BMW Premium Selection

The BMW Premium Selection Programme is contained in this handbook. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

This BMW Premium Selection Programme applies in addition to any statutory rights or remedies that you may have, including under the Australian Consumer Law. This warranty does not exclude, restrict, limit or modify those rights or remedies, except to the extent that their application may be lawfully excluded, restricted, limited or modified.

Repairs conducted on a vehicle may result in the loss of user generated data electronically stored within the vehicle such as data, songs or files stored on the vehicle's hard drive. You are advised to retain a copy of such material in an alternative media before delivering the vehicle for any repair.

Goods presented for repair may be replaced by refurbished goods of the same type rather than being repaired. Refurbished parts may be used to repair the goods.

BMW Premium Selection is a programme provided by BMW Australia Ltd ABN 11 004 675 129 ("BMW") for qualifying used BMW vehicles purchased from the authorised BMW dealer network ("Vehicle"). These Terms and Conditions apply to Vehicles purchased on or after 1 January 2012. The benefits of BMW Premium Selection include (i) BMW Premium Selection Warranty; (ii) complimentary BMW Premium Selection Scheduled Servicing; and (iii) complimentary BMW Roadside Assistance & Accident Management. Limitations apply. Full terms and conditions are outlined below. Please consult your authorised BMW dealer for further details.

The BMW Premium Selection Warranty and BMW Premium Selection Scheduled Servicing are limited to the Vehicle and the owner identified in the BMW Premium Selection Certificate ("Owner" or "you") and are **not transferable** upon the sale of the Vehicle or to any other vehicle. Therefore, on the sale of the Vehicle, only the benefits of the BMW Roadside Assistance & Accident Management will transfer to the new owner. No refunds are payable in the case of the cancellation of any benefit provided under BMW Premium Selection.

You may, at your cost, and subject to conditions determined by BMW from time to time but otherwise on the same terms and conditions as set out herein, extend the period of cover in respect of all benefits collectively (and not individually) from the expiry of the initial period of cover provided by BMW as part of BMW Premium Selection as follows provided that

you have purchased the relevant extension on the date of purchase of the Vehicle from the authorised BMW dealer. It will not be possible for you to apply for an extension of the period of cover after the date of purchase of the Vehicle from the authorised BMW dealer.

- (a) For all BMW models (except BMW 6 Series, M6 and 7 Series): an additional 12 or 24 months, provided that the period of cover cannot be extended beyond 6 years from the date of first registration of the Vehicle.
- (b) For BMW 6 Series, M6 and 7 Series models: an additional 12 months, provided that the period of cover cannot be extended beyond 7 years from the date of first registration of the Vehicle.

Under BMW Premium Selection Scheduled Servicing BMW provides the following benefits:

- (a) For all BMW models (except BMW 6 Series, M6 and 7 Series) there are no scheduled servicing costs for the first 12 months or 25,000 kilometres, whichever comes first. If the Vehicle has only required one scheduled service during this period, BMW will honour your next scheduled service for the Vehicle after the expiry of this period.

The obligations of BMW under BMW Premium Selection Scheduled Servicing commence on the date of purchase of the Vehicle from the authorised BMW dealer and shall continue until the occurrence of the earliest of the closing date or the closing kilometres for the model.

If you elect to extend the period of cover of BMW Premium Selection in accordance with these Terms and Conditions the BMW Premium Selection Scheduled Servicing component will apply as follows:

- (a) For a 12 month extension, there are no scheduled servicing costs for 12 months or 25,000 kilometres, whichever comes first, commencing on the expiry of the initial period of cover for the BMW Premium Selection Scheduled Servicing component. The cost of parts and labour for all recommended oil services and inspections, as listed on the relevant inspection sheets and included in the BMW Owner's Service Booklet, are covered. The cost of normal wear and tear items such as brake pads, brake discs, wiper blades and any other parts will be charged additionally to the Owner's account.

Vehicle Checks:

Vehicles manufactured from September 2008 will have a Vehicle Check incorporated in the vehicle's Condition Based Servicing system. The vehicle check requires the Vehicle to be returned to an authorised BMW dealer once per annum for a routine inspection. For BMW Premium Selection vehicles, the cost of the vehicle check is covered under the BMW Premium Selection programme during the policy period.

2.2 Scheduled Servicing Conditions

Scheduled Servicing

1. BMW vehicles use one of two systems to determine when a service falls due - Condition Based Servicing and Service Interval Indicator – both of which measure time, kilometres travelled and vehicle usage to determine the frequency of the scheduled servicing. At intervals indicated by the relevant system installed in the Vehicle or otherwise as BMW deems necessary, you shall be entitled to arrange for an authorised BMW dealer to carry out the following scheduled service work in relation to the Vehicle:
 - (a) service work stipulated by BMW in the BMW Owner's Service Booklet and applicable to the Vehicle including the supply or replacement of necessary parts and lubricants; and
 - (b) preventative treatment as BMW considers necessary.
2. BMW's obligations under BMW Premium Selection Scheduled Servicing are conditional upon the maintenance by you of an accurate record of the distance travelled by the Vehicle and production of such record to BMW when required.

3. BMW's obligations under BMW Premium Selection Scheduled Servicing shall not include:

- (a) repairs resulting from normal wear and tear to the Vehicle, such as brake pads and brake discs which will be charged to the Owner;
- (b) replacement of tyres;
- (c) repairs necessary due to damaged glass, panels or paint work, including rust or corrosion;
- (d) special preparation for or restoration after long-term storage;
- (e) repairs by persons other than an authorised BMW dealer;
- (f) effecting or repairing alterations or modifications to the Vehicle;
- (g) work necessary due to water entry, negligence, accidental or intentional damage or abuse, or due to exceeding any of the manufacturer's specified maximum speeds, revolutions or load capacities;
- (h) Vehicle recovery, towing or other related travel costs (this may be covered by the applicable Roadside Assistance Programme); and
- (i) work involved in daily or other regular checks to the Vehicle, (other than the vehicle check referred to in section 2.1).

As set out above, the conditions of the BMW Premium Selection Scheduled Servicing are subject to any statutory rights and remedies that are available to you, including under the Australian Consumer Law. Those statutory rights and remedies may be pursued in addition to those conferred under this warranty.

4. In exceptional cases where it is impractical for an authorised BMW dealer to carry out the required work, special provisions may be made by prior arrangement with BMW. Where BMW authorises emergency repairs by an unauthorised BMW dealer, BMW will reimburse the Owner for the cost of approved repairs on receipt of the relevant invoice.

2.3 Your obligations

You must take all reasonable steps to make the Vehicle available to the nominated authorised BMW dealer during normal working hours at or before the relevant service interval specified by the Condition Based Servicing or Service Interval Indicator of the Vehicle, as appropriate, so that the relevant scheduled servicing can be performed.
