Town Hall, Bangalore

Over 100 Gazans have been killed in one week, including 20 children. 400 have been injured. One strike hit a group of football fans who had gathered to watch a world cup match; nine were killed.

The Palestinians have no choice but to continue to struggle for national liberation and decent living standards.

End the blockade of Gaza. For the immediate withdrawal of the Israeli army from the Palestinian territories. The national conflict will not be solved by military means.

- ★ For a mass struggle of the Palestinians, under their own democratic control, to fight for genuine national liberation.
- ★ For independent workers' organisations in Palestine and Israel.
- ★ For an independent, democratic socialist Palestinian state, alongside a democratic socialist Israel, with two capitals in Jerusalem and guaranteed democratic rights for all minorities, as part of the struggle for a socialist Middle East and regional peace.
