

SOFIA Airborne Astronomy Ambassador Cycle 1

I, _____, _____,
PRINT NAME PRINT TITLE

agree that I have

- read the application information;

and that if my team is selected, I will

- develop materials or modify existing materials and implement a SOFIA-based classroom curriculum component / informal education curriculum component,
- planning and implementation of a SOFIA-based outreach component,
- participate in the online course Astronomy For Teachers (administered by Montana State University and the National Teacher Enhancement Network (NTEN)). Course will be held from February 6 – May 11, 2012. This requires approximately 8 – 12 hours per week,
- travel to Palmdale, CA for one week (expenses paid by the AAA program),
- complete the outreach activities in the proposal plan within two years,
- and participate in the ongoing formative evaluation process of the SOFIA AAA program.

The information submitted via the web application is accurate to the best of my knowledge.
