RE: Adopted 2013 Budget and Preliminary 2014 Budget

Overview

I present to you the Adopted 2013 and Preliminary 2014 budgets. These budgets reflect how we, as a City, provide the best services possible in a challenging fiscal environment. We will continue over the next year to clarify the priorities and services that City government is uniquely positioned to provide. The decisions and directions outlined in the Adopted 2013 and Preliminary 2014 budgets were not made in a vacuum. These budget decisions were informed by the Council-adopted Legacies and Strategic Commitments, Adopted Financial Guidelines, and recommendations of the Capital Facilities Task Force (shown in the: [Legacies and Guidelines Section](#)) and the guiding principles the Department Heads and I crafted within the first months of my administration. The guiding principles are to:

1. Provide essential community services
2. Pay as we go
3. Practice due diligence
4. Meet targeted financial reserves
5. Follow the rules or change them
6. Align resources to achieve City goals
7. Fix it first
8. Show pride in our work
9. Value our employees
10. Make choices based on info and data
11. Require transparency & accountability

Mayor's Budget Message

I was given clear direction from Council in crafting the budget. First, Council adopted a biennial budget goal. I strongly encouraged this direction and have provided a preliminary 2014 Budget as well.

Further, Council provided direction to balance our City General Fund budget, having no more than a \$400,000 deficit in 2013 and a zero deficit in 2014. My proposed budget reached these targets. I am proud of City staff and the Department Head team for the hard work they have invested to reach the Council's adopted goals.

However, Council chose to modify those goals when they adopted a final budget. We will continue to work together to direct our resources toward priorities. I believe we can still reach a balanced budget by 2014 and will recommend a budget later this year that accomplishes that goal. We simply must eliminate our deficit spending to ensure our core services are sustainable into the future.

Department Heads were asked to prioritize their work plans by what was required by (1) federal or state law, (2) Bellingham Municipal Code, and (3) current practice. Federal or state law cannot be changed by the City. Municipal Code can be changed and in order to adopt the proposed budget I am presenting to you today, some City ordinances will be presented to Council for modification. Current practice activities have greater flexibility in how we deliver City services. In most cases, these activities aren't required by law. This prioritization allowed staff to better direct limited resources, both financial and staff, to the most essential areas. The proposed preliminary budget reflects this prioritization.

I would like to thank staff, the Finance Director, the Department Heads, and the Budget Manager for their efforts in making the preliminary budgets possible. Their dedication and commitment is greatly appreciated. Finally, I'd like to thank the City Council for providing clear guidelines for developing the budgets. I look forward to implementing the Adopted 2013 Budget and work towards balancing the General Fund in 2014.

2013 Highlights

I am proposing several initiatives in the 2013 budget that will allow us to accomplish significant service goals. I made a commitment to prioritizing the most immediate needs of the City, and we will be:

- Maintaining sufficient workforce levels
- Updating the existing Comprehensive Plan
- Submitting a waterfront development plan
- Funding environmental clean-up liabilities
- Updating our aging critical information technology needs
- Funding a capital facility maintenance plan
- Implementing a unified Lake Whatcom Management plan

2014 Highlights

The Council direction to adopt a biennial budget is a considerable opportunity for our City. It will allow staff the flexibility of having a full year to adopt measures that have potentially far-reaching impacts on the budget and City services. For example, having all City employees on the same health insurance plan will save the City a significant amount of money, while still ensuring access to high quality, affordable health care. Additionally, I have directed staff to research and put forward proposals that will adjust the amount of City subsidy currently going to programs or facilities such as the cemetery, pool, daycare program, parking, and other areas. These efforts could save City resources while still maintaining services. Finally, on-going work on the comprehensive plan update, a Council-identified priority, will help spur economic growth by providing regulatory certainty to the business community and advancing the vision for our City.

I will continue to work with staff, Council, and the public over the course of 2013 to structure a balanced 2014 budget, a policy decision adopted by Council that I strongly supported.

Conclusion

I have remained true to the Council's Legacies and Strategic Commitments, Adopted Financial Guidelines, and recommendations of the Capital Facilities Task Force, and to the guiding principles adopted by my administration. These were reflected in my proposed 2013 and 2014 budgets. I look forward to continuing this work with staff, Council, and the community in the coming weeks.

Sincerely,

Mayor Kelli Linville

CITY OF BELLINGHAM LEGACIES AND STRATEGIC COMMITMENTS

The *City of Bellingham Legacies and Strategic Commitments* are adopted by the Bellingham City Council as a vision statement, identifying long-term goals and strategies to reach those goals. The “Legacies” are twenty to fifty-year goals, that are supported by six to twenty-year “Strategic Commitments.” These high-level policy statements are based on extensive public feedback and are intended to be visionary, reflecting the priority and emphasis of City government programs and services.

Council adopted the *City of Bellingham Legacies and Strategic Commitments* to be used in strategic planning and prioritizing City government programs and activities, as a foundation for budget planning and deliberations, and as the basis for measuring City performance in achieving community priorities.

Prior to adopting the **Legacies and Strategic Commitments**, the Council held work sessions and solicited feedback from City residents. Council members and staff also used previously adopted strategies and plans, such as prior year Council Goals and Objectives, the Bellingham Comprehensive Plan and other key community planning efforts, results from opinion surveying, and feedback provided on major projects and initiatives from the past several years, to shape the **Legacies and Strategic Commitments**.

The City Council originally adopted the **Legacies and Strategic Commitments** in 2009. A preliminary set of community indicators and performance measures were adopted in 2010 and finalized in 2011. Data for these indicators is available to the public at the [project web page](#).

The *City of Bellingham Legacies and Strategic Commitments* appear on the following pages.

City of Bellingham *Legacies* and Strategic Commitments

"We are working today so future generations will benefit from..."

Clean, Safe Drinking Water

- Protect and improve drinking water sources
- Limit development in Lake Whatcom watershed
- Use efficient, ecological treatment techniques
- Maintain reliable distribution system
- Promote water conservation

Healthy Environment

- Protect and improve the health of lakes, streams, and bay
- Protect and restore ecological functions and habitat
- Reduce contributions to climate change
- Conserve natural and consumable resources

Vibrant Sustainable Economy

- Support thriving local economy across all sectors
- Promote inter-dependence of environmental, economic, and social interests
- Create conditions that encourage public and private investment
- Foster vibrant downtown and other commercial centers
- Preserve farmland and the agricultural economy

Sense of Place

- Support sense of place in neighborhoods
- Encourage development within existing infrastructure
- Preserve historic and cultural resources
- Support people-to-people connections

Safe and Prepared Community

- Prevent and respond to emergencies
- Prevent and respond to crime
- Ensure safe infrastructure
- Increase community readiness and resilience

Mobility & Connectivity Options

- Provide safe, well-connected mobility options for all users
- Maintain & improve streets, trails & other infrastructure
- Limit sprawl
- Increase infrastructure for bicycles, pedestrians, and non-single-occupancy vehicle modes of transportation
- Reduce dependence on single-occupancy vehicles

City of Bellingham Legacies and Strategic Commitments (continued)

"We are working today so future generations will benefit from..."

Access to Quality of Life Amenities

- Maintain & enhance publicly owned assets
- Foster arts, culture, and lifelong learning
- Provide recreation & enrichment opportunities for all ages & abilities
- Ensure convenient access to & availability of parks & trails Citywide

Quality, Responsive City Services

- Deliver efficient, effective, and accountable municipal services
- Use transparent processes & involve stakeholders in decisions
- Provide access to accurate information
- Recruit, retain, & support quality employees

Equity & Social Justice

- Provide access to problem-solving resources
- Support safe, affordable housing
- Increase living wage employment
- Support services for lower-income residents
- Cultivate respect & appreciation for diversity

General Financial Management Guidelines Summary

I. Purpose and Background:

The stewardship of public funds is one of the primary responsibilities given to elected officials of the City of Bellingham. Critical to managing these responsibilities are the establishment of financial policies that enable City officials to manage the City's financial resources in a prudent manner that meets its current obligations while planning for future financial needs. This document summarizes existing financial policies in place and establishes guidelines for fiscal management decisions. It is recognized that this document cannot encompass or anticipate all financial decisions and it is intended that these policies be applied broadly and yet be flexible to meet specific circumstances as they arise.

II. Financial Philosophy

It shall be the goal of the City to achieve a strong financial condition that provides the necessary financial resources to:

- Sustain essential services.
- Withstand local and regional economic impacts.
- Ensure the timely payment of all fiscal obligations.
- Provide resources adequate to pay for unanticipated emergencies.
- Meet all debt covenants.
- Maintain financial benchmarks.

III. Financial Management Priorities

The overarching principle for financial management at the City of Bellingham is to provide a sufficient financial base and the resources necessary to sustain the following service priorities:

- Tier One To ensure public safety.
 To provide financial means to meet all legal and mandated obligations.
- Tier Two To provide the resources to cover the cost for general city governance.
 To maintain the existing primary infrastructure of the city.
 To provide for the operating costs of city owned or operated amenities and programs.
 To provide for the replacement of city owned real assets and equipment.
- Tier Three: To provide for investment in new assets and/or amenities, and programs to advance policy goals.

IV. Breadth of application

The City intends that this document apply to the financial management of **all funds**, all assets, and all programs of the City. The City will incorporate these principles into its budgeting processes, its planning documents, and the management of its asset base.

Following are the Budget and Financial Guidelines as currently revised:

City Management Guidelines

The City of Bellingham strives to provide a healthy balance of services to promote an outstanding quality of life in the City. While recognizing the importance of all programs to promote this goal, it is understood that the City's ability to provide services can vary according to shifts in the local and state economy. During periods of flat or declining revenues the City's financial emphasis will be to meet obligations which are listed as higher priorities in Section III above. During periods of increasing revenues the City will generally work to establish financial strength for future periods before focusing on the enhancement of program areas.

All City decisions should reflect both immediate and long-term costs, including on-going operational costs. The City will seek, promote, and support intergovernmental and public/private partnerships looking to leverage local community investments with contributions from Federal, state, and private sources.

The Complete Financial Guidelines is available at:

<http://www.cob.org/documents/finance/publications/2010-financial-management-guidelines.pdf>

CAPITAL FACILITIES TASK FORCE REPORT

Executive Summary

The City of Bellingham Capital Facilities Task Force, comprised of citizens and supported by elected officials and city staff, addressed two key issues facing Bellingham:

- City capital-spending priorities (*What facilities do we need most?*)
- Appropriate funding mechanisms to pay for priority projects (*How will we pay for them?*)

Guiding Principles

In response, the task force developed five Guiding Principles, each of which is further elaborated into Directives. The Guiding Principles provide overall guidance as Bellingham makes capital investment decisions during the coming years. Each Guiding Principle is supported by several policy Directives that add focus and clarification. Using these Guiding Principles and Directives, the task force identified a set of capital projects it believes should be given high priority. The Guiding Principles are ranked in importance and organized into the order in which they should be applied.

1. *Make fully-informed decisions*

The task force believes that the first order of business should be to conduct a careful and comprehensive assessment of the city's existing assets and the drivers of future capital requirements.

2. *Be prudent*

Given current economic conditions, the task force's second Guiding Principle urges the city to be cautious in committing to new projects, and to focus first on maintaining existing infrastructure.

3. *Pursue alternatives*

Next, the task force believes it is important to minimize capital spending by seeking alternatives to capital projects. The task force particularly supports partnering with the private and nonprofit sectors and encouraging changes in citizen behavior that could delay or reduce capital expenditures.

4. *Protect basic assets and services*

When capital investment cannot be avoided prudently, priority should be given to projects that fulfill local government's basic duties to protect public health, safety and welfare.

5. *Where and how we build matters*

Finally, the task force recommends that the city be mindful of the impacts and importance of location for new projects.

Guiding Principles

1. **Make fully-informed decisions**
2. **Be prudent**
3. **Pursue alternatives**
4. **Protect basic assets and services**
5. **Where and how we build matters**

Debt Capacity Modeling

To fulfill the second part of its mission, the task force examined the current financial status of the city, with consideration of current and likely future economic trends. In particular the task force evaluated the city's capacity to assume and service significant debt required for major capital projects. The task force surveyed the suitable revenue sources and financing options for various kinds of projects and program areas, comparing the magnitude of anticipated future needs with projected financial capacity.

These analyses show that existing revenue streams are insufficient to meet all anticipated capital needs, and reinforced the belief that prioritization of capital facilities is essential. The task force concluded that, although there are specific revenue options available to the city for completing existing priority projects, the current state of the economy and the resulting uncertainty about city revenues requires a deep analysis of specific revenue proposals before recommendations on preferred options can be made. The task force did not have the time to adequately investigate all revenue options and therefore did not bring forward specific funding options to the council.

It is important for readers to understand that the information gathered by the task force, the group's analysis, and the writing of this report all were completed in the midst of the most impactful recession of our time. This reality is the filter through which all our recommendations were made.

The task force does provide guidance in financial management with specific examples within the Debt Capacity section of this report. The City Council should work closely with the Mayor's Office and Finance Department to develop a comprehensive long-term funding plan that provides for appropriate fiscal planning to complete these priorities.

Priority Capital Projects

The task force also recommends the city pursue eleven priority capital projects, completing them where possible in the next decade. These priorities were selected by applying the Guiding Principles and assessing the capital needs of the wide range of city government's responsibilities. These recommended priority capital projects are listed in the order of descending priority and by fund category in the chart on the next page and described more fully in the report. The task force is very much aware that this short list of priority capital projects leaves out numerous valuable and even critical government services and facilities. Unfortunately, at this point in time, the city's needs outstrip its means. Prioritization is essential, now more than ever, if the city is to fulfill its basic responsibilities and deliver the benefits of democratic self-government to its citizens.

Legacies and Guidelines

It is important for readers to understand that the information gathered by the task force, the group's analysis, and the writing of this report all were completed in the midst of the most impactful recession of our time. This reality is the filter through which all our recommendations were made.

The task force concluded that the preservation of existing infrastructure is clearly a high capital priority and that any new initiatives should be tempered and pursued with a great degree of financial caution. Despite this reality, the task force also is very confident in the city's ability to not only weather these recessionary times but to come through this difficult period with a strong financial future.

GENERAL FUND PRIORITIES	ENTERPRISE FUND PRIORITIES
1. Maintain and repair existing city streets	1. Maintain and replace water and sewer mains and stormwater infrastructure.
2. Restore and protect Lake Whatcom Reservoir watershed	2. Upgrade wastewater treatment facility
3. Develop library system plan	3. Address stormwater treatment and collection facilities citywide
4. Implement Phase 1 of Waterfront Master Plan	4. Install meters for all water customers
5. Focus on use and maintenance of existing general city buildings	
6. Implement a master plan for city-wide information management	
7. Improve safety and multi-modal options on existing streets

SERVICES PROVIDED BY THE CITY

The City provides a full range of municipal services that include public safety, culture and recreation activities, economic development, street and multi-modal transportation infrastructure, parking, utilities, and general administrative services.

Activities owned and / or operated by the City include water, wastewater, and stormwater utilities; municipal parking facilities; Lake Padden Golf Course; Bayview Cemetery; Whatcom Museum of History and Art; Bellingham Public Library and Fairhaven Branch Library; nearly 100 parks; a civic stadium; athletic fields, and the Arne Hannah Aquatic Center. The City operates Medic One to provide countywide emergency medical services under an agreement with Whatcom County.

ORGANIZATIONAL STRUCTURE

The City's charter establishes a council-mayor form of government. City management is led by the elected Mayor in a strong-Mayor, weak-Council form of government. A voter approved charter amendment took effect January 2008, which changed the Finance Director from an elected position to one appointed by the mayor and subject to confirmation by the City Council. State statute provides for an elected Municipal Court Judge.

Six council members are elected by wards and serve four-year terms. Three are elected every two years. The seventh council member is elected every two years in an at-large capacity. The Mayor is elected for a four-year term. A Municipal Court Judge is elected for a four-year term at the mid-point of the Mayor's term of office.

The administrative department heads are appointed by and serve at the Mayor's discretion, with the following exceptions: The Chief Administrative Officer (CAO), City Attorney, and Finance Director require approval of the City Council for appointment or removal, and the Library Director is appointed by the Library Board.

The City of Bellingham is structured into fifteen departments or service areas, which may be further divided into operating divisions. Each department or division is broken down into its functional units or groups. In addition, the City administers two public corporations: the Bellingham-Whatcom Public Facilities District and the Bellingham Public Development Authority. The [City organization chart](#) shows the elected officials, the operating departments and some of the citizen boards, committees, and commissions that assist the City to function.

For a complete list of all City of Bellingham and Whatcom County boards and commissions, including current vacancies, go to the [Bellingham Mayor's](#) and [Whatcom County's](#) web pages.

LOCAL ECONOMIC FACTORS

Population

Bellingham’s population as of April 2012 was estimated at 81,360 by the [Washington State Office of Financial Management](#). All population figures from 2002 to 2010 were restated after the 2010 census from the prior published OFM estimates.

Land size: The City encompasses approximately 28 square miles.

Ranked according to most recent year.

While the sales tax composite rate has increased, the City’s portion of the tax has remained the same for many years. The total [sales tax is distributed](#) between multiple agencies. Voters approved a two-tenths percent increase in sales tax in April 2011 to fund the Transportation Benefit District. This revenue is not included in the graph below, for continuity and is accounted for in a separate fund.

Sales Tax Received - City of Bellingham

Business and Occupation Tax Base

The City’s B&O tax rate is 0.44% for services and 0.17% for wholesaling, retailing, manufacturing, and extracting activities.

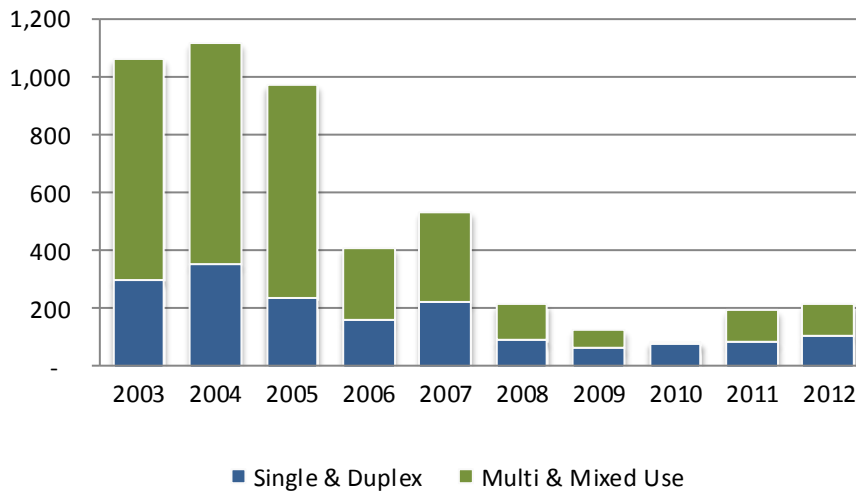

This chart shows a ten-year history of the City’s Business and Occupation Tax revenue. B&O Tax rates have not changed during this period. On January 1, 2008, the State of Washington changed to a destination based methodology, which reduced B&O tax revenue for Bellingham.

