Join OCAP and allies on Thursday, October 17, the International Day for the 'Eradication of Poverty', as part of a Province-wide Week of Action, for a noon-time rally at the Ministry of Finance. We will fight the plans to merge Ontario Works and ODSP and demand real action on poverty from the Wynne Government!

The austerity measures coming from this Government are about taking resources from working class and poor people and handing them over to the rich. We're going to the Finance Ministry because that's where the plans get made and that's where our money is. In place of the endless talk of this Government about 'poverty reduction', we will be taking action! *Contact us with any accessibility needs or concerns.

The Raise the Rates Campaign is fighting back against the Ontario Government's plans to get rid of ODSP and attack disabled people. We are demanding social assistance rates be raised and that the minimum wage become a living wage.

On Saturday, October 19, the Sudbury Coalition Against Poverty (S-CAP) is organizing a rally and march in their city that people from other parts of the Province will be part of as the last event of a week of action against poverty and austerity. OCAP has a bus going up for the action. It will not cost anything and food will be provided. We will get you back on the same day.

If you would like to book a seat on the OCAP bus or need more information, call or email us today! ***Contact us with any accessibility needs or concerns**
