VU CAMPUSES

We have campuses across Melbourne's central and western suburbs (and one in Sydney, too!), with purpose-built learning environments and state-of-the-art laboratories. We provide a range of services and facilities to help you get the most out of university life.

CITY FLINDERS

Be among all that the city has to offer. Our City Flinders Campus is right in the heart of Melbourne's business district and opposite Flinders Street Station. Study business, creative arts and multimedia right where the action is.

CITY KING

City King is our health and beauty hub, located close to Southern Cross Station. There's even a hair and beauty salon that's open to the public. And as with all our city campuses, great coffee is never far away.

CITY QUEEN

City Queen is a heritage building where our legal eagles go to study. It's right in the middle of Melbourne's legal precinct with two moot courts, computer labs, lecture theatres and seminar rooms.

FOOTSCRAY NICHOLSON

Footscray Nicholson Campus is in the heart of culturally diverse Footscray and just a few minutes walk from Footscray and Seddon train stations.

FOOTSCRAY PARK

Footscray Park is our largest campus and the region's hub for education. Only 10 minutes by train from the city, plus a short walk, students can enjoy the modern facilities on offer.

The world-class Sport and Learning Precinct features state-of-the-art labs for researchers and elite athletes, and our impressive learning commons present a one-stop-shop for students. When you need a break, the view is wonderful – check out the city skyline, the Maribyrnong River and park, and Flemington Racecourse.

METROWEST

VU at MetroWest is a new Victoria University facility in the heart of Footscray - part of VU's commitment to Footscray as a University Town. It's a buzzing hub available to the community as well as VU students and staff.

ST ALBANS

St Albans Campus is rapidly becoming a health and education hub. Modern and village-like, it is set in a landscape of native grasses and gum trees. With a strong community feel, it's a relaxed and friendly place to study. There's plenty of parking if you want to drive, or it's a 10-15 minute walk from the train station.

SUNSHINE

The new ultra-modern, 6 Green Star rated trades building opened in 2013 and the Sunshine Campus now delivers all of VU's building, construction, manufacturing and engineering trades, completing the 'trades hub'. It's easy to get there by train or bus, and there's plenty of parking.

WERRIBEE

Werribee Campus is part of a modern technology precinct. A hub for new and innovative research into water and food, as well as trades training, the campus is small enough to be personal but large enough to offer great facilities like childcare and a gym. You'll feel like you're in the country, but there are cafés and entertainment centres a short drive away. The campus has plenty of parking and is close to the train station.

VU SYDNEY

Located in the heart of Sydney's Central Business District, our Sydney Campus delivers courses to international students.

"At 31, I was the youngest woman to be elected Mayor in the history of Maribyrnong City Council and my passion for lobbying and policy making has grown immensely.

During my studies I learned about how communications can create change through my work placement at the Ecumenical Migration Centre. Working in the Marketing department of Hume Council ignited my desire to run for Council where I could combine my PR background with my love for advocacy.

I received VU Alumni's Young Achiever Award in 2011 for my community service and practices as mayor. Alumni Relations has been proactive in maintaining the relationship, which is driving my passion to seeing the Footscray University Town project succeed.

VU has a commitment to their students and the community, and the education I received was second to none."

Sarah Carter,
Bachelor of Communication (PR), 2006

Inspired by the education he received at Victoria University and the support of local and international Rotary, Samuel Manhom is raising funds to build a community primary school in his former hometown of Rumbek.

Samuel currently works as an Accounts Officer for the National Sterling Group, however his journey has been one of hardship. As one of the 'lost boys' of South Sudan, Samuel was among thousands of young children forced to flee during civil war. He spent 12 years in refugee camps in Kenya from age nine to 21, before he received an offer to resettle in Australia in 2004.

In Australia, he worked by day and studied at night. While Samuel completed a double degree in accounting, banking and finance and a Master of Business at VU, he never forgot his community in Rumbek, nor the countless South Sudanese children missing out on their own chance for education after 21 years of war.

Samuel is determined to make his dream a reality.

Mr Samuel Manhom,
Master of Business (Finance) 2012, Bachelor of Accounting, Banking and Finance 2010, Young Achiever Alumni Award 2014