Construction Activity – Building Permits

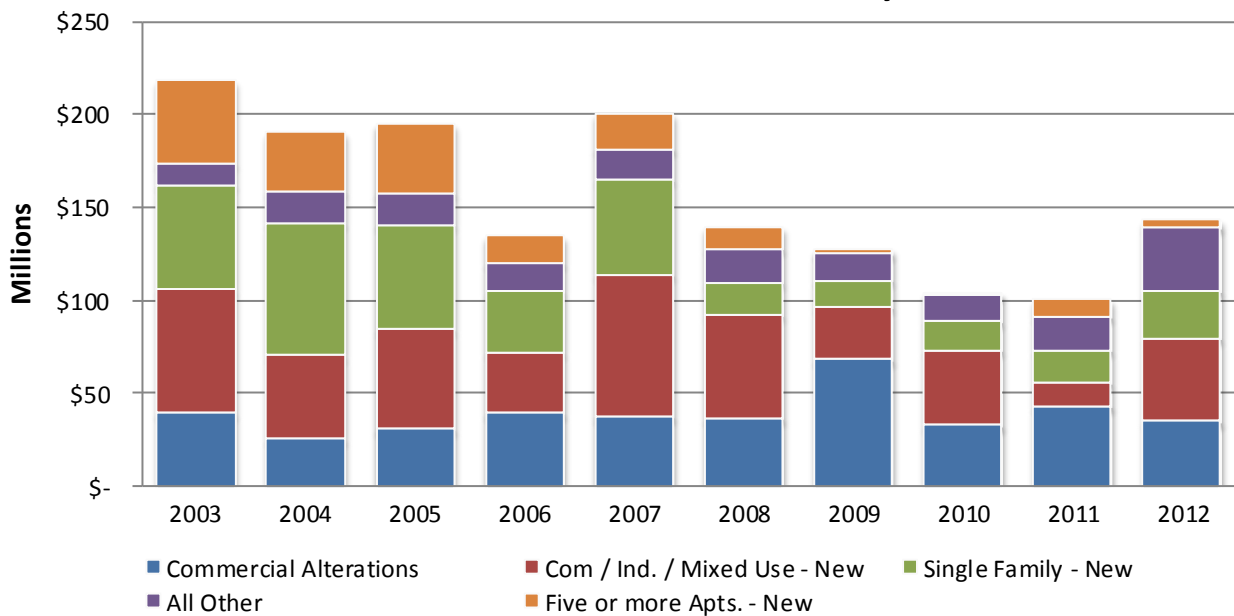

Construction activity is a key indicator tracked by the City of Bellingham. The revenue received in the Development Services Fund for permits and plan review is a leading indicator of construction activity, which generates revenues for the city through sales tax, B&O tax, property tax, real estate excise tax, system development charges, and other revenue sources.

Number of Residential Units Added

The number of residential units added and the valuation of construction are summarized from the Building Services permit tracking system.

Construction Valuation from Permit System

Property Tax Base

Previously, the Whatcom County Assessor revalued property every four years. The Assessor’s Office transitioned to an annual revaluation program in 2010. With this system, one-sixth of the County will be inspected each year and all property will be statistically revalued annually. Annexations and new construction also increase total valuation.

Assessed Valuation - Real Property

Percentage is Increase Over Prior Year. 2012 is Assessment for 2013.
 Valuation shown is 100% before adjustments.
 Source: Whatcom County Assessor's Certification of Assessed Vaulations memo.

Assessed Valuation of New Construction and Annexations

Property Tax Base (continued)

Governments are statutorily exempt from property tax. Non-profit organizations may apply for exemption through the Washington State Department of Revenue and must file annually to keep the exemption. Low income seniors and disabled individuals may receive exemption for part of property tax.

This data is from the 2011 assessment for 2012 taxes.

Property Tax Levy History

Property Tax Levy Total - 10 Year History

Sales Tax and Property Tax Distribution – City and Other Agencies

While sales tax revenue and property tax revenue represent a significant source of revenue in the City’s General Fund, these taxes are divided among other government agencies and only a portion of the tax collected is distributed to the City of Bellingham. The following charts show how these tax revenues are divided.

Distribution of Sales Tax Collected

The sales tax received by the City is divided between the Street Fund and the General Fund. In 2009, City Council authorized increasing the General Fund’s portion of sales tax from 50% to 57.5%, with the remaining 42.5% placed in the Street Fund.

Distribution of Retail Sales Tax

Whatcom Transportation Authority	0.60
Transportation Benefit District**	0.20
Whatcom County	0.15
Jail Construction	0.10
Criminal Justice Fund*	0.10
EMS	0.10
County Mental Health Tax	0.10
City of Bellingham	0.85
State	<u>6.50</u>
Total Retail Sales Tax Rate	8.70%

A sales tax increase of 0.2% within the City of Bellingham for a new Transportation Benefit District (TBD) was passed by voters in November, 2010. Collection of the TBD tax began April 1, 2011 and the City received the first revenue distributions at the end of June, 2011. This tax is accounted for in a separate fund.

*Criminal Justice Fund money is divided between the City and County based on population.

**New 4/1/2011; Voter approved in 2010.

Distribution of Property Tax Collected

Preparing and Amending the City's Budget

Preparing the Budget

Preparation of the City's budget is governed by the [City Charter](#) and Revised Code of Washington ([RCW](#)), [Chapter 35.33](#). The deadlines in the following narrative describe state minimum requirements. Our actual schedule may be earlier.

On or before the second Monday in September, Departments are notified that they have *until the fourth Monday in September* to submit their estimate of revenues and expenditures for the next year's budget. Department heads provide these estimates along with their proposed method of financing expenditures from funding sources (bonds, etc.) not yet authorized.

On or before the first business day in October, the Budget Manager submits a proposed preliminary budget to the Mayor, which shows the expenditures requested by each department and the related sources of revenue. The Mayor makes revisions to the preliminary budget and submits the Mayor's Budget Message and the preliminary budget document to the Finance Director *on or before November 1st*. The Finance Director makes copies of the preliminary budget document available to taxpayers *no later than six weeks prior to January 1st*.

Budget Overview

Preparing the Budget (continued)

The City Council certifies the estimated amounts to be raised by taxation on the assessed valuation of property within the City through the adoption of an ordinance setting tax levy rates for the budget year. A public hearing on revenue sources is held by the Council prior to taking action on the proposed tax levy ordinance. The Finance Director sends a copy of the adopted ordinance to the Whatcom County Assessor *on or before the last day of November*.

The City Council holds work sessions on the budget prior to a final public hearing. These work sessions may include presentations from departments on their programs and estimated revenues and expenditures.

The clerk publishes the notice of public hearing *during the first two weeks of November*. The final hearing on the budget is held *on or before the first Monday of December*. Any citizen may appear at the final hearing and make comments on any part of the budget.

The City Council makes changes to the preliminary budget as it deems necessary and adopts the Final Budget, by ordinance, *prior to December 31st*.

Amending the Budget

The City Council can, by ordinance, increase or decrease the appropriations in any fund. Transfer of appropriations within a single fund or within any single department in the General Fund can be made with the Mayor's authorization. Transfer of appropriations between funds or between departments in the General Fund requires Council approval.

Re-appropriating Prior Year Funds

All appropriations in any fund lapse at the end of the fiscal year. Amounts authorized during the fiscal year to pay for goods and services not received or completed by the end of the fiscal year may be re-appropriated to the next year by ordinance.

Budget Control

The Finance Director presents a quarterly report to the Mayor and City Council, which compares estimated and actual revenues and expenses to date. If revenues appear to be less than anticipated, the City Council, by ordinance, reduces appropriations to keep expenditures within the available resources and to maintain appropriate reserves.

FINANCIAL MANAGEMENT GUIDELINES

The City reviewed and updated its Financial Management Guidelines in 2010. An [executive summary of the guidelines](#) is presented in the Legacies and Guidelines section of this document, with more detail below. The full Council Resolution ([#2010-17](#)) is available on line.

Balanced Budget – The City adopts a balanced budget, which requires total estimated resources (beginning reserves + revenues) to equal total appropriations (expenditures + ending reserves).

Budget Process – The process shall include, at minimum, the following steps:

1. Departments prepare annual plans for making incremental progress on Legacies and Strategic Commitments.
2. A Preliminary Budget request from each department is presented to the Budget Manager.
3. The Budget Manager compiles and analyzes requests and delivers to the Mayor.
4. The Mayor works directly with Department Heads to create a Preliminary Budget.
5. The Preliminary Budget is presented to the City Council for deliberation and public comment.
6. The operating and capital budget for the next fiscal year is adopted by Council.

Budget Preparation – Department Heads propose budgets consistent with priority direction from the Mayor and City Council. Department Heads manage and monitor their own departmental budgets as approved by Council. The Budget Office coordinates the preparation and administration of the City's budget and capital plan.

Budget Forecasts – A forecast of revenues, expenditures, and reserves for a minimum of six years shall be prepared for the budget and regularly updated by the Budget Manager.

Reserves – Use of reserves is subject to Reserve Policy standards. Use of reserves as a balancing resource within the budget shall be specifically identified, and when the budget causes reserves in any fund to fall below the minimum reserve target for that fund, the budget shall include a proposed plan for returning the reserve to the target balance.

Revenue Guidelines

Balance present and anticipated future needs for services and the City's ability to raise fees, charges, and taxes to support those services.

Mix of Revenues – Maintain a diversified mix of revenues that provide ongoing stability and accrue to the City some of the financial benefits resulting from the City's economic and community development investments, without being regressive in its application.

Budget Overview

Charges for Services – Establish charges for services benefiting specific users at a rate that recovers full costs, including allocated internal costs, except where Council determines subsidy of the service is in the public interest.

One-time Revenues – The City will not use limited-term revenues to fund on-going operational costs. When considering the use of new revenues for funding on-going employment costs, staff will assure that the source of revenue is available for at least three years.

Grant Agreements – Prior to application and to acceptance, grant agreements will be reviewed to ensure matching requirements and compliance with regulatory requirements are reasonable and attainable.

Operating Expenditure Guidelines

Approvals – Expenditures may be made only after appropriate approvals have been attained, State and City purchasing requirements have been met, and budget appropriation is complete.

Public Stewardship – For all operating expenditures, strive to balance prudent decision making with fair market considerations in order to receive optimal value for funds expended while achieving “triple bottom line” returns as reflected through the filter of financial, social, and environmental measurements.

Management of approved expenditures – Invoices for purchases made without authorized budget authority and appropriate approval, except in a declared emergency, cannot be paid.

Full Cost Allocation – Department budgets should be prepared in a manner to reflect the full cost of providing services, including distribution of general overhead costs.

Financial Planning & Forecasting Guidelines

The City forecasts revenue, resources and expenditures for six years beyond the current budget period and provides quarterly forecast updates to the City’s policy-makers.

Budget Adjustments & Amendments

The budget may be adjusted, increased or reduced, during the year using one of two methods.

- Administratively approved adjustments to budgets within the same fund and department.
- Council approved budget amendment ordinances for changes that result in a net change to the balance of an individual fund or department budget.

Budget Reductions – In the event the overall budget or individual funds are forecasted to have end of the year fund reserve balances that are lower than budgeted, the Mayor will be notified of the amount of the adjustments necessary to assure fund reserve balances are retained.

Reserve Policies

The City will maintain adequate reserves to meet the following needs:

- Provide adequate liquidity
- Provide for unanticipated economic downturns
- Maintain credit ratings
- Provide for services and costs during a declared emergency
- Provide for long-term capital needs
- Meet mandated reserve requirements

Definition of Reserves – The City defines budgetary reserves as the difference between:

- a. Those short-term assets that can reasonably be expected to be available for use within the year or shortly thereafter; and
- b. Those liabilities that can reasonably be expected to be extinguished during the year.

Management of Separate Fund Reserves – The transfer of funds from one fund’s reserve to another fund is prohibited, even where otherwise legally acceptable, unless authorized by City Council.

Reserve Goals - Reserve goals shall be set with a minimum standard and with a target goal.

Use of reserves in excess of the minimum standard to balance a Fund’s budget shall be allowed. Such use of Reserves shall be specifically identified to the Council as part of their budget deliberations. ***When reserves are to be budgeted for use, the council shall receive details as to the future plan for balancing the budget without the use of reserves and for the replenishment of reserves to their target levels.***

Reserves that fall below the set minimum standard - ***When a fund reserve falls below its minimum standard the Mayor shall present to Council, within 60 days, a Financial Plan to restore the balance to the minimum standard as quickly as feasible or in no case longer than three Budget years.***

Investment & Debt Policies

Asset Preservation – Preservation of assets is a higher priority than return on investment. The City will seek a reasonable return on its investments while also preserving the original capital investment. The Council reviews and adopts the City’s Investment Policy annually.

Interfund Loans – With Council approval and when possible, the City will use inter-fund loans to provide for cash flow coverage. Longer-term uses will be allowed on a case-by-case basis. The loaning fund receives interest at the average monthly yield earned on investments of the City.

Budget Overview

Debt Issuance – The City strives to maintain a strong bond rating by monitoring and improving its financial stability. Before debt is issued consideration will be given to:

- a. Whether a sufficient revenue stream is available to repay the debt.
- b. Alternate methods of financing.
- c. Whether it would not be cost effective to delay issuing debt.

For projects requiring the issuance of new debt or for projects in excess of \$5 million, a separate financial funding analysis shall be prepared for council review.

Capital Investment Policy

Relationship to Long-Range Plans – Capital projects will be evaluated based on relative contribution to meeting the stated goals and objectives of City Council approved long-range plans, including the City’s Legacies and Strategic Commitments, Capital Facilities Plan (CFP), Comprehensive Plan, and/or other supporting plans or studies.

Types of Projects Included in the CFP – A project must meet the following criteria:

- a. Formally included in a Council adopted long-range plan
- b. Involve design, physical construction, reconstruction, or replacement of a major component of City infrastructure, or acquisition of land or structures
- c. Preliminarily scoped as to cost and timing
- d. Estimated to exceed \$50,000
- e. All projects using Real Estate Excise Tax funds, regardless of other criteria

Project Tracking – Each Capital Project must be tracked with a job cost identifier in Finance’s accounting system. Finance will provide quarterly budget to actual project revenue and expenditure reports.

Budget Upfront – Capital projects are budgeted at the full estimated cost of completing the project, or unique phases for larger projects, in the year the project is expected to start. Once adopted, unspent CFP budgets will be re-appropriated at the end of each fiscal period until the project is completed or abandoned.

Calculation of Operating Impact – Future operating and maintenance cost impact of new capital assets and facilities will be calculated and considered prior to the authorization of the project.

Accounting, Audit & Financial Reporting Policies

Budget Monitoring – The Finance Department will maintain a system for monitoring the City's budget performance. Finance will provide the City Council with quarterly presentations regarding revenue collection by fund and expenditures by department. Finance will provide monthly reports to Department Heads. Department Heads have primary responsibility for ensuring that their Departments and/or Funds stay within their annual adopted budget.

EXPLANATION OF ACCOUNTING BASIS AND STRUCTURE

Basis of Accounting

Basis of accounting refers to the timing of revenues and expenses being recognized and reported in the financial statements. The budget is not prepared using the same basis of accounting and will not, in all cases, correspond directly to the City's financial statements.

Financial Report Basis

The accrual basis of accounting is used for all funds at the entity-wide reporting level. With accrual basis, revenues and expenditures are recorded in the periods in which the transactions, events and circumstances occur, rather than in the periods in which cash is received or paid. At the fund level, the accrual basis of accounting is used for all funds except the governmental fund types, which use the modified accrual basis of accounting.

Modified accrual differs from full accrual in the following ways:

- Purchases of capital assets are considered expenditures.
- Redemptions of long-term debt are considered expenditures when due.
- Revenues are recognized only when they become both measurable and available to finance expenditures of the current period.
- Inventories and prepaid items are reported as expenditures when purchased.
- Interest on long-term debt is recorded as an expenditure when due.
- Depreciation is not recorded.

Budget Basis

Governmental Fund types are budgeted on a modified accrual basis and can be directly compared to the fund operating statements in the City's annual report. Proprietary Funds and Fiduciary Funds are budgeted using modified accrual basis and are depicted in the annual report using full accrual; therefore, these funds are not directly comparable between the two reports. Fund types are defined on the next page.

The City administers Local Improvement District (LID) bonds, which are issued when property owners require assistance to fund improvements that benefit the entire district. Since the bonds are not a City obligation, the City does not budget for individual LIDs, however prior year actual revenues and expenditures are shown. Reserves and estimated interest revenue in the LID Guarantee fund are included in the budget.

Balanced Budget

Beginning Reserves + Revenues = Expenditures + Ending Reserves

In order to keep the equation in balance, any change in one of these components must be offset by an equal change to the other side of the equation. To show totals that are in balance, Beginning Reserves are included with Revenues and Sources, and Ending Reserves are included with Expenditures and Uses on most of the Citywide Budget Reports.

Explanation of Accounting Basis and Structure (continued)

Reserves

For budget preparation and monitoring purposes, the City uses reserves rather than fund balances. The reserve concept is used because it better defines the resources expected to be available at the beginning of the year for expenditures. Ending reserves also better define what will be left at year-end for use in the following year. The City defines budgetary reserves as the difference between:

- assets that can reasonably be expected to be available for use within the year or shortly thereafter, and
- liabilities that can reasonably be expected to be extinguished during the year.

FUND TYPE DESCRIPTIONS AND ACCOUNTABILITY

The structure of the City’s accounting follows the system prescribed by the Budgeting, Accounting, Reporting System (BARS) required by the State of Washington.

Governmental funds are generally used to account for tax supported activities. There are five different types of governmental funds: the General Fund, Special Revenue Funds (below), [Debt Service Funds](#), Capital Projects Funds, and [Permanent Funds](#).

Proprietary Funds focus on determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. There are two types: [Enterprise Funds](#) and [Internal Service Funds](#).

[Discrete Component Units](#) are legally separate municipal corporations for which the city is accountable. These units have separate funds, and financial data is reported separately from the financial data of the primary government.

The Mayor is ultimately responsible for all expenditures of City government, with day-to-day responsibility for fund management delegated to Department Heads. In most cases, a specific department has responsibility for a fund. More than one department may draw on the resources of the General Fund and other shared funds. The following table demonstrates these relationships, provides definitions of the fund types, and lists the individual funds. Underlined fund names link to the individual fund budget; underlined department names link to the departmental budget. For funds with *Shared Budgetary Responsibility, Finance balances the fund and manages reserves.

Fund#	Fund Name	Budgetary Responsibility
001 - General Fund: To account for financial resources not accounted for in other funds. The primary operating fund of the City, it supports general government activities, public safety, recreation, and planning and community development.		
1	General Fund	*Shared by most departments
100s - Special Revenue Funds: To account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital.

CITYWIDE BUDGET OVERVIEW REPORTS

[Summary of Estimated Revenues, Expenditures and Reserves – by Department](#)

On the following pages, a citywide summary of the budget by department is presented for the General Fund and summarized by type of fund for all others. **Non-Departmental Revenues** are shared between departments, and will appear as a funding source in the department that ultimately uses the resource. **Non-Departmental Expenditures** are citywide and not specific to any one department. There is a budget summary for each department and for the Non-Departmental group in the [Departmental Budgets section](#).

[Changes in Estimated Reserve Balances Report](#)

For each fund, total revenues and expenditures are shown along with the estimated change in reserve balance. The minimum reserve goal for each fund is also shown and whether or not the goal has been met. Explanations are provided for those funds that have budgeted reserve balance changes of more than 10% and \$250,000.

