

Friends and supporters of the Emma Goldman Papers—

We're very excited to announce the release of the first two volumes of *Emma Goldman: A Documentary History of the American Years—Made for America and Making Speech Free*—in an updated and convenient paperback edition from the University of Illinois Press and the Stanford University Press! The volumes have been widely reviewed and are recommended highly for both the scholarly and general reader alike. Dennis Dalton of the *Forward* newspaper has said, “[**Made for America**] **definitely shows better than any work previously published, including Goldman’s own autobiography, her splendid achievement during this early decade as an emerging anarchist.**” Additional praise for the volumes includes:

“This collection is an excellent overview of Goldman’s early years and is recommended for larger public and all academic libraries.” –Library Journal

“This book’s real achievement is that alongside the rich and detailed picture of Goldman’s life and ideas we are given a much clearer view of her comrades and the movement they built.” –John Patten, *Anarchist Studies*

“A vast sourcebook of fascinating newspaper articles, letters, trial transcripts, and speeches...especially instructive in today’s climate of constricted civil liberties.” –Chris Dodge, *Utne Reader*

“A magnificently scholarly volume rich in historical information, it is a book that historians and those writing about American social movements will mine for many years to come.” –Sharon Presley, *Social Anarchism*

“This volume, along with its predecessor and the larger microfilm collection of Goldman documents, is a real achievement and a major contribution to the study of the American left. It will, one hopes, inspire scholars, teachers, and undergraduate and graduate students to explore the history of that struggle between free speech and free assembly, on one hand, and the combined forces of power, prudery, and patriotism, on the other.” –Francis G. Couvares, *Labor History*

The paperback edition is available from the University of Illinois Press, and orders can be made on www.press.uillinois.edu by sending an e-mail to orders@press.uchicago.edu.
