

APPOINTMENT OF ANTONY CATALANO AS CHIEF EXECUTIVE OFFICER OF DOMAIN

SYDNEY, 19 November 2013: Fairfax Media Limited [ASX:FXJ] has today announced the appointment of Antony Catalano as the Chief Executive Officer of Fairfax Media's stand-alone Domain real-estate business.

Mr Catalano has most recently been the Chief Executive and Publisher of Metro Media Publishing (MMP), a business Fairfax Media has had a 50% interest in since July 2012. MMP has been responsible for sales of Domain products in Melbourne since that time.

Fairfax Media Chief Executive Officer Mr Greg Hywood said: "We are delighted Antony will lead our Domain business and retain oversight of MMP. Having put MMP on the road to sustained success Antony is now in a position to lead Domain and take it to its full potential.

"Antony is innovative, entrepreneurial, highly competitive and his knowledge of the Australian real estate market is second to none. His appointment is clearly a significant industry development."

Antony Catalano said: "I am genuinely excited to be taking on this role. I know the Domain business very well. Sydney is a Domain stronghold and Domain continues to rapidly grow market share in Melbourne. There remains significant potential in those markets.

"Domain continues to go from strength to strength. The number of real estate agent offices on Domain grew 21 per cent during the financial year and investment in mobile apps has paid off with very strong performance. We have exposure to more than \$300 million of real estate-related revenue, and we have the brand, the expertise and the commitment to continue to build the business.

"Domain has particular strength in its digital and mobile applications, where our products are the best in the industry. Domain has the unique ability to bundle quality print and digital assets that represent the best offer in the industry," Mr Catalano said.