[Revenue Summary](#) and [Expenditure Summary](#) Charts

Citywide pie charts by type and by fund show the current budget. These are followed by definitions for each revenue and expenditure type. [Fund types](#) are described earlier in this section.

[Summary of Estimated Revenues, Expenditures, and Reserves – by Account Type](#)

This citywide summary of the budget by account type is presented for the General Fund and summarized by type of fund for all others for the budget year. The total of all funds for the budget year is compared to the total for the current year adopted budget.

[Citywide Expenditures by Sub Type - All Funds](#)

To follow the summary presentation by the highest level account type, this report presents citywide expenditures by the next level of detail, the sub type. This report is of all funds in aggregate. A similar report for the General Fund appears in the Fund Budgets section that follows.

Explanations of Changes in Estimated Reserve Balances

Explanations are provided for changes of more than 10% and \$250,000 in estimated reserve balances for individual funds.

Street Fund – A decrease in grant revenue is more than the reduction in expenditures and requires using \$592,020 of reserves to complete the work in progress backlog.

Transportation Benefit District Fund – City Council increased the subsidy to Whatcom Transit Authority for additional routes and hours of service in 2013. In addition, there are a number of capital projects for street overlay and non-motorized transportation projects, which results in a decrease of \$997,678 in reserves.

Beyond Greenways – The budget anticipates several large capital projects including Civic Field turf replacement and repairs at the Aquatic Center, which will utilize \$708,473 of reserves.

Greenways III Fund – The budget anticipates increasing reserves \$1,178,267 for future park acquisitions and construction projects.

Qualified Energy Conservation Bond Fund – This is a sinking fund used to accumulate funds for a 2025 balloon payment for QEC Bonds used to fund energy efficiency / conservation projects completed in city buildings.

	1,198,347	(89,732)	-7.0%			
	99,816,769	(19,969,599)	-16.7%			

Water Fund – A combination of increased fees, grants, and utilization of bond proceeds increases the amount of funds available for operations and capital projects, some of which will be carried over into 2014. This results in reserves increasing by \$1,650,129 in 2013.

Wastewater Fund – A \$43 million bond issued in 2011 will be utilized to fund the waste water treatment plant expansion to comply with increased Department of Ecology Regulations. Construction will take place over three years spending down reserves by \$19,340,005 in 2013.

Storm/Surface Water Utility Fund – Capital projects for creek day lighting, storm main replacement, and fish passage improvements are being funded from fees, Public Work Trust Loans, and grants. It is anticipated that reserves will increase \$320,488 in 2013 as these multi-year projects begin.

Purchasing & Materials Fund – Spending down reserves by \$339,607 to replace the inventory software system for \$100,000 and to buy supplies for the installation of water meters for approximately 14,000 non-metered customers.

Technology Replacement Fund – Increased expenditures on servers, storage, and software will reduce reserves by \$277,799. Citywide software upgrades are being implemented to increase efficiency and provide for enhanced customer option on-line.

Greenways Maintenance Endowment Fund – Will increase reserves by \$296,099 as 9% of the Greenways III Property Tax Levy is deposited into this fund to help fund the maintenance costs associate with properties purchased from the levy

Revenue Summary – 2013

**Revenues by Type
All Funds
(Excluding
Reserves)**

**Revenues by Fund
(Excluding
Reserves)**

Definitions are provided for use with reports on the pages that follow in this section and the Fund Budgets section.

Revenue Types and Beginning Reserve Definitions

Beginning Reserves: The difference between assets that can reasonably be expected to be available for use within the year and liabilities that can reasonably be expected to be extinguished during the year.

Taxes: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments, or charges for services rendered only to those who pay for and use those services. Examples include Property, Sales, Utility, and Business Taxes.

Licenses and Permits: Charges for issuance of licenses and permits such as business licenses or building permits. Does not include inspection charges, which are classified as services charges.

Intergovernmental Revenue: This revenue includes grants, entitlements, shared revenues, and payments for goods and services provided by one government to another. One example is Community Development Block Grants provided to the City from the Federal Government.

Goods and Services Charges: Charges for services rendered or goods sold by the city except to other governments. Examples include water service, sewer service, and Medic One service.

Fines and Forfeitures: Fines are monetary judgments commonly imposed by the court; forfeitures are penalties by which one loses rights and interest in property because of commission of an offense or nonperformance of an obligation or duty. Examples include penalties collected for parking and traffic tickets.

Miscellaneous Revenues: Includes operating revenues not classified elsewhere such as interest income, rental income, and contributions from private sources.

Non-Revenues: These revenues are for items such as interfund loans and proceeds of long-term debt for proprietary funds.

Other Financing Sources: These are changes in current financial resources that are reported separately from revenues to avoid distorting revenue trends. Examples include sale of GO Bonds, proceeds from the disposition of capital assets, and transfers.

Expenditure Types and Ending Reserve Definitions

Ending Reserves: The difference between assets that can reasonably be expected to be available for use within the year and liabilities that can reasonably be expected to be extinguished during the year.

Salaries and Wages: Expenditure category that includes amounts paid for services rendered by employees in accordance with rates, hours, terms and conditions authorized by law or stated in employment contracts. This category also includes overtime and temporary labor.

Benefits: Those benefits paid by the City as part of the conditions of employment. Examples include health insurance, social security, and retirement system contributions.

Supplies: A basic classification of expenditures for articles and commodities purchased for consumption or resale. Examples include office and operating supplies, fuel, inventory or resale items, small tools and equipment.

Other Services and Charges: A basic classification for services other than personnel. Examples include professional services, communication, travel, advertising, utilities, and insurance.

Intergovernmental Services: Purchases of specialized services typically performed by local governments. An example of this is jail services purchased from Whatcom County. **Interfund Transfers**, or transfers within the City from one fund to another are also included in this category.

Capital Outlay: Expenditures for acquisition of, addition to, or qualifying improvements to assets such as land, buildings, machinery and equipment. Improvement projects that extend the life of a building such as re-roofing may also qualify. The cost threshold for such expenditures to be classified as capital is designated by the City's accounting department and currently ranges from \$5,000 to \$50,000, depending on the asset category.

Debt Service: Payment of interest and principal to holders of the City's indebtedness. Includes both loan advances and loan payments from one fund to another fund within the City. Includes loan advances of intergovernmental loans.

Interfund Payment for Services (Interfund Charges): Reflects the purchase of services or supplies provided by another City group or department.

REVENUES – SOURCES AND TRENDS

All revenue estimates in this section are based on the internal December 31, 2012 financial statement and may be subject to final accounting adjustments.

Revenue Forecast Overview

The year ended with both Sales and Business & Occupation tax higher than budgeted. The largest gains were in the retail sector, which was boosted by strong Canadian demand and our proximity to the border.

Even with the uptick in 2012, tax collections across the economically sensitive revenues including Sales, Business & Occupation (B&O), and some Utility taxes are still well below their pre-recession peak. Tax revenue is projected to continue to improve at a slow rate in conjunction with the improving job market and consumer spending. Job creation leads to growth in personal income and increases spending for goods and services.

This forecast assumes a continued slow recovery in the housing market as well. Housing prices should stabilize and the volume of transactions will increase slowly through the forecast period. A strengthening housing market will also help stimulate consumption and retail sales.

New construction assessed valuation increased \$8 million to \$38 million in 2012. The growth over last year is a positive sign that construction is improving, but is still significantly below the \$184 million in 2008. Development activity is expected to remain slow during the forecast period as existing building inventory is absorbed. Development activity is an important leading indicator for the City because it drives property values, sales, real estate excise, B&O, and utility tax revenue. Some tax receipts associated with construction projects typically lag development activity by up to one year.

General Fund Revenues

The General Fund forecast builds upon the budgeted 2013 revenues and expenditures and calculates future resource and expenditure estimates based on recent and anticipated economic trends. While, the forecast illustrates that the current divergence between revenues and expenses and the resulting decline in reserves is not sustainable, it is not considered to be an unsolvable problem. The City recognizes the undesirable balance between revenue and expense trends and will prepare appropriate responses in advance.

General Fund Revenues (continued)

The General Fund Financial Forecast is a tool that provides:

- Long-term financial effects of current policies, programs, and priorities
- Warning for potential problem areas so alternative strategies may be developed
- Assists in strategic decision-making and long-range planning efforts

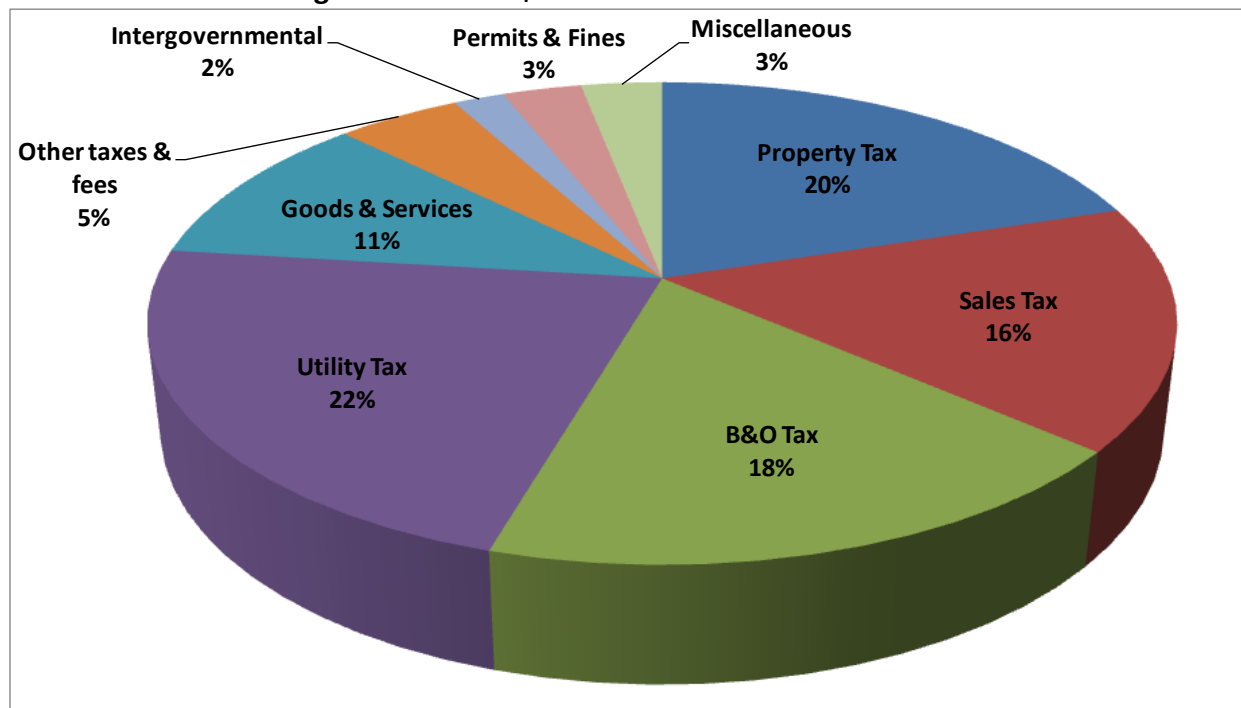

The General fund is the primary operating fund of the City supporting the City Council and Mayor’s offices; Police, Fire and Municipal Court operations; the Planning Department, the Bellingham Public Library; Bellingham Parks and Recreation operations, all internal service departments in the City, and the Whatcom Museum. The General Fund also finances operations for funds that do not have adequate dedicated revenues, such as Police and Fire Pensions, Medic One, Cemetery and others.

More information on the [General Fund](#) expenditures and uses can be found in the Fund Budgets section.

General Fund Revenues (continued)

2013 General Fund Budgeted Revenue \$67.2 Million

Property Tax

The City of Bellingham receives approximately \$2.74 per \$1,000 of assessed valuation from property owners within the City limits. In 2013, this should generate \$22.8 million and includes a voter approved \$3 million Low Income Housing Levy that is in place for seven-years. The four components of the City’s Levy are: General Fund \$13.4 million, voted Park Greenways III \$4.5 million, voted Housing Levy \$3 million, and Fire Pension \$1.9 million. The Property Tax Levy provides roughly 20% of the total General Fund revenue.

The following table shows the historical collection of property tax received by the city’s General Fund. The amount above the 1% allowed by state law is due to new construction, revaluation of property, banked capacity, and/or annexations.

	Actual			Internal	Budget	Forecast
	2009	2010	2011	2012	2013	2014
Property Tax	11,951,465	12,347,166	12,738,137	13,158,867	13,450,000	13,650,000
Percent Change	-1.82%	3.31%	3.17%	3.30%	2.21%	1.49%

General Fund Revenues (continued)

The City of Bellingham’s levy is only one component of the total property tax that that is assessed to property owners. Other levies include State Schools, Whatcom County, Flood Control, Conservation Futures, and the Port of Bellingham. A list of all the [property tax levy components](#) and their distribution is provided in the City and Local Economy Section.

Sales Tax

Bellingham’s General Fund relies heavily on sales tax revenue, which is subject to larger economic swings than most other sources of government revenues. Recently, retail sales have benefited from our proximity to Canada and the strong Canadian dollar. Although we are not yet back to the \$18.9 million of sales tax revenue collected in 2007, the city’s sales tax revenue does continue to improve with growth of 2.12% over last year.

Overall most market segments grew from their 2011 levels with General Merchandise, Motor Vehicles & Parts, and Wholesale Goods posting the largest dollar gains. General Merchandise is also the largest single category contributing \$3.5 million or 18.6% of the total sales tax revenue.

Next year’s budget forecast of \$11 million in General Fund sales tax revenue is 16.4% of the total General Fund revenues. The forecast assumes a continued slow recovery in retail and auto sales as well as limited new construction. Growth in the out years is projected at 2-3% per year; a rate commensurate with population growth, price inflation, along with limited new construction.

In 2009, the Sales tax percentage retained in the General Fund was increased from 50.5% to 57.5%. A graph of [sales tax historical](#) data is provided in the City and Local Economy Section.

	Actual			Internal	Budget	Forecast
	2009	2010	2011	2012	2013	2014
Sales Tax	9,349,664	9,715,328	10,517,657	10,740,289	11,000,000	11,350,000
Percent Change	0.14%	3.91%	8.26%	2.12%	2.42%	3.18%

In April 2011, voters approved two-tenths of one percent sales tax increase to fund the Transportation Benefit District. This raised the sales tax rate within Bellingham city limits to 8.7%, of this total .85% is distributed to the City for general government purposes. The majority of the sales tax collected in Bellingham is distributed to other jurisdictions as illustrated in the [sales tax distribution table and chart](#).

General Fund Revenues (continued)

Business & Occupation (B&O) Tax

2012 B&O tax revenue continued to show positive growth. The General Merchandise and Medical Services categories are the largest market segments and both grew positively in 2012.

The last three months of the year continued with positive growth and ended at \$11.5 million. We anticipate continued growth in 2013 due to the improving economy and increased compliance as the result of our partnership with the State of Washington business licensing.

The decrease in B&O tax revenue in 2009 and 2010 was due to the combined negative impacts of the recession, changes in B&O tax laws (destination based), and two local mergers/acquisitions, which eliminated previously taxable transactions. The City imposes and collects a Business and Occupation tax on all business activity within its jurisdiction. A ten-year graph of [B&O Tax historical data](#) is provided in the City and Local Economy Section.

	Actual			Internal	Budget	Forecast
	2009	2010	2011	2012	2013	2014
B&O Tax	10,601,772	10,365,058	11,096,936	11,562,489	12,200,000	12,500,000
Percent Change	-12.14%	-2.23%	7.06%	4.20%	5.51%	2.46%

Utility Tax

The Utility Tax budget for 2013 is \$15 million, which is 22% of the General Fund revenue. State law enables cities to levy utility tax up to a 6% on natural gas, telephone, cable television, and electricity providers. These utilities generate approximately \$9 million or 60% of the total utility tax revenue.

A tax is also permitted on water, wastewater, storm & surface utilities, which are operated by the City of Bellingham. For City operated utilities, the underlying utility revenue was estimated by projecting usage, new hook ups, and approved utility rate increases.

Due to a recent change in Washington State law, the costs associated with providing fire hydrants and fire protection related to water infrastructure are now considered general governmental costs and can no longer be paid for by the water fund.

Beginning in late 2008 and continuing through 2011 the number of new water and sewer hookups has dropped dramatically in conjunction with the economic downturn and decline in new construction. Anticipated utility tax on telephones and natural gas is also down due to the economy, warmer winter weather (2011-12), and natural gas rate reductions.

Revenues

General Fund Revenues (continued)

	Actual			Internal	Budget	Forecast
	2009	2010	2011	2012	2013	2014
City Tax Water	1,678,522	1,822,697	2,885,334	3,285,502	3,345,000	3,491,900
City Tax Sewer	1,720,195	1,808,752	1,858,813	1,994,886	2,120,000	2,237,400
City Tax Storm Water	496,282	504,801	528,816	574,560	600,000	612,000
Electric Public Tax	3,451,166	3,448,614	3,609,210	3,616,079	3,800,000	3,876,000
Natural Gas Tax	1,784,746	1,326,473	1,352,736	1,189,563	1,550,000	1,581,000
Cable Tax	1,083,092	1,160,309	1,173,408	1,213,948	1,250,000	1,275,000
Telephone Tax	2,623,465	2,653,182	2,395,868	2,270,417	2,400,000	2,463,000
Total Utility Tax	12,837,468	12,724,828	13,804,185	14,144,955	15,065,000	15,536,300
Percent Change	0.33%	-0.88%	8.48%	2.47%	6.50%	3.13%

Charges for Goods & Services

The Charges for Goods & Services budget for 2013 is \$7 million. A majority of this revenue is generated from interfund charges to reimburse the General Fund for organization wide services it provides such as administration, finance, legal, and human resources. The 2013 amounts charged to non-General Fund departments and funds are based on the actual costs incurred in 2011 for these services.

	Actual			Internal	Budget	Forecast
	2009	2010	2011	2012	2013	2014
Goods & Services Charges	6,179,226	6,378,066	6,427,720	6,932,079	7,028,136	7,170,476
Percent Change	0.99%	3.22%	0.78%	7.85%	1.39%	2.03%

The other component of Charges for Goods & Services are fees that are charged to users of various City services including probation fees, recreation registration fees, library, and special police services. Each of these revenue streams has an operational manager assigned to the account who is responsible for estimating the 2013 revenue based on historical growth trends.

General Fund Revenues (continued)

Other Revenues

The Other Revenues budget for 2013 is \$5.8 million. The major components in Other Revenues include fines, grants, interest, and permits. The main reason for the decrease in License Revenue is due to removing the city’s BTV channel 10 from the General Fund and creating a new Public, Education, and Government Access “PEG Fund”. This reduces General Fund revenue by approximately \$300,000 per year.

For future years, one-time items, for state and federal grants are removed and on-going revenue streams were inflated by a 3% average growth rate. This results in a decrease in intergovernmental Revenue in the out years, which will likely improve as future grants are secured.

