Recorded over the George Washington Bridge at Bennett Studios, Englewood, NJ

~~~~~

Here's another exceptional drummer/composer making a fine recording.

There is a lot to love on this CD, if for no other reason than to hear a band truly 'listening' to each other. That is an art that should never be taken for granted. Anton Denner's flute is magical, adding pure beauty to the Duke Ellington masterpiece, "Sunset and the Mockingbird".

Standout Tracks: Sunset and the Mockingbird, A Moment of Silence, Let, I Just Wanted to See What You Look Like.
