Table 108

Table 108

Q19 Agreement with statements about new immigrants**Base : All respondents**

		They have put my job at risk	They have made it harder to get a fair wage for the work I do	They have made it easier to find trades people or routine workers who do a reliable job at a reasonable price	They have put added pressure on public services like schools, hospitals and public housing at a time when they are overstretched as it is	They have added richness and variety to the culture of Britain and made the country more prosperous	Many organisations, including in the public sector, couldn't cope without them
