A fresh new look to celebrate a century

As Mutton's prepares to reach its first century a major renovation and restoration of the building has been taking place in recent months, with building by Stephen Orford of Olyred Building, and new flooring throughout the store by Araluen Flooring Company. Lyle Crisp has replaced all the verandah and fret-

work on the façade, and All Colour Painting matched the original colours to complete spruce up.

There are also plans underway to have the upstairs rooms, which were once the home of Teddy & Poly Mutton, completely renovated and restored back to a residence.

Congratulations to **Len Mutton & Co** on 100 years of business.
