

TALK ABOUT CROSS PLATFORM: GARRY LINNELL JOINS 2UE AS BREAKFAST CO-HOST

SYDNEY, 17 December 2013: The Chief Executive Officer of Fairfax Media, Greg Hywood, and Managing Director of Fairfax Radio Network, Adam Lang, today revealed the ultimate cross-company and cross-platform appointment with the announcement of Australian Publishing Media's Director of News Media, Garry Linnell, as a member of Radio 2UE 954's new breakfast line-up.

Garry Linnell and John Stanley will kick off their show on 20 January 2014.

Greg Hywood said: "The first time I heard Garry on 2UE I knew it was only a matter of time before he became a more permanent part of 2UE's line-up. Garry is a natural and has taken to the world of radio like the proverbial duck takes to the big pond that is our new multi-media world.

"We tell our journalists that we want them to be more and more comfortable across all forms of media. Well Garry is certainly taking a leadership position on it.

"Garry will retain his role as Director of News Media as well as working the breakfast slot as we decide who will fill his role in the months to come."