	Actual			Internal	Budget	Forecast
	2009	2010	2011	2012	2013	2014
Licenses and Permits	923,157	1,026,869	1,035,777	627,344	729,271	693,271
Intergovernmental Revenue	2,684,827	3,466,507	2,525,201	2,220,922	1,283,718	964,875
Fines	1,158,366	1,219,572	1,301,492	1,172,061	1,271,100	1,329,233
Miscellaneous	1,245,515	968,049	849,192	814,506	605,069	605,069
Other Financing Sources	1,005,329	1,125,447	1,094,234	1,001,783	1,445,582	1,466,082
Total Other Revenue	7,017,194	7,806,444	6,805,896	5,836,616	5,334,740	5,058,530
Percent Change	-31.23%	11.25%	-12.82%	-14.24%	-8.60%	-5.18%

Street Fund Revenues

The [Street Fund](#) is the [special revenue fund](#) designated for maintenance of all City streets. Revenue is primarily from state sales tax, fuel tax, grants, and interfund payments for administrative and engineering services. The fund is managed by the [Public Works Department](#).

Charges for Goods & Services

This primarily represents the charges to other funds to reimburse the Street Fund for the Engineering Services it provides. Forecasts are estimated on the future capital projects and historical utilization of Engineering Services.

Sales Tax

The Street Fund’s portion of the Sales Tax budgeted for 2013 is \$7.6 million. Sales tax revenue continues to grow due to the strong Canadian dollar and continued economic recovery.

In 2009, the portion of sales tax allocated to the Street Fund was reduced from 50% to 42.5%. This reduced sales tax receipts in the Street Fund by approximately \$1,500,000 per year. A graph of [sales tax historical data](#) is located in the City and Local Economy section of this document.

Grants

For 2013, the Street Fund has received confirmation of \$2,600,000 in new grants to assist with various City street projects. This number should continue to grow as grants are awarded throughout the year.

Street Fund Revenues (continued)

Fuel Tax

This amount represents the City’s portion of the overall tax the State collects on fuel. The budget estimates were provided using guidance from the Municipal Research and Services Center of Washington (MRSC). The decrease in fuel tax revenue is due to higher fuel prices which decrease demand and result in an overall decrease in the tax amount received.

Impact Fees

Transportation Impact Fees (TIFs) are collected from development as their contribution for the cost of new transportation infrastructure that is deemed necessary and reasonably related to the impact of the development within the City limits of Bellingham.

Water Fund Revenues

The [Water Fund](#) is the [enterprise fund](#) that supports supplying safe water to customers of the City’s water supply system. The main source of revenue is the sale of water to the general public. In addition, System Development charges, Lake Whatcom Watershed Acquisition fees, Goods & Services charges, bonds, and transfers are all sources of revenue in the water fund. The [Public Works Department](#) manages the fund.

Water Fund Revenues (continued)

Unmetered Water

This revenue comes from the approximately 14,000 unmetered residential water accounts that receive City water. The state now requires that all new accounts must be metered and the city must replace all of the unmetered accounts with meters by 2017.

Metered Water

There are approximately 8,000 accounts that are metered.

System Development Charges

Revenue received for new hookups to the water system. This revenue has declined more than 71% since 2007. This revenue is used to pay for water system capital projects.

Watershed Fees

The watershed acquisition fee was raised in April 2012 to \$14 per bill. This fee is used to acquire land and for capital projects within the Lake Whatcom Watershed. The fee increases each January by the change in the Consumer Price Index.

Other Goods & Services

This represents all the other charges, fees, and penalties received by the water fund.

Bonds and Interfund Loan Proceeds

The current capital plan anticipates both utilizing both loans and bonds to fund the capital facility plan projects over the next several years.

Transfers

Money received from the General Fund to pay for the costs associated with providing fire hydrants and fire protection related to water infrastructure.

Wastewater Fund Revenues

The [Wastewater Fund](#) is the [enterprise fund](#) that provides for conveying and treating wastewater in the City’s treatment system. The fund is managed by the [Public Works Department](#).

Unmetered Wastewater

Residential accounts associated with a flat rate.

Metered Wastewater

All new single family construction and multi-family and industrial accounts are required to be metered.

System Development Charges

Revenue received for new hookups to the wastewater system. This has declined more than 77% since 2007. This revenue is used to pay for wastewater system capital projects.

Other Goods & Services

This represents all the other charges, fees, and penalties received by the wastewater fund.

Bonds and Loan Proceeds

To fund the Waste Water Expansion Project \$46 million of bonds were issued in 2011. The current capital plan anticipates an additional \$35 million bond in 2014 to pay for capital infrastructure upgrades. The expansion will be built over the next several years and is required by the Department of Ecology.

Storm and Surface Water Fund Revenues

The [Storm and Surface Water Fund](#) is an [enterprise fund](#) for improvement of existing and construction of new storm water facilities and for acquiring wetland and open space. The primary source of revenue is a service charge for impervious surface runoff. The fund is managed by the [Public Works Department](#).

Storm Water Fees

Monthly fees based on the amount of impervious (hard surface area that prevents or slows entry of water into the soil) surface on each parcel of land.

Grants

Federal and State Grants used to improve the collection and treatment of storm and surface water

Other Goods & Services

This represents all other charges collected for fees and penalties received by the wastewater fund.

State Loan

This is a Department of Ecology loan to improve the water quality of Squalicum Creek.

Other

Revenue from interest, fines, and miscellaneous items.

Solid Waste Fund Revenues

The [Solid Waste Fund](#) is the [enterprise fund](#) that provides for waste collection, transfer, and disposal. A private contractor handles garbage collection and billing. The primary source of revenue is the utility tax. The fund is managed by the [Public Works Department](#).

Utility Tax

City tax on fees for the collection, transfer, and disposal of garbage; fees charged by Sanitary Service Company

Clean Green Fees

This represents the fees collected for using the Clean Green facility.

Miscellaneous

Revenue from all other sources including interest, scrap sales, and fees.

Grants

Revenue received from the Department of Ecology for specific projects pertaining to environmental cleanup.

Medic One Fund Revenues

The [Medic One Fund](#) is the [enterprise fund](#) that accounts for countywide ambulance service provided pursuant to an interlocal agreement between the City and Whatcom County. Revenues are generated by the EMS Sales Tax, fees for service, and contributions from the General Funds of the City and County. The fund is managed by the [Fire Department](#).

Charges for Goods & Services

This represents the fees collected by Medic One for ambulance services provided. It continues to go down as the reimbursement rates for Medicare & Medicaid are reduced.

Sales Tax

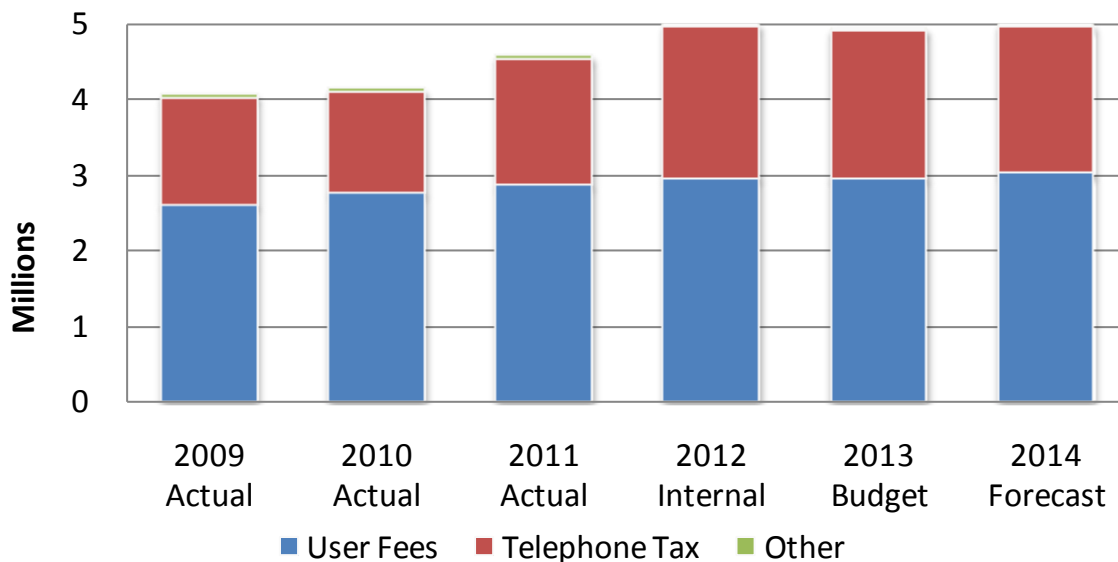

This category represents the EMS sales tax of 1/10th of 1% that took effect in 2006, to help pay for Countywide Medic services. Of this amount, 66% is submitted to the County’s EMS Fund and 33% is dedicated to criminal justice and utilized by each city.

City & County General Fund Contributions

This represents the funding Medic One receives from the General Fund of the City and County to pay for Medic One operations. The 2013 budget of \$2.5 million represents the sum of the agreed contributions from the City and the County and increases by 1% each year.

Public Safety Dispatch Fund Revenues

The [Public Safety Dispatch Fund](#) is a [special revenue fund](#) that provides funding of emergency communication services (911 Center) countywide for participating public safety agencies. The fund is managed by the [Police Department](#) and shared with the [Fire Department](#).

User Fees

These represent the user fees paid into the Dispatch Fund from all of the participating law enforcement, Medic One, and fire departments throughout Whatcom County. The 2013 budgeted contribution from each agency is based on a formula that includes the prior year number of incidents by jurisdiction, number of commissioned officers, and the population of each jurisdiction.

Telephone Tax

This tax is on telephone service provided in Whatcom County. This money is collected specifically to help pay for 911 Operations. In 2011, this tax was increased to pay for Next Generation equipment upgrades.

Development Services Fund Revenues

The [Development Services Fund](#) is the [enterprise fund](#) that funds the Permit Center, which ensures compliance with a variety of state and local construction codes. Revenue primarily comes from permit, plan review, inspections, and other development related fees. The fund is managed by the [Planning and Community Development](#) department.

Licenses & Permits

This revenue is for permits issued for new construction and remodeling and includes such items as building, plumbing, electrical, and fire permits. The 2013 budget of \$1.2 million reflects the current slow building industry and assumes modest slow growth.

Zoning & Subdivision

These are service fees paid for zoning and land use determinations. These revenues are a leading indicator for future construction activity and are monitored closely.

Plan Review Revenue

This revenue is for reviewing plans prior to issuing permits.

Fund Budget Summaries

This section provides budget information categorized by fund. It begins with General Fund revenue information, General Fund expenditure information, and is followed by a Revenues and Expenditures Report for all Funds.

Programs Supported by the General Fund

- Public Safety: Police, Fire, contribution to Medic One, and Municipal Court.
- Culture and Recreation: operation of Parks and Recreation programs, the Bellingham Public Library, and the Whatcom Museum.
- General Government includes Legislative, Executive, Legal, Finance, and Human Resources services.
- Other Services includes Non-Departmental Expenditures such as elections, and fund transfers for capital maintenance, technology replacement reserves, and some debt service funding.
- Planning and Community Development includes the Hearing Examiner’s Office on this chart.

2013 General Fund Budgeted Expenditures

Fund Budgets

General Fund Revenues and Sources

The chart to the right shows additional detail of the Taxes category in the table below.

The General Fund Revenue displayed (below) on the Non-Departmental row is derived mainly from Sales Tax, Utility Tax, B&O Tax, and Property Tax. **Non-Departmental Revenues** fund general governmental programs and are shared between departments. The distribution of non-departmental revenue into the using departments is shown in the second column from the right. Departments listed also may generate revenues specific to their programs.

Department	Taxes	Licenses & Permits	Intergovernmental	Goods & Services Charges	Fines	Misc.	Other Financing Sources	Revenue Total (No Reserves)	Estimated Beginning Reserves	Used From (Returned To) Reserves	Total Revenues & Reserves
Fund: 001 General

Revenues and Sources, Expenditures and Uses – All Funds

These reports provide a summary of revenues, sources, expenditures and uses along with ending reserves for individual funds and for the City as a whole. Data is presented for the 2013 budget, 2012 adopted and revised budgets, and 2011 actual amounts. Differences between the 2011 ending balance and the 2012 revised budget beginning balance are due to rounding and to adjusting entries in the accounting system that are not included in the budget. An estimated budget for 2014 is also included.

The Revised budget is included to show the relationship between ending reserves in the prior year and beginning reserves in the current year. At the time the current year budget is adopted, beginning reserves are estimated. The Revised Budget includes:

- The reconciling ordinance which amends the Beginning Reserves accounts to match actual beginning reserves calculated after the fiscal year is closed.
- The reappropriation ordinance, which carries forward the funds necessary to pay for goods, services, and projects that were purchased in the prior year, but not yet received.
- Year-to-date Budget ordinances and transfer orders amending the current year budget, approved by Council and entered into the financial system at the time the data was extracted for this document.

Fund Budgets

DEPARTMENTAL BUDGETS

Each Departmental section includes:

- An organization chart and mission statement.
- A description of services.
- Links to additional sources of information.
- Funding sources and expenditures by type summary with explanations of significant changes between the 2013 and 2012 adopted budgets.

Department Budget Summaries

In the Departmental Budgets we show total expenditures across all funds and programs. The Funding Sources table presents total resources used by the department from each fund; this includes total revenue generated by the department as well as use of shared revenues and reserves.

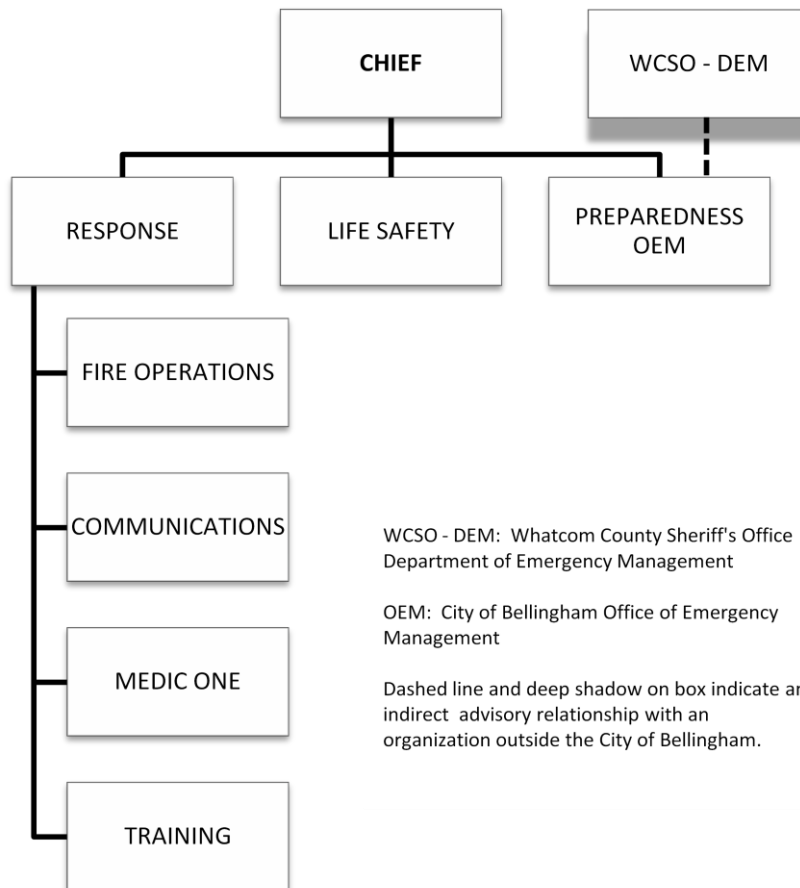

Expenditures by Type tables show total department expenditures. Expenditure totals balance in all sections of the budget, but expenditure types may be categorized slightly differently in different reports.

Department Programs (Groups)

Program revenues are those generated by the department and do not balance with expenditures. Shared revenues and reserves are used to fund the balance of the department budgets.

Program expenditure tables give the total cost per program and may include multiple funds. Descriptions of each program's function are included.

FIRE DEPARTMENT

Bellingham Fire Department Mission

Our mission is to protect lives and property from the adverse effects of fires, medical emergencies, and exposure to hazardous conditions created by man or nature.

We strive to accomplish this mission, employing safety as a primary goal in every program and procedure, by maintaining fitness, competency, and a sincere commitment to serve the public.

Additional information about the Bellingham Fire Department's services and the most recent annual report may be obtained from the [department's web page](#).

Description of Services

The department is organized and designed to provide responsive, efficient, and effective life and property protection within the City of Bellingham. The department is also responsible for the Whatcom County Medic One Emergency Medical Transport Service and all Whatcom County 9-1-1 fire and emergency medical dispatching.

Major initiatives administered by the department include: fire and medical emergency dispatch and response, disaster preparedness, fire code compliance/enforcement, fire investigation, public safety education, fire and emergency medical training, and billing for Medic One services.

The Fire Department Headquarters is located in the station at 1800 Broadway. There are six fire stations in the City and two Medic One stations in the county that house the emergency apparatus and crews. The department maintains a small classroom and limited drill facility at 910 Alabama, co-located with the 9-1-1 What-Comm Law Enforcement Dispatch Center.

Fire Department

Fire Department Budget Summary

Most of the Fire Department's operations are funded by the City's General Fund. The [Public Safety Dispatch Fund](#) accounts for countywide 9-1-1 emergency dispatch for Fire, Medic One, and Police Departments. The [Medic One Fund](#) accounts for the countywide Medic One Service.

(Links in the above paragraph go to the fund statements in the Fund Budgets section of the document. Revenues and expenditures by fund for **this department** are on the following pages.)

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate

-------------------------	--------------	--------------	--------------	--------------	--------------

[Budgeted positions are listed](#) in the personnel section.

Significant Expenditure Changes

- Increase in *Supplies* of 14.1% is primarily due to the increase cost of fuel and maintenance costs associated with six ambulances utilized by Bellingham Fire.
- Decrease in *Capital Outlay* is the difference between purchasing a new ambulance and re-chassis an existing ambulance in alternating years.

[Capital projects and purchases](#) for the Fire Department are listed in the Capital Facilities Plan.

Fire Department Budget Summary – Revenues

The difference between the revenues generated by the department and the department’s total expenditures may be made up from fund reserves and from revenue sources shared by multiple departments. These revenue tables show department-generated revenue only. The total resources from each fund that balance to the department expenditures are shown in the department’s Funding Sources table on the previous page.

Public Safety Dispatch Fund

All dispatch revenues are recognized in the [Police Department](#) and are not shown here. This is because the Bellingham Police Department manages the What-Comm Dispatch center and the Public Safety Dispatch Fund.

The total amount the Fire Department uses from the dispatch fund is shown in the department’s Funding Sources table on the previous page and in the department’s Budgeted Expenditures table which follow the revenue tables.

Total [Public Safety Dispatch Fund](#) revenues and expenditures are shown in the Fund Budgets section of the document.

TOTAL EXPENDITURES	22,181,420	23,007,364	23,927,330	4.0%	24,164,833

Group Descriptions

The Fire Administration group accounts for management, administrative, and facilities costs for the department.

The Fire Operations group accounts for firefighting operations – including staff, fleet charges, and debt costs. Revenue in this group consists primarily of grants and interfund revenue for basic life support transport. Firefighter Pension contributions are also recorded in this group.

The Fire Life Safety Operations group accounts for fire prevention activities such as protective inspections. Revenue in this group comes from building inspection fees and permit fees for fireworks and burning.

Fire Department Program Groups (continued)

Group Descriptions (continued)

The Fire Department Training Operations group accounts for the costs associated with ongoing department personnel training and development.

