

## Senior Fellows Programme 2014-2016 at the Herzog August Bibliothek Wolfenbüttel

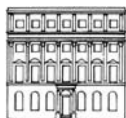

The Herzog August Bibliothek is an independent research centre offering a wide range of scholarly and cultural programmes ([www.hab.de](http://www.hab.de)). The library has rich resources of books manuscripts and is able to award fellowships to promote research in the areas of medieval and early modern cultural history. The State of Lower Saxony has successfully initiated an international and interdisciplinary Senior Fellows Programme which will be prolonged for another three years. The aim is to bring experienced senior researchers and younger scholars together in the informal atmosphere of the Wolfenbüttel community of guest researchers. Senior Fellows scholarships are awarded for one to three months. The monthly fellowship is 2.700 Euros and a small travel subsidy is given towards the cost of travelling to and from Wolfenbüttel. The fellowship has a residence requirement and the library has its own rental accommodation for guest researchers.

The library would welcome applications from scholars whose projects are closely linked to the research profiles of the library's holdings and its own projects. These include European cultures of knowledge in the medieval and early modern period, the history of institutions, politics and media, and cultural transfer within Europe and in global networks. Other fields of interest are the material culture of the book and the use of imagery in texts.

*The programme is addressed to experienced senior scholars both from Germany and abroad whose publications have made a significant contribution to current research and methodology.*

Applications for the years 2014-2016 should be sent by June 15th 2013 by letter, including a short project description, to the Director: Professor Helwig Schmidt-Glintzer, Herzog August Bibliothek, Postfach 1364, 38299 Wolfenbüttel, or to: [forschung@hab.de](mailto:forschung@hab.de)
