**P**enny and Bill did not know what to do on their holidays. On the first day of the holidays, they sat down and thought about what they would do. Then they looked up at the sun and saw a door in it. They wanted to explore! They asked their mother if they could have some food and drink to take with them.

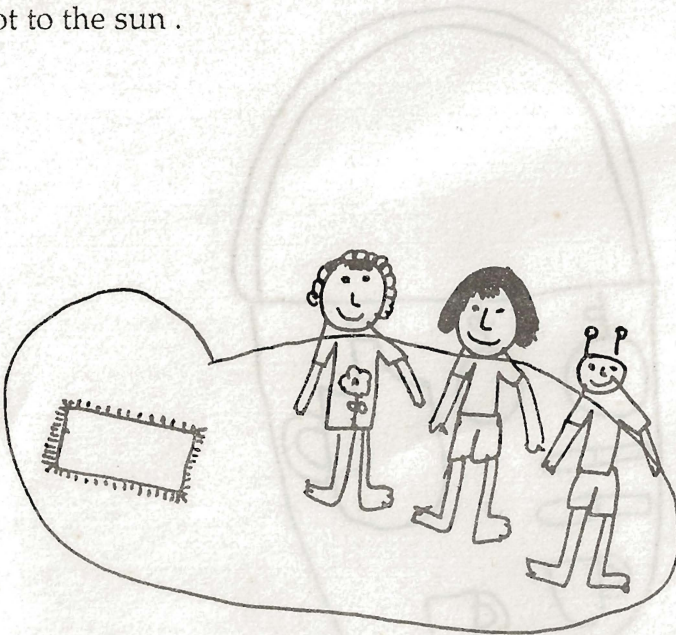

**T**hey got two apples, a jug of fruit juice, biscuits, some cups and knives. They put the food in a basket. It just so happened that Penny had a magic carpet under her bed. They got it out and set out for the journey. They flew across the Southern Cross. Suddenly the magic carpet stopped. It went down very fast. They landed on the Milky Way.

**T**hey got off the magic carpet and walked around on the milky way. Then they saw a Jupiter person. "Do you know where the sun is?" they asked. "Yes it is over there. See that yellow dot, that is the sun", she said. "Thank you," they said, and they got on the magic carpet and they set off again. It was'nt long before they got to the sun .

**T**hey landed on the hottest part of the sun. It burnt a hole in the magic carpet. Then they quickly ran on to the part of the sun that was not so hot. It was sort of warm. "Who is going to knock" asked Penny. "I don't know" said Bill. "Let's both knock" said Penny. "OK," said Bill, "That's a good idea."

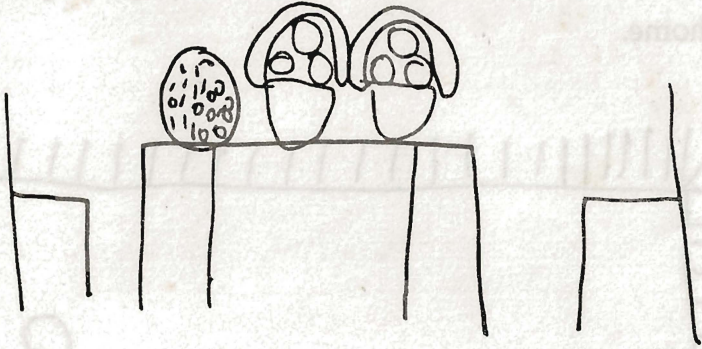

**T**hey both took a deep breath. KNOCK! KNOCK! KNOCK! KNOCK! they both went. A fairy opened the door. Her name was Kamara. She introduced Penny and Bill to her friends.

**T**here were Katrina and Marellen. "We help people when they are lost," said Kamara. "We are lost," said Penny and Bill. "We will help you to find your way home. You go past the Milky Way, past the Southern cross and keep going straight ahead, then the magic carpet will stop in the right place and go very fast down."

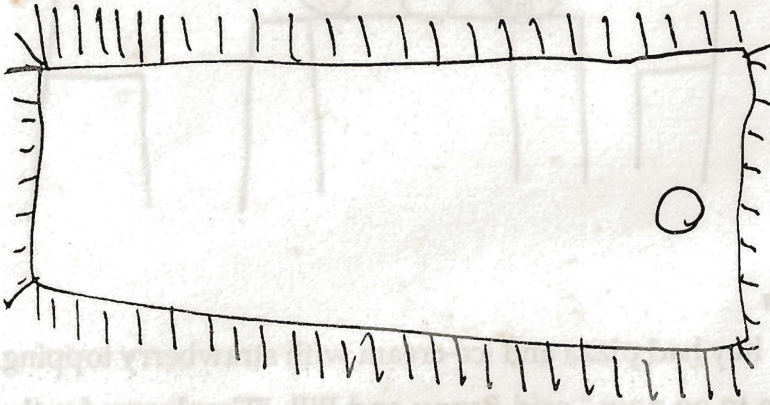

said Marellen. "Thank you. Well we must be on our way," said Penny and Bill. "No, No, No." they all said. Stay for dinner please," said Katrina. "OK," they said .