The Emergency Medical Services Group accounts for revenues and expenditures of the Medic One enterprise service that provides emergency medical services within Bellingham and throughout much of Whatcom County.

The Emergency Management group works to prepare citizens and agencies to handle major disasters.

The Fire / EMS Dispatch Operations group provides fire and medical emergency dispatch services for the Bellingham Fire Department, fire departments throughout the County, and Medic One. Separate Police dispatch services are provided by the What-Comm Dispatch center, managed by the Bellingham Police Department.

Fire Department 2013 Work Plan

1. Routine Fire Department accomplishments annually:
 - 20,500 Fire/EMS emergency incidents will be dispatched countywide
 - COB emergency units will provide 22,500 responses to those incidents (excluding canceled enroute responses)
 - 6,200 occupancy inspections will be performed by either certified fire inspectors or fire companies
 - 15,000 hours of training will be delivered to emergency responders
2. Personnel:
 - 2013, reduction of 7 FTEs through attrition, 4 SAFER grant funded ending in 2012 and 3 additional positions reduced to make room for anticipated position reductions secondary to EMS plan changes.
 - Selection process and Fire Chief hiring in 2013
 - No further staffing changes planned for 2014
3. Fire:
 - Continued and expanded cooperation/collaboration with county fire service partners where ever it makes business sense.
4. Evaluate feasibility of combining district 8 and Bellingham administrative services.

Fire Department 2013 Work Plan (continued)

5. Evaluate feasibility of co-locating district 8 and Bellingham crews in new station near airport.
 - Continue quest for grant funding opportunities for fire boat.
 - 106/106s contract negotiations in 2013 will begin in 2013.
6. EMS:
 - 2013 plan includes completion of EMS contracts, administrative contract, ambulance service contract with Whatcom County and ambulance billing contract with Fire District 7.
 - 2013 Replacement of BLS ambulance fleet through lease agreement.
 - 2014 will put into place EMS administrative and operations services as detailed in the new contracts
7. Includes reassigning current EMS supervisors to primary response apparatus.
 - 2014 budget will be driven by terms of contracts currently being negotiated. We believe the overall dollars will be similar but how they are arranged within the fire budget will likely change.
 - 2013/2014 will need to review other agreements that may be impacted by changed EMS agreement such as FARS, Dispatch, Billing/Zoll
8. Dispatch/Communications:
 - 2013 will have division chief vacancy.
 - Evaluating potential for collocating dispatch centers and combining supervision/administrations.
9. Emergency Management: Being displaced from current location.
 - Evaluating possibility of restructure of OEM/DEM agreement.
 - Find location for OEM...OCC?
10. Life Safety:
 - Address ordinance.
 - Multi and single family residence access ordinance.

Fire Department 2012 Accomplishments

Comprehensive overhaul of Marina Fire Safety.

After a catastrophic marina fire in which two lives were tragically taken and millions of dollars of property was lost, representatives from the fire department's Life Safety Division, working with City staff, Port of Bellingham staff, and boat owners crafted a sensible approach to improving life safety at the marina. The plan involved changes to municipal fire code, increased inspections under the Fire Occupancy Permit inspection program, and was supported by City Council, Port Commissioners, as well as boat owners associations. While the program has a multi-year phase in to be fully complete, it will result in dramatic improvement in life and property safety within the marina.

District 8 agreement for cooperative administrative services.

With chief officer retirements in both Bellingham Fire Department, and Whatcom County Fire Protection District 8, staff met to investigate the possibility of combining some services. With support of elected officials within both agencies a contract for combined administrative services was agreed upon. The net result is a cooperative arrangement for all administrative services for both agencies, the reduction of a chief officer position, and expanded support for "street level" emergency services.

Completion of a two year SAFER Grant.

Successful completion of a two year Staffing for Adequate Fire and Emergency Response (SAFER) Grant that reimbursed the City approximately \$500,000 in federal grant funds. This was a two year homeland security grant that increased Fire Department staffing by four firefighters increasing the number of firefighters sent to time critical incidents as well as reducing the city's dependence on overtime to maintain minimum staffing.

Fire Department Performance/Activity Measures

Mapped response time data is shown in the Fire Department's annual report, which is available on the [department's web page](#).

Fire Operations Group	2003 Actual	2004 Actual	2005 Actual	2006 Actual	2007 Actual	2008 Actual	2009 Actual	2010 Actual	2011 Actual	2012 Actual

POLICE DEPARTMENT

Bellingham Police Department Mission

The Bellingham Police Department is dedicated to enhancing the quality of life in our community by providing the highest level of service with Integrity, Innovation, and Respect.

Vision: The Bellingham Police Department will exist to provide professional, honorable and compassionate service to the members of our community. We will continue to build upon this vision through open communication and receptiveness to new ideas.

Core Values: **Respect** - To value the importance of the law and the diversity of our citizens and fellow employees. **Integrity** - To act with courage, honor, and truthfulness to uphold the trust of our citizens. **Innovation** - To be creative, flexible, and resourceful to meet the needs of the community. **Compassion** - To make decisions and take actions with empathy and consideration for others. **Accountability** - To demonstrate responsibility through our words and actions.

Additional information about the Bellingham Police Department's services and activities may be obtained from the [department's web page](#).

Police Department

Description of Services

The Bellingham Police Department provides a full range of police services including crime suppression and investigation, traffic enforcement, traffic accident investigation, and community-oriented problem solving projects. It maintains a team of specialists trained in the use of special weapons and tactics to deal with hazardous situations that present a high level of danger to public safety. The Police Department includes support activities for personnel recruiting and training, records resources, and 24-hour communications and dispatch services. It is supported by community volunteer programs.

Police Department Budget Summary

The majority of the Police Department's operations are funded by the City's General Fund. Additional funding comes from these Special Revenue Funds: [Police Federal Equitable Share Fund](#), [Asset Forfeiture/ Drug Enforcement Fund](#), and [Criminal Justice Tax Fund](#). The What-Comm Dispatch Center, operated by the Police Department, is funded by countywide user fees accounted for in the [Public Safety Dispatch Fund](#), which also supports the [Fire Department's](#) Fire/EMS Dispatch Center.

(Links in the above paragraph go to the fund statements in the Fund Budgets section of the document. Revenues and expenditures by fund for **this department** are on the following pages.)

-------------------------	--------------	--------------	--------------	--------------	--------------

[Budgeted positions are listed](#) in the personnel section.

Significant Expenditure Changes

- Increase in *Salaries and Benefits* of 11.6% includes retro pay and a large increase in medical insurance premiums and salary step increases for eligible staff.
- Increase in *Intergovernmental Services* of 11.1% is primarily due to costs associated with the incarcerating criminals.
- Decrease in *Capital Outlay* of -72.6% is due to servers purchased in 2012 for the What-Comm facility that manages the countywide 9-1-1 dispatch center.
- Increase in *Interfund Transfers* 157.1% is to help cover the cost of police officer assigned to schools and associated costs.

[Capital projects and purchases](#) for the Police Department are listed in the Capital Facilities Plan.

Police Department

Police Department Budget Summary – Revenues

The difference between the revenues generated by the department and the department's total expenditures may be made up from fund reserves and from revenue sources shared by multiple departments, or by increases or decreases in this department's fund reserves. These revenue tables show department-generated revenue only. The total resources from each fund that balance to the department expenditures are shown in the department's Funding Sources table on the previous page.

Police Department Program Groups

The Police Revenues and Reserves group accounts for revenues and fund reserves specific to the Police Department, but shared between the programs within the department. This group is not used for expenditures.

Department revenues are generated by the program groups as shown below.

Revenues by Group	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
<i>Police Revenues and Reserves</i>	2,519,601	2,697,502	2,805,532	4.0%	2,805,541
<i>Police Administration</i>	645,591	630,296	656,568	4.2%	367,453
<i>Patrol/Traffic Operations</i>	496,421	468,822	481,742	2.8%	452,146

<i>Police Dispatch Operations</i>	3,054,780	3,709,220	3,436,988	-7.3%	3,386,540
TOTAL EXPENDITURES	24,187,039	24,441,389	26,370,362	7.9%	26,005,977

Group Descriptions

The Police Administration group includes the Police Chief and Deputy Chiefs and department accounting. Pension contributions for law enforcement personnel are accounted for in this group.

The Patrol/Traffic Operations group accounts for the uniformed officers that respond to 9-1-1 calls, including crime scene investigators, and K-9 officers. This group also includes traffic officers that focus on traffic violations and complaints and may serve as first responders to traffic accidents.

Police Department Program Groups (continued)

Group Descriptions (continued)

The Police Special Operations group includes Special Weapons and Tactics (SWAT) and Special Emphasis activities.

The Police Investigation Operations group provides follow up on initial crime from patrol officers when needed. This unit is divided into two divisions – Major Crimes and Family Crimes.

The Police Office of Professional Responsibility provides for training, department certification, and internal affairs.

The Police Records Operations group assembles, maintains, retrieves and disseminates all pertinent police data related to department operations. This includes processing protection orders, citations, warrants, disclosure requests, concealed pistol licenses, and more.

The Police Proactive Operations group works to establish positive relations, build trust, and encourage community involvement. The unit provides education resources to schools, businesses, and neighborhood organizations.

The Police Dispatch Operations group operates the What-Comm dispatch center, providing 24 hour communications services for the Bellingham Police and Fire Departments, the Whatcom County Sheriff's Office, and various fire districts and other agencies throughout the county.

Police Department 2013 Work Plan

1. Police Department regular workload:
 - Patrol Operations will receive and answer 60,000 incidents, emergent and non-emergent
 - Detectives and Special Investigations will follow up on 1,200 criminal case investigations
 - Traffic division will issue 6,000 citations and investigate 1,200 accidents
 - All personnel will receive 13,000 hours of state required and specialized unit training
 - Dispatchers answering 130,000 calls countywide
 - Continuation of crime prevention programs and community outreach activities and events
2. Changes:
 - 2013, reduction of 2 FTE's, from frozen positions to fund an increase in the jail budget
 - New Police Chief in 2013
3. Work Plan:
 - Re-implementation of a department Community Advisory Council
 - Implementation of Sector (Statewide Electronic Collision and Ticket Online Records)
 - Offer a 9 week Citizen's Academy
 - Evaluate potential for collocating dispatch centers and combining supervision/administration
 - Prepare proofs in 2013 for compliance in the 2014 reaccreditation process.
 - Identify grants and coordinate on a program to combine grant management.
 - Identify and coordinate with Judicial Services recommendations to provide security to municipal Court.

Police Department 2012 Accomplishments

1. Completed Hiring Process and Selection of Chief Cook
2. Implementation of SECTOR (State Wide Electronic Collision and Ticket On-line Records)
Collaborative effort among state and local agencies to create a seamless and integrated system through which traffic-related can travel from its point of origin to end use and analysis. The heart of this undertaking is to eliminate the excessive inefficiencies characteristic of our state's current paper based process of collecting and exchanging ticket and collision information. This information is redundantly hand entered in no less than three separate agencies databases, as well as the local law enforcement systems. Designed to provide law enforcement personnel across the state with an electronic tool to quickly and accurately capture collision and ticket report information in the field.
3. Realization of benefits of employee training in the ICS (Incident Command System) as demonstrated in the investigation and management of resources in the Squalicum Harbor Fire where the police department took a leadership role in collaboration with Bellingham Fire, Federal, and State agencies.

Police Department Performance/Activity Measures

As part of community policing efforts, at least one officer, traffic officer, and detective are specifically assigned to each City neighborhood.

Police Calls for Service by Neighborhood - 2012

Both calls for service and crime rates represent workload for the Police Department. These numbers may provide some indication of effectiveness of the Police Department, but are impacted by the availability of officers to both generate and respond to calls, and by the willingness of residents to provide assistance to or request assistance from Police officers.

Police Dispatch Group Workload	2003 Actual	2004 Actual	2005 Actual	2006 Actual	2007 Actual	2008 Actual	2009 Actual	2010 Actual	2011 Actual	2012 Actual
CAD Incidents	125,544	128,089	126,709	128,089	128,665	129,048	128,416	128,734	127,248	124,480
CAD Incidents per Dispatcher	5,458	5,569	5,509	5,569	5,594	5,611	5,583	4,951	5,533	5,081
<i>CAD Incidents = the number of incidents generated by Computer Assisted Dispatch (CAD) system at the 911 Center for all County law enforcement agencies.</i>										

Performance/Activity Measures (continued)

Hate Crimes	
2004	2
2005	1
2006	1
2007	0
2008	4
2009	2
2010	8
2011	5

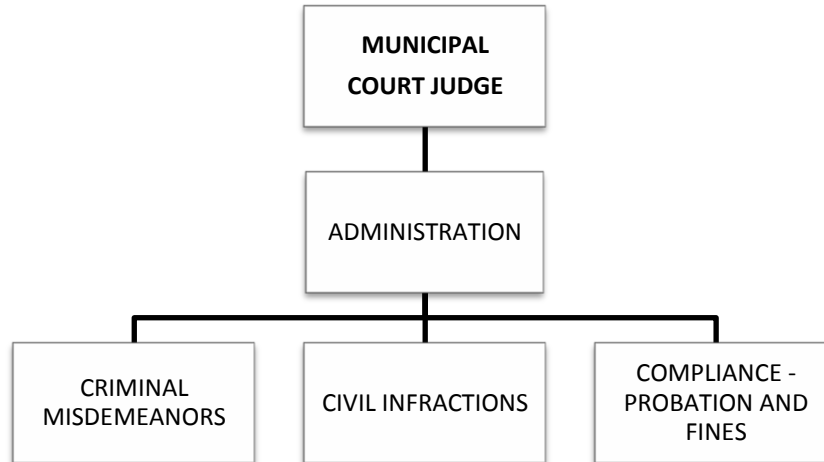

Violent crimes include murder and rape, which did not increase in 2010; and robbery and assault, which account for all of the 2010 increase in the violent crime category.

Hate crimes are defined as those motivated by biases based on race, religion, sexual orientation, ethnicity/national origin, and disability.

Property crimes include burglary, larceny, and motor vehicle theft.

JUDICIAL SERVICES DEPARTMENT

Departmental Mission

Administer the operations of the judicial branch of city government in a neutral and effective manner and ensure equal access to justice for all citizens.

Description of Services

Bellingham Municipal Court has jurisdiction over violations of the Bellingham Municipal Code, including both criminal matters and civil infractions committed within the city limits.

CRIMINAL: The most common criminal cases heard in the Bellingham Municipal Court include assault, malicious mischief, theft, driving under the influence of intoxicants (DUI), trespassing, violation of protective orders and probation terms, driving with a suspended license, disorderly conduct, and minor in possession or consumption of alcohol. Many of the Court's criminal cases involve domestic violence.

CIVIL: The Court also hears thousands of civil infractions, primarily involving traffic and parking violations, each year. The Court has appellate jurisdiction over impoundment decisions of the City's Hearing Examiner.

The Whatcom County Superior Court has jurisdiction over felonies committed within the County, including those within the City of Bellingham.

For more information and on-line services visit the [Municipal Court web page](#).

Judicial Services Department Budget Summary

The Judicial Services program is budgeted from the General Fund. A transfer to the General Fund from the Parking Services Fund recovers the processing costs of parking enforcement.

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
<i>General</i>	2,343,550	2,661,617	1,991,376	-25.2%	2,055,223
TOTAL ALL SOURCES	2,343,550	2,661,617	1,991,376	-25.2%	2,055,223

Expenditures by Type	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate

TOTAL EXPENDITURES	2,343,550	2,661,617	1,991,376	-25.2%	2,055,223

TOTAL PAID STAFF	12.9	14.0	15.0	7.1%	15.0
-------------------------	-------------	-------------	-------------	-------------	-------------

[Budgeted positions are listed](#) in the personnel section.

Significant Expenditure Changes

- The increase of 7.2% in *Salaries and Benefits* is the result of one additional FTE in 2013 and an increase in medical insurance premiums and salary step increases for eligible staff.
- Both the -25% decrease in the General Fund Source of revenues and the -90.7% decrease in *Other Services and Charges* are the result of an accounting change for indigent defense contracts.

Judicial Services Department

Judicial Services Department Budget Summary – Revenues

The difference between revenues shown below and the department's expenditures is made up from General Fund reserves or revenues shared by multiple departments.

The transfer-in shown in the revenue table below is from the Parking Services Fund.

General Fund

Revenues by Sub-type	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate

Judicial Services Department Program Groups

The Judicial Services Department is accounted for in a single group and fund.

Revenues by Group	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
Municipal Court Services	1,731,648	1,829,800	1,878,300	2.7%	1,849,075
Subtotal of Revenues by Group	1,731,648	1,829,800	1,878,300	2.7%	1,849,075

Expenditures by Group	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
Municipal Court Services	2,343,550	2,661,617	1,991,376	-25.2%	2,055,223
TOTAL EXPENDITURES	2,343,550	2,661,617	1,991,376	-25.2%	2,055,223

Judicial Services Department

Judicial Services Department Work 2013 Plan

1. Analyze impact of weighted caseloads for indigent defense attorneys.
2. Implementation of SECTOR (eTickets) for case filings.
3. Respond to unfunded mandates due to changes in legislation and/or reporting requirements.

Judicial Services Department 2012 Accomplishments

1. The court initiated processing electronic tickets (eTickets) for criminal and infraction cases.
2. The court added new options for online payments through the city's website and a third party vendor.
3. The court implemented the city central cash receipting system.

Judicial Services Department Performance/Activity Measures

Municipal Court Services Group	2005 Actual	2006 Actual	2007 Actual	2008 Actual	2009 Actual	2010 Actual	2011 Actual	2012 Actual	Benchmark or Target
Case Load Per Public Defense Attorney*				486	392	436	399	378	400
<i>*WA Office of Public Defense recommended maximum caseload is 400; criteria for public defender program grants.</i>									
% of Criminal Cases completed within 90 days*			80%	82%	86%	83%	85%	82%	90%
<i>*Includes cases in warrant, which should be on timeout status and not able to be completed. Can't track at this time.</i>									
Clearance Rates - Number of outgoing cases as a percentage of incoming cases									
All Infractions	110%	107%	108%	110%	109%	115%	102%	106%	100%
All Criminal Misdemeanors	137%	117%	112%	109%	102%	104%	113%	108%	100%

Clearance rates measure whether a court is keeping up with incoming caseloads. Failure to do so results in a backlog of cases awaiting disposition. Courts aspire to have a clearance rate of 100%. This is a nationally recognized performance measure.

PARKS AND RECREATION DEPARTMENT

Departmental Mission

Support a healthy community by providing high quality parks and recreation services.

Description of Services

Provide park planning, land acquisition, stewardship, and [design and construction of parks](#) and recreation facilities to meet the demands of a growing and changing community.

Maintain and operate [community recreation assets](#) including:

- Neighborhood and community parks.
- Park facilities, including Bloedel Donovan Multi-Purpose Facility, Civic Athletic Complex, and a variety of athletic fields and courts.
- Enterprise operations including [Lake Padden Golf Course](#) and [Bayview Cemetery](#).
- Multi-modal trail system.
- Open space, natural areas, and [greenways](#).

Provide a comprehensive, year-round [recreation program](#). This includes managing the [Aquatic Center](#), athletic facilities and recreation programs, and providing scheduling, coordination and support for other community programs sponsored by a variety of groups and agencies.

More information can be found on the [main department](#) and [department services](#) web pages.

