkness and The Light, or better said...matter and spirit that has infused together. Satan as relates to humans being the glorified animal of Earth, while Lucifer relates to our higher and spiritual nature. Lucifer is The Brotherhood Illuminator of The Darkness bringing to all enlightenment for our world.

The Light of Lucifer IS THE VERY BEING of The Brotherhood Satanist.

Added Note: In the next and last part of this message we will come to understand the Brotherhood Statement of: We merge the two entities of Satan as AND Lucifer to that Infernal Realm of Deity and therefore we exalt this manifestation of these aspects as the great Satan as-Luciferi as is the Ancient Tradition of The Brotherhood.

The Brotherhood's perspective on Satanas-Luciferi

We have seen in the previous two pages the Perspective view of the Brotherhood in relation to these unique but quite separate entities that are raised up by us as Deities unto themselves although with two very distinct attributes of their own. The Brotherhood sees both of these entities as actual and has always associated them together realizing that there must be Darkness in order to have Light. The Light of Lucifer can be found in no other place but the Darkness of Satanas. We then can greater understand why the Brotherhood has always exalted both entities as being infused together in ONE aspect as the great Satanas-Luciferi.

The Brotherhood itself is the Darkness of Satanas while the Illuminati Councilors are The Holders of the Light of Lucifer Inviticus. Thus can the Brotherhood Satanist rationally express that we are part of the Darkness of Satanas and without which the very Light of Lucifer would not exist. This is why the very name of our Illuminati Council is SATANIC ILLUMINATI COUNCIL. We merge and unify both aspects of this fusion as the deified form of Satanas-Luciferi. By using this balance the Brotherhood Satanist wisely understands the very Laws of Nature and Life. The unbalanced Satanist will get little if anything done in both life and in Satanism. The balanced Satanist on the other hand will create and follow through with many noble deeds and takes action in both their personal life and in Satanism. The Brotherhood teaches the importance of both the Dark and the Light in the true hidden forms of Satanism and Luciferianism.

It is important that the Brotherhood Initiate of Satanas can understand this integrated balance of the two aspects of Satanas and Luciferi because this is a true step to growing into a Initiate of the Brotherhood Satanic Mysteries which are indeed to many to not have a clear and balanced perspective of them and their meaning. Can a real Satanist really be called a Luciferian as well? The answer is YES and the Brotherhood calls this quite simply either Satanic Luciferianism or as it is also fondly referred to as: Luciferian Satanism.

We hope this has helped to clarify the Brotherhood Perspective about Satan and Lucifer both as separate entities and our view of the union of both of their aspects in relation to true Brotherhood Satanism.

Ave Satanas!

Ave Luciferi!
