FIGHT THE LIBERAL'S WAR ON THE POOR

The Liberals try to present themselves as a kinder alternative to the Tories but they are imposing a range of cuts on poor people and communities. There has been a stealthy and misleading campaign of invisible austerity by the Liberals.

The week of May 18th, MPPs will be in their local offices. Get involved. Join or organize a delegation, protest or occupation to demand:

- **Raise social assistance 55% (back to 1995 levels)**
- **Suspend ODSP medical reviews**
- **Stop the elimination of the ODSP \$100 a month Work Related Benefit**
- **Scrap the SAMS computer system**
- **Restore the Special Diet and Community Start Up**
- **Increase the minimum wage to \$15 an hour**
- **Full access to social assistance for all - regardless of immigration status**