Parks and Recreation Department

Parks and Recreation Department Budget Summary

The Park Department's administration, planning, maintenance, and recreation programs are primarily paid for from the City's General Fund.

Funding for park land acquisitions and park development comes from special revenue funds – Real Estate Excise Taxes that are shared citywide, and funds dedicated to parks including: [Park Site Acquisition](#), [Greenways Funds](#), and [Park Impact Fund](#). The expenditure from the [Greenways Endowment](#) fund pays for the maintenance of Greenways properties.

In addition, the Parks Department manages the Bayview Cemetery and Lake Padden Golf Course.

- The [Golf Course Fund](#) is the enterprise fund for the operation of the Lake Padden Golf Course. Golf course management is contracted with a private company.
- The [Cemetery Fund](#) is the enterprise fund for the operation of the Bayview Cemetery. The General Fund contributes \$221,000 per year toward the operation of the cemetery.

(Links in the above paragraphs go to the fund statements in the Fund Budgets section of the document. Revenues and expenditures by fund for **this department** are on the following pages.)

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate

TOTAL ALL SOURCES	22,449,028	12,362,058	12,721,186	2.9%	19,754,681

Significant Changes In Funding Sources

- The *Environmental Remediation* change of -97% is the result of transferring \$1,000,000 from the General Fund to this fund in 2012 for the city's portion of the environmental cleanup at the South State Gas Manufacturing Plant and R.G. Haley sites. This money will be combined with grants as well as third party payments to cleanup these sites over the next several years.

Parks and Recreation Department Budget Summary (continued)

Significant Changes In Funding Sources (continued)

- The 2nd ¼% Real Estate Excise Tax change of 600% is due to an increase of \$150,000 earmarked for citywide playground repairs and safety enhancements.
- The *Beyond Greenways* increase of 694.2% is for two large capital repair projects. Replacing the Astroturf at Civic Stadium and re-tiling and preventive maintenance at the Aquatic Center.
- The *Greenways III* change of 81.8% is the net of revenues, expenditures, and reserves. All unspent funds are carried forward into the subsequent year and used for land acquisition and park construction.
- The *Golf Course* change of 62.9% is for capital maintenance and repairs to the golf course.

Expenditures by Type	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate

[Budgeted positions are listed](#) in the personnel section

Significant Expenditure Changes

- The increase in *Salaries and Benefits* of 5.5% is the result of a large increase in medical insurance premiums and salary increases for eligible staff.
- Decrease in *Other Services and Charges* of -43.8% is for professional services associated with the South State Street Gas Manufacturing Plant that was in the 2012 budget and will continue into 2013 through reappropriations.
- Decrease in *Intergovernmental Services* of -94.2% is to pay for the Department of Ecology staff associated with the South State Street Gas Manufacturing Plant environmental remediation budgeted in 2012 and will continue in 2013.
- Increase in *Capital Outlay* of 76.9% is due to planned capital improvements and land acquisition in 2013.

[Capital projects and purchases](#) budgeted for the Park Department are listed in the Capital Facilities Plan. The department also maintains a [Capital Projects web page](#).

Parks and Recreation Department

Parks and Recreation Department Budget Summary -Revenues

The difference between revenues attributed to the Parks and Recreation Department shown below, and the department's expenditures is made up from fund reserves or revenues shared by multiple departments, or by increases or decreases in this department's fund reserves. The total funding sources required to fund the department are shown in the [Funding Sources](#) table at the beginning of this budget summary.

Group Descriptions

The Parks Revenues and Reserves group accounts for revenues and fund reserves specific to the Parks and Recreation Department but shared between the programs within the department. This group is not used for expenditures.

The Parks and Recreation Administration group provides management and administrative support for the department and technical resources to the community and advisory board.

The Parks Operations Management group maintains the city parks, facilities, and open space areas.

Parks and Recreation Department Program Groups (continued)

Group Descriptions (continued)

The Parks Grounds group maintains landscaping, trails, and open spaces, for both public enjoyment and wildlife habitat preservation.

The Parks Buildings group maintains facilities and structures, electrical, mechanical and water systems for the Parks and Recreation Department.

The Parks Cemetery group operates and maintains the Bayview Cemetery.

The Parks Golf Course group oversees the leased operation of the Lake Padden Golf Course and provides for capital maintenance and improvements.

The Recreation Management group oversees a variety of recreation programs and services by the City and through coordination with schools and other agencies.

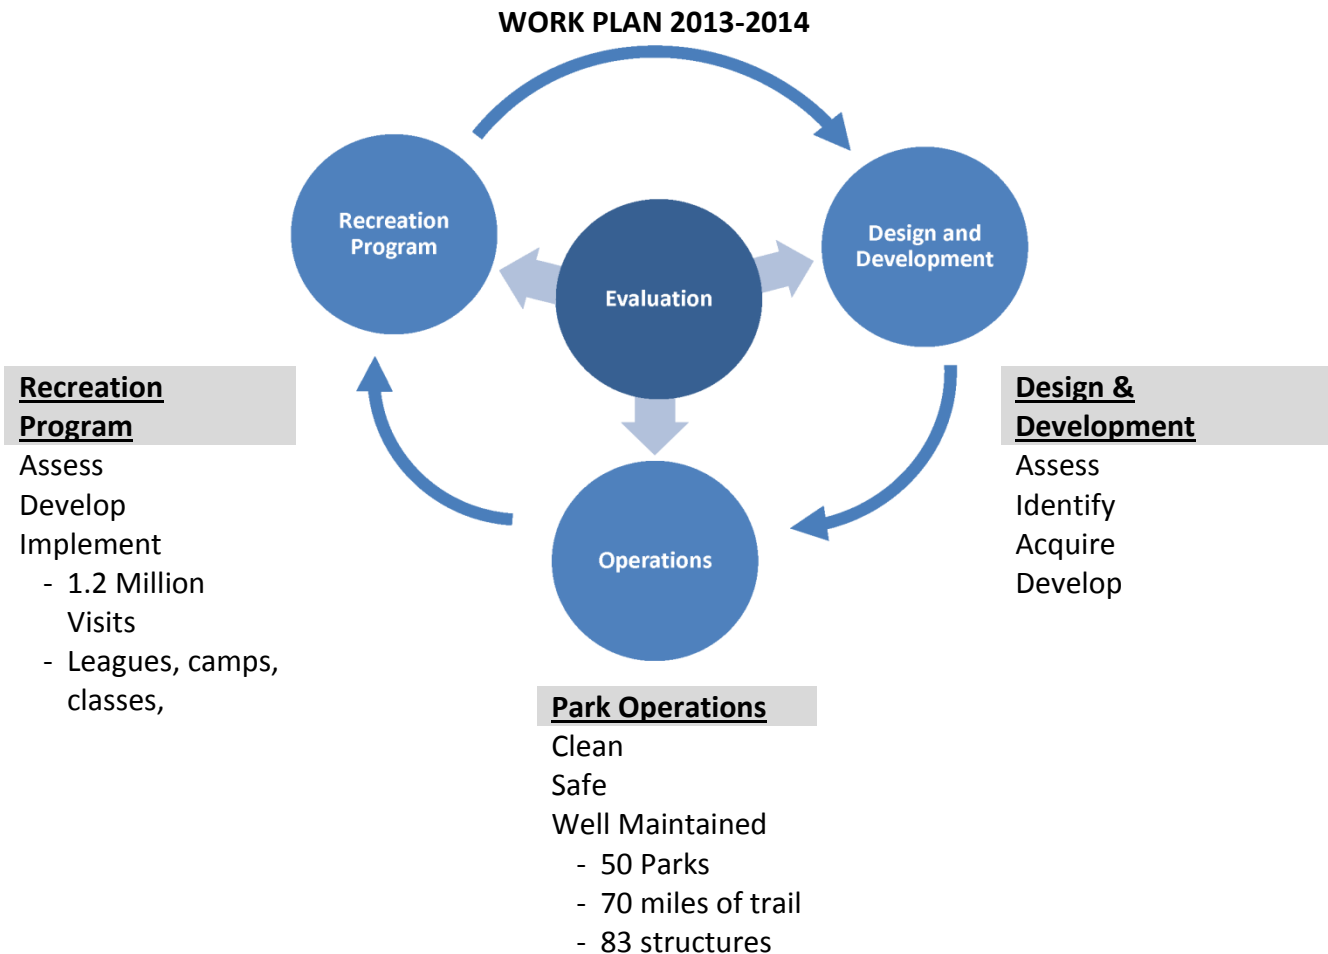

The Recreation Aquatics group operates the Arne Hanna Aquatic Center.

The Sports and Enrichment group coordinates adult and youth sports leagues, provides enrichment programs for all ages and abilities, and publishes the Leisure Guide quarterly publication. This group coordinates community events and celebrations such as the summer concert series and New Year's celebrations. This group also schedules and maintains athletic fields.

The Parks Design and Development group plans, acquires, designs, and develops parks, trails and open space areas in accordance with the City's Comprehensive Plan.

The Parks Capital Improvement group accounts for the cost of land acquisition, park and trail construction, and park renovation and habitat restoration projects.

Parks and Recreation Department 2013 Work Plan

Parks and Recreation Department 2012 Accomplishments

1. Acquired 13 acres of waterfront property at Whirlwind Beach near Locust Drive, ensuring public views and use of the beach into the future.
2. Completed greenway trail connections along Division Street between Aldrich Road and Eliza Avenue in the Cordata Neighborhood and on the Barkly Trail between Orleans Street and Barkley Boulevard in the Barkley Neighborhood.
3. Made improvements to Woodstock House and grounds and hosted numerous concerts, weddings and other events.

BELLINGHAM PUBLIC LIBRARY

Dashed line indicates an advisory relationship.

Deep shadow with solid line on box indicates a direct advisory relationship with an organization outside the City of Bellingham.

Bellingham Public Library Mission

Bellingham Public Library shares the power of information, encourages the discovery of ideas, and promotes the joy of reading with all members of the Bellingham community.

Visit the Library's virtual branch at www.bellinghampubliclibrary.org

Description of Services

The Bellingham Public Library serves as the community's primary information center and offers the following core services in support of its mission. Excellent customer service is a top priority in implementing each one of these public services which contribute to the quality of living and learning in Bellingham.

Materials

- Bellingham Public Library holds a diverse collection of library materials and information in a variety of print and non-print formats. Examples include books, eBooks, magazines, newspapers, visual and audio materials, and electronic databases. The Library's collection emphasizes children's materials and materials for people who work with children. It focuses on reading readiness, early learning, establishing library and reading habits, and promoting the joy of reading and lifelong learning. The collection represents a diverse, popular, general interest public library audience. Greater collection depth is emphasized in local and regional history, local documents, and genealogy.

Library Department

Access

- Library resources are available at the Central Library, the Fairhaven and Barkley branch libraries, and also may be accessed and reserved by customers through the Library's virtual branch: www.bellinghampubliclibrary.org. Public Library materials may be dropped off and picked up at a variety of partnership locations throughout the community, including at these educational institution libraries: Western Washington University, Bellingham Technical College, Whatcom Community College, and Northwest Indian College. Through an interlocal agreement with the Whatcom County Library System (WCLS), library materials owned by Bellingham Public Library and WCLS are available to all residents through a shared online catalog of materials. Additionally, members of the public now have free access to the resources at all academic libraries. Access to other materials and resources held by cooperating local and national libraries of all types are available electronically or through other cooperative arrangements.

Assistance

- Reader's advisory and information assistance are provided for customers of all ages, as they search for the resources they need to succeed in their personal, work, school, or community activities. Computer and database classes, as well as library orientations, are regularly offered for children and adults. Assistance with library and information resources is available by telephone, in person, or on the library's website.

Programs

- The Library collaborates with other City departments, volunteers, and community organizations or individuals each year to sponsor or co-sponsor educational and informational programs. Programs offered to community members about issues affecting their lives connect people with the information and library resources they need for lifelong enrichment and education.

Place

- Bellingham Public Libraries are important community centers in a city that values reading and learning. Community groups use the libraries for meetings, educational events, and public forums. The libraries connect the community together by serving as neutral, welcoming places for citizens to gather, study, discuss, and learn.

Bellingham Public Library Budget Summary

The Library is funded primarily by the General Fund. The [Library Gift Fund](#) is used for accumulation and expenditure of donations to the Library and is usually spent on books and other library materials.

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate

Library Department

Bellingham Public Library Program Groups

Department revenues are generated by the program groups as shown below.

Revenues by Group	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
<i>Library Services</i>	409,227	369,625	374,181	1.2%	381,671
Subtotal of Revenues by Group	409,227	369,625	374,181	1.2%	381,671

Department expenditures are allocated to the program groups as shown below.

Expenditures by Group	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
<i>Library Administration</i>	471,001	484,827	582,704	20.2%	526,101
<i>Library Services</i>	2,564,604	2,638,308	2,762,658	4.7%	2,825,160
<i>Library Facilities</i>	486,721	537,132	563,495	4.9%	579,134
TOTAL EXPENDITURES	3,522,326	3,660,267	3,908,857	6.8%	3,930,395

Group Descriptions

The Library Administration group accounts for administrative operations of the Library.

The Library Services group accounts for library operations including Children's Services, Circulation Services, which includes Branch and Outreach Services, Information and Reader Services, and Technical and Network Services.

The Library Facilities group accounts for custodial services and most maintenance projects for Library facilities.

Bellingham Public Library 2013 Work Plan

1. Bellingham Public Library Strategic Plan 2013-2017 draft is nearing completion; ready for implementation in February.
2. Rebuild library materials collection; 2013 includes inflationary increase and additional funding for eBooks (+ \$25,000).
3. Replace public computers and upgrade software (+ \$82,600).
4. Support operating costs of Barkley Branch Library (+ \$6,400).
5. Implement 2013 Rates & Fees changes adopted by the Library Board.
6. Continue Bellingham Public Library Connection partnerships with all area academic institutions: WWU, BTC, and WCC.
7. Assess potential efficiencies and cost savings of collaborative technical services work between Bellingham Public Library and the Whatcom County Library System.
8. Provide opportunities for the community to give to the Bellingham Public Library by supporting Friends of the Library fundraising efforts and promoting established library funds at the Whatcom Community Foundation.

Bellingham Public Library 2012 Accomplishments

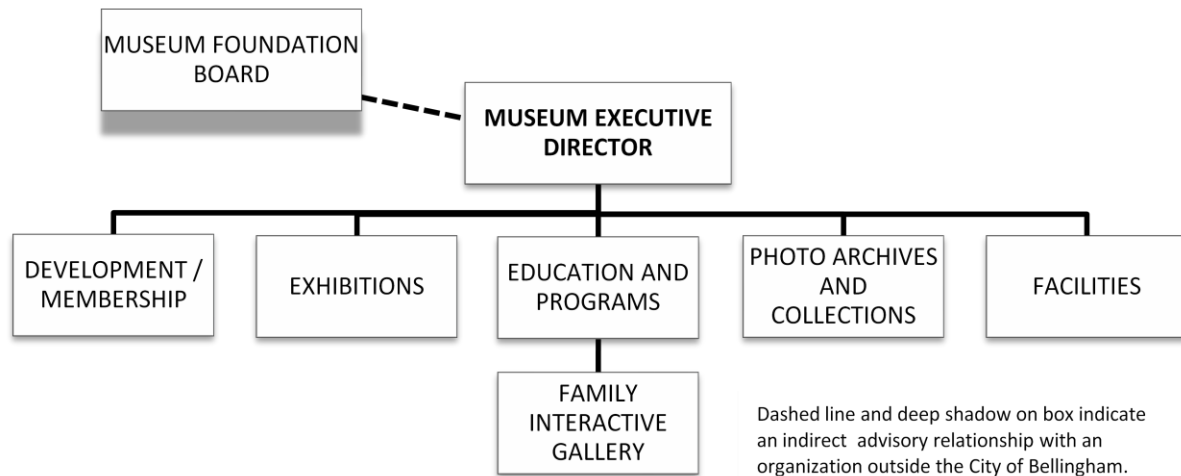

1. Began a Strategic Planning process that included significant public feedback. With community input, we developed a new mission and bold goals for the next five years. One immediate result of the plan was to improve the public's parking experience at the Central Library by increasing the number of free limited-term spaces.
2. Upgraded the search interface for the library's online catalog. The upgrade improved search ability, incorporating many features common to major websites. The catalog is more user-friendly and offers features our patrons have requested.
3. Presented 818 programs, including story times, trainings and workshops, school class visits and other enrichment opportunities for all ages. 1,602 children completed the Summer Reading Program, a 39% increase over 2011, and each finisher proudly displayed "A Summer Reading SUPERSTAR Lives Here" sign in their yard or window; signs are funded by the Friends of the Library.

WHATCOM MUSEUM

Whatcom Museum Mission Statement

Whatcom Museum provides informative, innovative, and interactive educational programs and exhibitions about art and Northwest history and the influences that affected their evolution. We seek to stimulate inquiry about our changing cultural, natural, and historical landscapes, for the youngest to the oldest minds, and to inspire preservation of and creative contributions to our region.

Our guiding words – Innovate, Inspire, Inform, Interact!

Description of Services

The Whatcom Museum collects, preserves, exhibits and interprets objects related to the Pacific Northwest's human history, visual arts, and ornithology. As a cultural center of the area, the Museum plays a vital role in offering educational, cultural and historical experiences to the public through its extensive exhibitions, programming and outreach activities. The Museum contributes to the quality of life of the area in four ways:

- Building and maintaining collections and photo archives to preserve historical and cultural objects and photographs for future generations; these collections are accessible to the public for research purposes.
- Providing educational programming and public outreach, including extensive programs for school age children, as well as musical concerts, lectures and workshops.
- Organizing exhibitions related to regional history and/or art.
- Offering innovative learning experiences for children of all ages.

Visit the Museum's website at www.whatcommuseum.org

Museum Department

Museum Department Budget Summary

The City's funding of the Museum is primarily from the General Fund. Tourism funds and REET funds are also used for operating the Museum.

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
General	1,390,348	1,582,180	1,537,745	-2.8%	1,567,883
2nd 1/4% Real Estate Excise Tax	-	150,000	-	-100.0%	-

Museum 2013 Work Plan

1. Provide 4 major exhibitions plus 4-5 smaller venues in Lightcatcher Building; prepare for Vanishing Ice opening November 1, 2013. (Have received nearly \$100,000 in grants for this exhibition).
2. Complete Old City Hall and Syre preliminary new interpretive plan as prerequisite for NEH Planning Grant due January, 2014.
3. Launch new Development initiatives with Foundation for increased individual giving.
4. Plan for art auction 2013 in Old City Hall, Fall, 2013 as major fundraiser for Museum Foundation.
5. Continue to partner with community groups and agencies for increased programs and visitors in Old City Hall. (i.e., the exhibition Vanishing Ice includes some 26 partners for programming and presentations).

Museum 2012 Accomplishments

Completion of five-year strategic plan. In February of 2011, the Museum Foundation contracted with William Cleveland of the Center for the Study of Art and Culture in the Seattle area to work with both the Foundation Board of Trustees and senior museums staff on the creation of the plan. Work ensued for the rest of the year, and in 2012, a final plan was adopted with seven major goals. The plan also functions as a work plan for staff.