**T**hey had pizza and ice-cream with strawberry topping. "We have to go now," said Penny and Bill. "Thank you for the tea," said Penny and Bill.

**T**hey got onto the magic carpet and the magic carpet lifted off the ground. "Oh the hole in the magic carpet is not fixed," said Penny. "HELP," yelled Bill. "I'm falling through the hole in the magic carpet." Penny grabbed Bill by the hand and pulled him up. They headed back to the sun to ask Kamara, Katrina and Marellen if they had anything to fix the hole in the magic carpet. When they got back to the sun, they asked Kamara if she had anything to fix the hole. She said "No". Then they asked Katrina

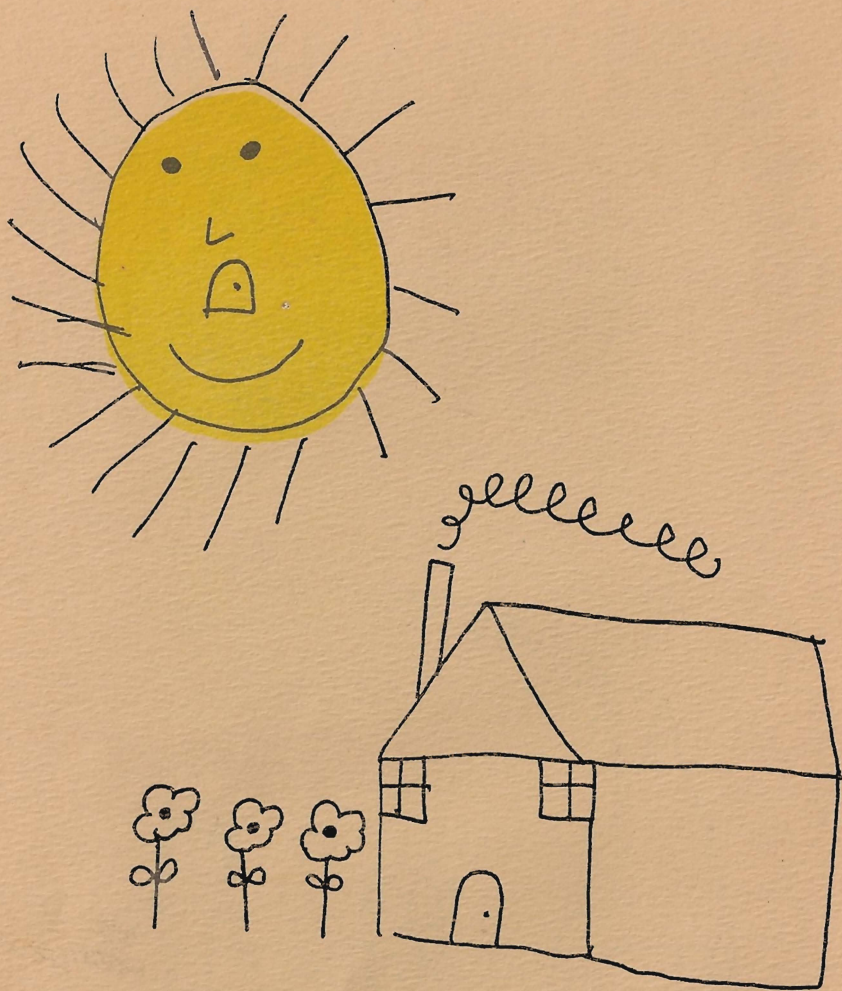

if she had anything to fix the magic carpet. She said "No". Then they asked Marellen if she had anything to fix the hole in the magic carpet. She said she had a bit of material to fix the magic carpet. They sewed the bit of material to the magic carpet and set off for home.

**W**hen they were on their way home the material came off, and this time Penny fell through the hole in the magic carpet. "Help," said Penny. Bill grabbed her by the hand, but she slipped down on to the milky way. How could she get home. Bill came to the milky way to get Penny. But she was gone. She was on the Southern Cross, so Bill went and got her. They got on the magic carpet and they didn't sit on the hole, so they got home safely.

When Penny and Bill decide to visit the Sun they have no idea of the adventures they will have along the way.
