# Fight for the homes we need

A 'summit' event with Housing Justice, Generation Rent and other private renters. Welsh Tenants, Disabled People Against Cuts, Unite and other trade unions, estates fighting demolition and privatisation, Anti Bedroom Tax and benefits campaigns, the Radical Housing Network and others.

How much are you paying for a home?

Is your pay frozen, your rent soaring, with no prospect of a secure home in a place you want to live?

To stop evictions and homelessness, we need to control rents and stop benefit cuts. We need a new generation of council housing not more sell-offs and demolition.

We need determined organisation to beat the Conservative Government's war on tenants, benefits and council housing. How do we build resistance after the after the brilliant campaigns at Focus E15, New Era, Fred Wigg, Aylesbury and Cressingham and Sweets Way, and the March for Homes?

Get your tenant group, trade union or community organisation to come along.