Reorganization of museum staff. With the budget cutbacks of recent years, retirements, and job eliminations, a new staff organization has been put into place. The Foundation has strengthened its fundraising function by hiring a development director and new membership coordinator. The Foundation has also taken on the responsibility of hiring an Accounting person, eliminating the need for a city-funded, fulltime Accounting Technician.

Began new “vision” for the future uses of the Old City Hall and Syre Education Center. Funded through private dollars, the Foundation hired a consultant to assist museum staff and key community stakeholders in defining a vision of the upgrade of exhibitions and programs in the two historic buildings. Likewise, a new, Facilities Committee has been appointed by the Foundation Board to work with staff in identifying and upgrading needed estimates for the installation suppression system for both buildings. The intention is to privately raise dollars in 2014 toward that project. New exhibits cannot be installed until the fire suppression system is complete.

Museum Performance/Activity Measures

Museum	2003 Actual	2004 Actual	2005 Actual	2006 Actual	2007 Actual	2008 Actual	2009 Actual	2010 Actual	2011 Actual	2012 Actual
Total Attendance (Thousands)	103.3	104.6	111.7	106.0	103.7	90.7	50.4	70.9	65.0	72.4
Memberships - New	274	276	355	313	322	233	688	998	875	703
Membership Renew als	728	740	753	732	713	604	630	540	970	1024

Attendance numbers through 2008 include the separate children’s museum, which is now closed. The new attendance numbers are for the Lightcatcher.

Definition of Terms for Membership #'s:

New: Never been a member before OR return after lapse of 3 months or more OR receive a gift membership.

Renewal: Member has been a member within the last 15 months.

Family memberships are counted as one; actual count of people may be higher.

Museum Foundation Board Mission Statement

In alliance with the City of Bellingham, the Whatcom Museum Foundation provides organizational governance and financial backing for the Whatcom Museum of History and Art in support of the Museum’s mission to enhance the quality of life for our community.

Museum Foundation Budget Summary

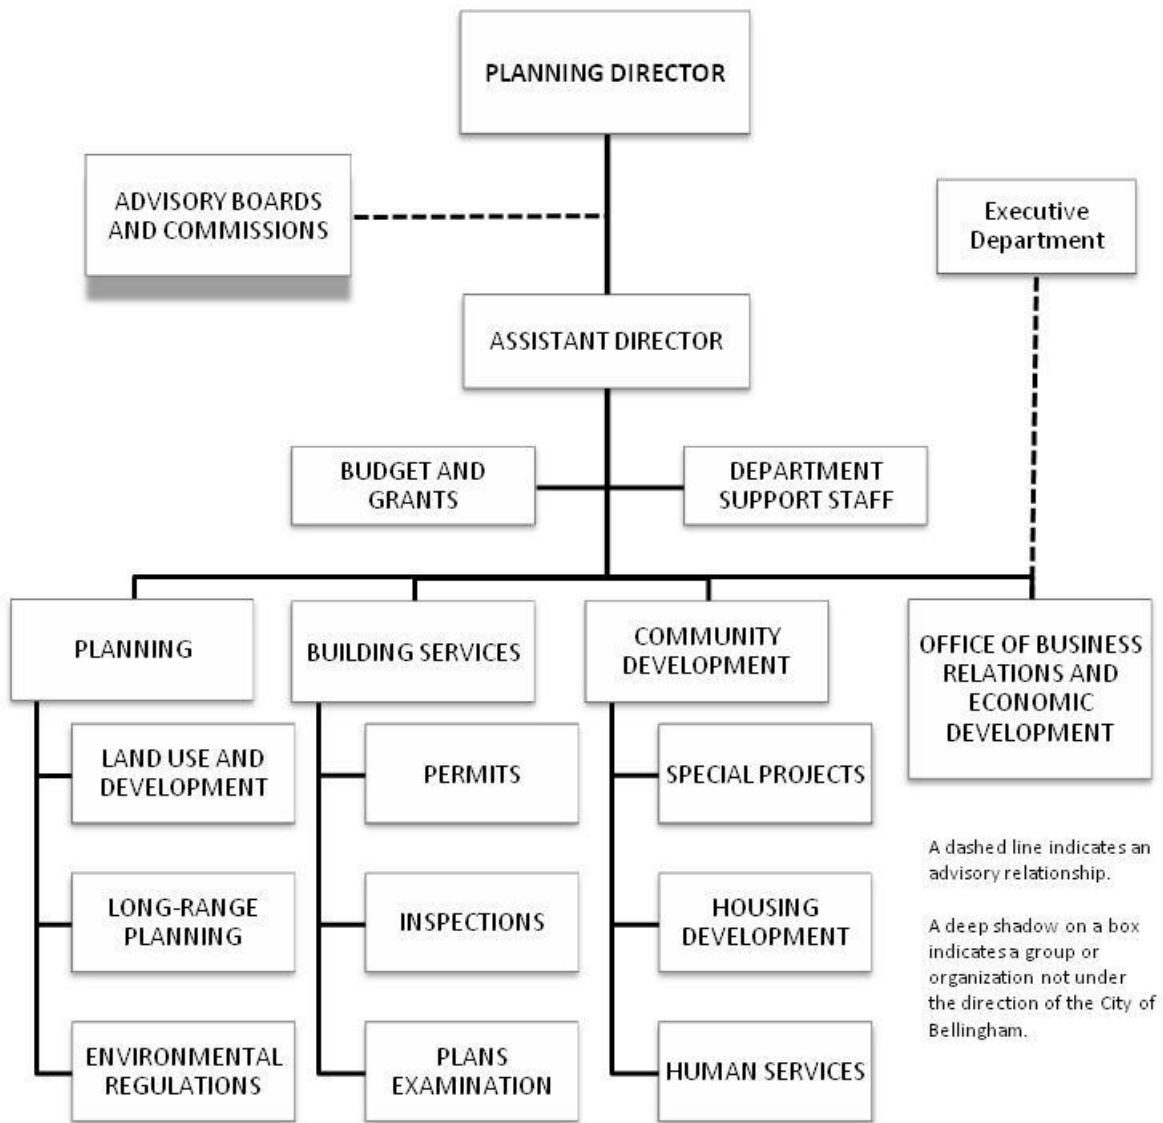

The Museum Foundation provides supplemental funding for areas not covered by City funding including: the Foundation Board, fund-raising, membership development and services, public relations, Children’s Museum, and Gift Shop.

This data for the Museum Foundation is provided in order to give a more complete picture of the Museum’s operation. The Museum Foundation is a non-profit entity providing services and funding to the museum operations in support of the City’s budget. Further information may be found in the Museum’s Annual Financial Report.

PLANNING AND COMMUNITY DEVELOPMENT DEPARTMENT

Planning and Community Development Department Mission

Planning: Guide community growth and development in a manner that protects environmental resources, promotes distinctive neighborhoods and a healthy downtown and involves citizens in the decisions that affect them.

Building Services: Contribute to a safe, dynamic and livable community by maintaining a [Permit Center](#) offering fair, consistent, and timely customer assistance; providing a unified regulatory process; providing efficient, technically competent plan review, permitting and inspection services to ensure that buildings and construction meet adopted City codes and standards.

Planning and Community Development Department

Community Development: Enhance the quality of life for the citizens of Bellingham by focusing on community identified needs, strategic partnerships and customer service benefiting the public and promoting a prosperous community.

Description of Services

Planning

- Maintain and update Bellingham’s Comprehensive Plan and Neighborhood Plans.
[Community planning documents](#) may be viewed on the web site.
- Carry out development review and process permits consistent with land use, subdivision, and environmental regulations.
- Maintain and update City codes related to land use, development regulation, subdivision regulation, and the environment.
- Develop periodic population, housing and employment projections and maintain land use and natural resource inventories.
- Initiate planning processes in response to emerging community issues.

Building Services

- Assist property owners, designers, and contractors to achieve zoning, municipal code, and building code compliance by providing technically accurate, thorough and timely plan review and construction inspection.
- Provide public information resources such as self-help access to City databases, maps, utility and land use information, code books, technical resource manuals, clear and concise information brochures in standardized format and design.
- Manage the Building Services Fund to link cost recovery to the cost of providing service while ensuring continuity of services.

Community Development

- Plan, procure funding for, and coordinate community planning, capital projects, tourism, arts, economic development, affordable housing and human service initiatives.
- Develop and manage public processes, master planning, and development strategies including public/private partnerships to further downtown and neighborhood revitalization efforts.
- Provide financial support for projects benefiting low/moderate income households and neighborhoods using federal Community Development Block Grant and HOME Investment Partnership grants in accordance with federal regulations.
- Work with a variety of non-profit and for-profit organizations to address broad community needs and goals.

More service and major project information is available on the [Department’s web page](#).

Planning and Community Development Department Budget Summary

The General Fund wholly funds the Planning Division and the City Center Development activity, and contributes to the Community Development activity. The Building Services Division is funded entirely from the [Development Services Fund](#). The [Community Development Block Grant](#) (CDBG) and [HOME Investment Partnership Grant](#) Funds and account for their respective Federal grant programs. The [Low Income Housing Levy Fund](#) is new in 2013 to account for a property tax levy and low income housing assistance program approved by Bellingham voters. The Tourism Activities and Facilities program is entirely funded by the [Tourism Fund](#).

[Budgeted positions are listed](#) in the personnel section.

Significant Changes In Funding Sources

- Increase of 21.5% in *Tourism* is due to an improvement in the economy and more visitors to Bellingham. This revenue is used to fund competitive grants that promote Bellingham and encourage tourism.
- Voters approved a seven-year \$21 million housing levy in November 2012.
- Increase of 14.7% in *Development Services* is due to continued improvement in the building industry and the corresponding increase in zoning and permit fee.

Significant Expenditure Changes

- Increase of 6.4% in *Salaries and Benefits* is the result of a large increase in medical insurance premiums and salary increases for eligible staff.
- Increase of 113.4% in *Other Services and Changes* is made up of \$3 million per year in expenditures for housing assistance associated with the Housing Levy

Planning and Community Development Department

Planning and Community Development Department Budget Summary - Revenues

The difference between revenues shown below and the department's expenditures is made up from General Fund reserves or revenues shared by multiple departments, or by increases or decreases in this department's fund reserves.

TOTAL EXPENDITURES	6,994,810	6,823,107	10,120,558	48.3%	10,381,561

Group Descriptions

The Planning Services Group guides community growth and development while protecting environmental resources and promoting neighborhoods and a healthy downtown.

The Building Services Group oversees rules and zoning that apply to your property, land use or building permits, and building codes enforced by the City of Bellingham.

The Community Development Group coordinates and implements community planning, capital projects, tourism, arts, economic development, affordable housing and human service initiatives. *This includes the new Housing Levy (2013-2019).

The City Center Development Group fosters vibrant downtown and other commercial districts and funds delivery of economic development services.

The Tourism Activities and Facilities Group uses revenue from Hotel/Motel taxes to support local tourism events, facilities and agencies.

Planning and Community Development Department 2013 Work Plan

1. Comprehensive Plan Update 2016 - Phase I
2. Economic Development Chapter
3. Urban Village / Neighborhood Planning – Waterfront, Downtown, Fairhaven Appeal, Whatcom Falls NPA, Sunnyland NPA, King Mountain Rezone
4. Development Code Amendments – Infill Toolkit, SEPA Thresholds, Northern Neighborhood Clean Up, Lake Whatcom, Pipeline Safety Ordinance, Code Publishing Clean Up
5. UGA Tasks – Annexations (Pacific Highway, Bennett/Bakerview, Meridian/Kline/Kelly), ILA Implementation (Rights to Farm and Practice Forestry / City Development Standards in UGA)
6. Permit Software Replacement Project – Phase I (Work Flows, Business Needs, Hansen, RFP)
7. Performance Analysis of Development Permit Process
8. Home Fund Administration

Planning and Community Development Department 2012 Accomplishments

1. Adoption of the Fairhaven Neighborhood and Urban Village Plan with updated development codes and design guidelines.
2. Adoption of a new Inter-Local Agreement for planning with Whatcom County.
3. Adoption of the 2013-2017 Consolidated Plan as well as the 2013 Action Plan as required by HUD.

Much of the Community Development Division's work is funded through Federal grant programs. Only a few highlights are presented in the table above. Goals, work plans and accomplishments for these programs are in the [Consolidated Plan](#), which is available on line. The annual performance report, or CAPER, for the grant programs is on the same page.

HEARING EXAMINER

Hearing Examiner Mission

To provide fair and impartial quasi-judicial proceedings in which the public is encouraged to participate.

Description of Services

- Hear and decide quasi-judicial land use applications and administrative appeals.
- Provide recommendations to the City Council regarding land use and procedural codes.
- Assist the Municipal Court with judicial responsibilities.
- Provide high quality quasi-judicial service.
- Issue decisions in accordance with City ordinances that are consistent with officially adopted City policies, goals, and objectives.

For more information visit the [Hearing Examiner's web page](#).

Hearing Examiner Department Budget Summary

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
General	190,237	206,254	213,530	3.5%	215,311

Average days to issue a decision		13.80	10.98	10.48	9.27	12.08	12.03	12.34	< 15
Semi-annual reports to Council by:									
February 15th	yes	yes	yes	yes	yes	yes	*no		yes
August 15th	yes	yes	yes	yes	no	no	*no		yes

**Annual Reports for 2010 given in March and for 2011 to-date given in December*

"Close of the record" includes time extended for submission of exhibits and briefs. Often the public hearing may be on one day, but the record will be left open for specific submissions and doesn't formally close until those are received.

HUMAN RESOURCES DEPARTMENT

Department Mission

The most important factor in providing quality City service is the caliber and composition of the City's workforce. We partner with departments to recruit and retain a workforce capable of performing the City's work; and to develop a safe, satisfying, motivating work environment, and a cost-effective financially sustainable labor force.

Description of Services

The Human Resources (HR) Department supports the mission of the City through employees and personnel programs.

We are:

- Business partners with client work groups.
- Subject matter experts.

We design and administer:

- Total compensation programs (wages and benefits).
- Performance programs (selection, training, performance management).
- Systems (payroll, Human Resources Information System, Civil Service).
- Policies and compliance programs.

We ensure that the taxpayer receives value for labor dollars.

We advocate for all employees.

For more information, visit the [HR Department's services web page](#).

Human Resources Department

Human Resources Department Budget Summary

The Human Resources (HR) Department is largely operated by the General Fund. The department manages [internal service funds](#) for [Unemployment](#), [Workers' Compensation](#), and [Health Benefits](#); and two [pension and benefit trust funds](#), in order to provide citywide employee benefit programs.

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate

Group Descriptions

The Human Resources Services and Administration group provides management of the department; develops and provides personnel services to City departments in the areas of compensation, benefits, employee wellness, labor relations, recruitment, selection, performance management, and employment policies and regulations; coordinates training and development opportunities for city staff; processes payroll checks for all city employees and benefit entitlements for eligible uniformed retirees; and provides benefits access for employees, retirees, and their families.

The Unemployment Benefits Service group manages the internal service fund and provides unemployment insurance benefits for all city employees.

The Workers' Compensation Benefits Services group manages the internal service fund and provides workers' compensation coverage for all city employees.

Human Resources Department 2013 Work Plan

1. Negotiations, negotiations, negotiations... We will bargain 7 of 9 Collective Bargaining Agreements in 2013.
2. Conduct due diligence study regarding: alternative health insurance plan vendor and/or self-insurance.
3. Implement IT projects to streamline significant HR processes and free staff time for supporting full-time negotiations in the second half of the year.
4. Continue planning for payroll continuity/disaster recovery - multi-year project.

Human Resources Department 2012 Accomplishments

1. Negotiated collective bargaining agreements with the Police Guild, Fire Dispatchers and AFSCME 114 that achieved more sustainable employer costs for health benefits.
2. Partner with ITSD to implement two modules for HRIS: the recruitment / selections module and a new tax module.
3. WellCity standards met and application for 2012 WellCity Award submitted.

Human Resources Department Performance/Activity Measures (continued)

Average Per Enrollee Annual Cost to the City for Medical, Dental, and Vision Coverage

The cost per enrollee for health insurance coverage is rapidly rising. This graph represents only the City's cost.

Employee Paid Medical Premiums - Mandatory Premium Sharing

The City has implemented two programs to help offset the rising cost of medical benefits.

Beginning in 2004, employees are required to pay a portion of their medical premiums.

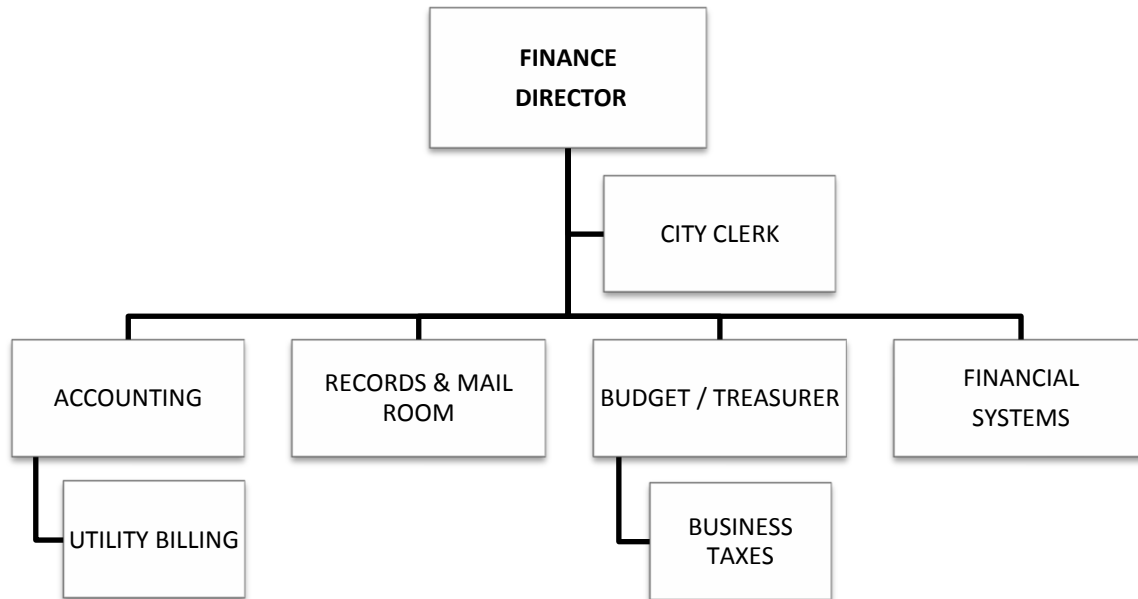

Opt-Out Net Savings

Beginning in 2005, employees that have medical coverage from another source have the option of receiving a cash payment to opt out of receiving coverage from the City. The net premium saving is premium cost saving less opt out payments.

FINANCE DEPARTMENT

Department Mission

Provide excellent customer service to the public and financial stewardship of the City's resources. Provide professional records management, internal mail, financial and accounting services to City departments.

As City Clerk, facilitate communication and information sharing between the City and its citizens, including citizen access to public records.

Description of Services

The Finance Department provides financial services to citizens and City departments including: utility billing and collection, accounts payable, fund accounting, internal financial controls, budgeting and financial reporting. Other support services provided include internal mail service and records management. City Clerk responsibilities include maintaining the record of City Council actions and proceedings and maintaining the original public instruments (contracts, deeds, etc.) to which the City is a party. Treasurer responsibilities include managing the City's debt and investments.

For more information, visit the [Finance Department's services web page](#).

Finance Department Budget Summary

Finance Department operations are funded from the General Fund. Revenues are collected from all city departments based on an internal cost allocation methodology. Other funds listed are [debt service funds](#) administered by the Finance Department.

TOTAL EXPENDITURES	4,724,721	4,374,010	4,170,493	-4.7%	4,240,346

Group Descriptions

The Finance Administration group includes the Finance Director, Financial Systems, and City Clerk office operating costs.

The Finance Services group includes Utility billing and collection, business licensing and taxes, cash management, investing, accounting, and budgeting functions.

The Records, Microfilm and Mail Room function was transferred to the Finance Department beginning in 2011.

The Debt Service Administration group shows the principal, fees and interest incurred by the debt funds managed by the finance department.

Finance Department 2013 Work Plan

1. Continue our upgrades of key financial systems.
 - a. Final installation of cashiering software.
 - b. Focus on developing a new budgeting system for implementation in 2014.
 - c. Interface with IT/Planning/PW on permitting and work order systems.
 - d. Work towards enhancement of purchasing/requisition/contracts management systems.
2. Manage in conjunction with PW the continued transitions of utility customers to metering.
3. Lead taskforce in researching options for enhancing the process for developing the budget.
 - a. Review budget financial inputs and outputs.
 - b. Review fund structures and at cost accounting issues.
 - c. Focus on appropriate measurement of financial issues for intermediate period (3-5 years.)
 - d. Develop more complete integration of budgeting with financial reporting systems.
 - e. Examine how to highlight capital asset replacement and maintenance.
 - f. Develop budgeting process and timeline.
4. Review B & O tax and business registration processes. Provide recommendations on any potential program changes.
5. Look at developing more detailed forecasting tools and how to interface with financial forecasting and possibly performance metrics.
6. Review annexation and waterfront financial modeling. Update as necessary.
7. Develop financial analysis capabilities within management team to assist.
8. Work with PW on facility maintenance cost measurements. Bring forward funding options for facility repair and maintenance.

Finance Department 2012 Accomplishments

1. Updated payment management system for on-line payment services allowing for reduced costs, higher efficiency, stronger cash flow management, and new online payment channels for customers.
 - a. Includes customer access to on-line filing and paying for local B and O tax returns.
 - b. Reduced overall transaction processing costs.
 - c. Implemented lockbox processing for utility payments, which has led to more efficient batch processing and direct deposits into City’s bank account.
 - d. Established new cash receipting locations and opened new channels of payment for customers, such as ability to use American Express, Discover, and e-Check.
 - e. Integrated consistent cash control and payment standards city-wide.
 - f. Upgraded A/R systems allowing for integration and management of most customer accounts receivable on one software platform.
2. Integrated parking services into finance operations reducing staffing requirements.
3. Consolidated the State and City business registration process under a “one-stop” service center and website.
4. Successfully refinanced outstanding bond issues saving the city in excess of \$1.1 million in future debt service.

INFORMATION TECHNOLOGY SERVICES DEPARTMENT

Department Mission

Provide leadership and direction to the departments of the City in identifying and utilizing appropriate information technologies (data, voice, and video) in such a way that the organization is more effective and efficient in providing government services to the public.

Description of Services

Information Technology Services Department (ITSD) is a service and support organization for all City departments. ITSD provides technical systems leadership and support services within the framework of citywide priorities.

For more information, visit the [ITS Department's services web page](#).

Information Technology Services Department

Information Technology Services Department Budget Summary

Information Technology Services receive funding primarily from the General Fund. Public, Education, and Government Television are funded by a Franchise Tax and user subscription fee accounted for in the [Public, Education, & Government Access TV Fund](#) and related equipment subfund. Technology projects and telephone services for most of the City's operations are paid for through the [Telecommunication and Technology Fund](#) and related subfunds.

[Budgeted positions are listed](#) in the personnel section.

Significant Expenditure Changes

- Changes in the IT department budget are primarily related to a reorganization that moved three GIS employees from Public Works into the IT Department. This was done to centralize GIS work, computer maintenance, and software support and then distribute costs associated with these services out to the other departments and funds.
- Increases in *Supplies*, *Other Services and Charges*, *Intergovernmental Services*, *Interfund Charges*, and *Capital Outlay* are all related to the accounting changes to reflect the reorganization described above.

[Capital projects and purchases](#) for the ITS Department are listed in the Capital Facilities Plan.

ITSD Budget Summary – Revenues

The difference between revenues shown below and the department’s expenditures is made up from General Fund reserves or revenues shared by multiple departments, or by increases or decreases in this department's fund reserves.

General Fund

Department Revenues by Sub-type	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate

TOTAL EXPENDITURES	2,913,022	3,737,437	5,113,753	36.8%	6,052,893

Group Descriptions

The Technology Replacements group was created to account for the funds moved from the Technology Replacement and Reserve Fund when the fund was closed. The funds are now part of the renamed Telecommunication and Technology Fund, so this group was created to track the technology funds separately from funds designated for telecommunication.

The ITSD Services group provides system planning and technical support for the City's network infrastructure, hardware and software systems.

The Government and Education Access TV group operates the BTV channel 10 station. BTV10 films City-sponsored meetings and events, produces special programming, and cablecasts programs provided by other government agencies and education institutions.

The Telecommunications group provides billing, planning, and technical support for the City's telephone systems.

ITSD 2013 Work Plan

1. Infrastructure Replacement - replacement of servers and access switches (2013 & 2014)
2. Telephone systems switch and handset replacement - three year effort to replace equipment purchased in 2007 (2013 & 2014, will continue into 2015)
3. Budget Development System - Replace system no longer on maintenance (2013-2014)
4. GIS data updates - Aerial, LIDAR, and Pictometry data updates - last data is from 2008 (2013)
5. Permitting/Work Management Systems Replacement Planning - Phase I (2013)
6. Permitting System Replacement (2014 and beyond)
7. Enterprise Document Management system acquisition and implementation - (2013-2014)
8. Purchase production server and archiver for BTV10; purchase audio equipment for Council Chambers (2013)
9. Purchase Council Agenda development system and convert data in existing systems (2013-2014)
10. Continue annual computer replacements; increase install base of Windows 7 computers (2013 & beyond)
11. Complete significant upgrade of GIS systems for improved performance and increased functionality (2013)
12. Implement software to manage mobile tablet computers and smart phones (2013)
13. Continue work on 2012 financial system projects; implement purchasing/requisition portion of financial system (2013). Additional new financial system projects identified and funded. (2013 & 2014)
14. Fire Department quarterly system upgrades of records, billing, and field-based computer software.
15. Support changes to Utility Billing system related to water metering.
16. Identify parameters for potential RFP related to additional PEG channels.

ITSD 2012 Accomplishments

1. Outdated cashiering system replaced with new system in use by Finance and in several other locations throughout the City. Project is largely complete but will continue into 2013.
2. System for managing recruitment and selection processes that includes the ability for job applicants to fill out job applications online was selected and implemented.
3. Hosted e-mail system to replace Lotus Notes was implemented Citywide. Project included upgrade of Office Suite throughout the City, and policy/technology preparation to support a wider variety of mobile devices in the future. Project was substantially under budget.
4. Intranet launched in first quarter of 2012, with considerable training and content enhancements occurring throughout the year. By year-end 2012, over 20 Lotus/Notes systems had been migrated to the new Intranet, and several new content areas were developed to provide improved reference information and solutions to staff members.
5. Replaced Council Chambers equipment including cameras and projectors. Replaced several servers at end of life and replaced central network storage devices as planned.

*City playback system experienced equipment failures in March/April 2011. A backup system was put into place until the primary system could be replaced.

LEGAL DEPARTMENT

Department Mission

To serve as a model public service law firm providing superior legal counsel to the Mayor, City Council, and departments.

Description of Services

- Provide legal services in support of City goals and objectives.
- Represent the City in federal, state, and other proceedings.
- Defend Council, Mayor, and City department actions.
- Prosecute misdemeanors and code violations.
- Manage the victim advocacy program.
- Review ordinances, contracts, and other documents.
- Manage risk and claims.
- Manage fulfilling Public Records Requests.

More information about the [Office of the City Attorney](#) is available on the department's services web page.

Legal Department Budget Summary

The Legal Services Program is General Funded. [Claims and Litigation](#) funds are collected from city departments based on their insured assets and claims history.

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
<i>General</i>	1,411,589	1,553,015	1,648,575	6.2%	1,667,692
<i>Claims Litigation</i>	1,452,766	1,084,677	1,086,003	0.1%	1,159,564
TOTAL ALL SOURCES	2,864,355	2,637,692	2,734,578	3.7%	2,827,256

Expenditures by Type	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
<i>Salaries and Benefits</i>	1,291,808	1,415,114	1,482,743	4.8%	1,492,640

TOTAL PAID STAFF	12.5	12.8	12.8	0.0%	12.8
-------------------------	-------------	-------------	-------------	-------------	-------------

[Budgeted positions are listed](#) in the personnel section.

Significant Expenditure Changes

- Increase in *Salaries and Benefits* of 4.8% is the result of a large increase in medical insurance premiums and salary increases for eligible staff.
- Increase in *Supplies* of 27.8% is due to the replacement of computer hardware and software.

Legal Department

Legal Department Budget Summary – Revenues

The difference between revenues shown below and the department's expenditures is made up from General Fund reserves or revenues shared by multiple departments, or by increases or decreases in this department's fund reserves.

TOTAL EXPENDITURES	2,864,355	2,637,692	2,734,578	3.7%	2,827,256

Group Descriptions

The Legal Revenues and Reserves group accounts for revenues and fund reserves specific to the Legal Department but shared between the programs within the department. This group is not used for expenditures.

The Legal Services Group provides legal counsel and representation to the Mayor, City Council, and city departments. Beginning in 2011, this group also handles requests for public records.

The Claims and Litigation group provides legal supports for claims and litigation against the City and provides liability insurance and risk management services to city departments.

Legal Department 2012 Work Plan

1. Provide Legal Support for Waterfront Planning
2. Provide Support for Comprehensive Planning
3. Advice and Negotiation for Structuring Unified EMS Service
4. Defend City Land Use Decisions
5. Legal Support for Unified Lake Whatcom Management Plan
6. Land Acquisition, Development, and Property Management Matters
7. Implementation of Sector, a New Software System Used by Police, Co

Legal Department

Legal Department 2012 Accomplishments

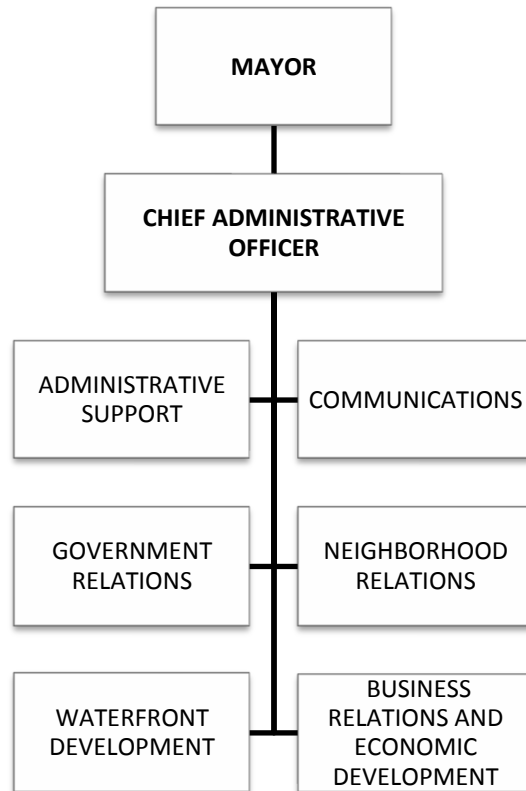

1. Waterfront redevelopment – legal support for waterfront documents and negotiations, including development agreement, development regulations and planned action ordinance, and capital facilities agreement.
2. Successful representation of City in litigation, including tort matters, election matters, and land use matters.
3. Legal support for city property acquisition and right of way acquisition.

EXECUTIVE DEPARTMENT

City of Bellingham Mission

Support safe, satisfying and prosperous community life by providing the citizens of Bellingham with quality, cost-effective services that meet today's needs and form a strong foundation for the future.

Executive Department Mission

Provide leadership, direction, and supervision of City government in a manner that creates a productive working environment, enhances public trust and promotes understanding of City services and how they are delivered.

For more information about the [Mayor's Office](#), visit the web page.

Description of Services

The Executive Department, headed by the full-time elected Mayor:

- Leads the administration of City government.
- Provides citywide direction, supervision, communication, and coordination.
- Provides City Council with financial, service and operations information needed to make policy decisions.
- Assists Council in determining citizen needs and providing responsive, equitable services to the community.
- Provides guidance for the preparation of preliminary budgets for City Council decision making and ensures that City services are delivered within financial parameters.
- Creates awareness of City fiscal and policy issues among State and federal officials and legislators.
- Develops and implements systems and strategies to ensure effective internal and external communications.
- Coordinates City activities with those of other local, tribal, State and federal entities including Whatcom County, the Port of Bellingham, Whatcom Transportation Authority, the Lummi Nation and Nooksack Tribe, Bellingham School District and local fire districts.

The City and Whatcom County both enlist volunteer boards and commissions to serve our community by advising policy makers. For a complete list, including current vacancies, visit the [Bellingham Mayor's](#) and [Whatcom County's](#) web pages.

Executive Department Budget Summary

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
<i>General</i>	845,708	928,605	1,198,823	29.1%	1,109,860

TOTAL EXPENDITURES	845,708	928,605	1,198,823	29.1%	1,109,860

TOTAL PAID STAFF	5.3	6.5	8.0	23.1%	8.0
-------------------------	------------	------------	------------	--------------	------------

[Budgeted positions are listed](#) in the personnel section.

Significant Expenditure Changes

- Increase in *Salaries and Benefits* of 3.9% is the result of transferring one employee from the Planning Department into the Executive Department and increases in medical insurance premiums and salary increases for eligible staff.
- Increase in *Other Services and Charges* of 218.4% and the *Intergovernmental Services* is due to a re-organization that moved the Waterfront Redevelopment and Economic Development responsibility to the Executive Department.

TOTAL EXPENDITURES	845,708	928,605	1,198,823	29.1%	1,109,860

Group Descriptions

The Executive Management group includes the Mayor and Chief Administrative Officer, coordination of citywide communications, neighborhood services, and other executive initiatives.

The Waterfront Project group was responsible for the Environmental Impact Statement and Master Plan for the waterfront redevelopment.

Executive Department 2013 Work Plan

1. Waterfront redevelopment plan
2. Economic development and business relations
3. 2014 budget
4. Communications/community outreach

Executive Department 2012 Accomplishments

Moved the waterfront redevelopment project forward by recommending a plan that provides for environmental clean-up, parks and public access, and jobs. City and Port staff teams met shared goals of finishing these key proposals and submitting them to the legislative process by the end of 2012.

Initiated economic development actions to encourage existing businesses to stay and expand in our community and to attract new businesses, including: updating City development regulations, starting the Comprehensive Plan update, moving forward on waterfront redevelopment, planning for improvements to our downtown and Old Town core, and positioning other areas of the City to grow in sensible, sustainable ways.

Collaborated with the Bellingham City Council to begin two-year budgeting, refine our priorities and direct resources toward them.

LEGISLATIVE DEPARTMENT

Council Members

- Jack Weiss, Ward 1
- Gene Knutson, Ward 2
- Cathy Lehman, Ward 3
- Stan Snapp, Ward 4
- Terry Bornemann, Ward 5
- Michael Lilliquist, Ward 6
- Seth Fleetwood, At Large

[Biographies, contact information](#), and terms of office of City Council members are available on-line. More information on the [Council's Legacies and Strategic Commitments](#), [Council meetings](#), and committee assignments are provided at the beginning of this document.

Council Functions

- Exercise legislative authority.
- Represent citizens through legislation and policy direction.
- Anticipate and target issues that affect the community.
- Set community direction and goals for the future.
- Monitor performance of the administration in achieving goals.
- Provide a policy framework for municipal operations and services.
- Serve on standing committees, which act as work sessions.
- Represent the City in regional and intergovernmental affairs.
- Inspire our citizens to become a part of the City's future.

For more information, visit the [Council's web page](#).

Legislative Department Budget Summary

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate

TOTAL EXPENDITURES	434,010	451,165	485,272	7.6%	499,793

Legislative Department Program Groups

Department accounting is done in a single group. Revenues are collected from all City departments based on an internal cost allocation methodology.

Revenues by Group	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
City Council Services	221,634	233,836	239,674	2.5%	249,261
Subtotal of Revenues by Group	221,634	233,836	239,674	2.5%	249,261

Expenditures by Group	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
City Council Services	434,010	451,165	485,272	7.6%	499,793
TOTAL EXPENDITURES	434,010	451,165	485,272	7.6%	499,793

NON-DEPARTMENTAL

The Non-Departmental group is for citywide expenditures that are not specific to any one department. It includes expenditures such as: election fees, some debt service, interfund transfers to reserve funds, and General Fund contributions to Cemetery and Medic One Funds.

Non-Departmental Budget Summary

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
<i>General</i>	3,918,845	6,356,770	4,582,000	-27.9%	4,363,708
<i>1st 1/4% Real Estate Excise Tax</i>	9,453	8,454	8,083	-4.4%	8,625
<i>2nd 1/4% Real Estate Excise Tax</i>	701,946	711,631	729,644	2.5%	753,990
TOTAL ALL SOURCES	4,630,244	7,076,855	5,319,727	-24.8%	5,126,323

Expenditures by Type	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
<i>Other Services and Charges</i>	60,267	214,224	1,005,000	369.1%	1,035,150
<i>Intergovernmental Services</i>	589,443	549,000	505,000	-8.0%	261,450
<i>Interfund Charges</i>	17,896	416,683	15,888	-96.2%	16,964
Subtotal of Operations	667,606	1,179,907	1,525,888	29.3%	1,313,564
<i>Interfund Transfers</i>	3,962,638	5,896,948	3,793,839	-35.7%	3,812,759
TOTAL EXPENDITURES	4,630,244	7,076,855	5,319,727	-24.8%	5,126,323

Significant Expenditure Changes

- Increase of 369.1% in *Other Services and Charges* is an accounting change to pay the contracts for indigent defense costs that in no longer paid in the Judicial Services Department.
- Decrease in *Interfund Charges* of -96.2% is due to a one-time payment of \$400,000 in 2012 to the Fire and Police Pension Fund.
- Decrease in *Interfund Transfers* of -35.7% is due to one-time payments for technology replacement, environmental remediation, and claims and litigation.

BELLINGHAM – WHATCOM PUBLIC FACILITIES DISTRICT

The Bellingham-Whatcom Public Facilities District (PFD) is a separate Washington municipal corporation and an independent taxing authority. The City of Bellingham provides administrative services and financial management to the PFD through an interlocal agreement.

PFD management responsibilities are assigned to a Special Projects Manager in the Planning and Community Development Department. Project management and administrative services provided to the PFD are minimal at this time and are billed to the PFD on an as-needed basis.

For more information about the PFD visit www.bwpfd.org.

Description of Services

The Bellingham-Whatcom Public Facilities District (BWPFDD) was formed by the Bellingham City Council and the Whatcom County Council in July 2002 to build a regional center in Bellingham. State legislation passed in 1999 allowed such districts to be formed so that a 0.033% state sales tax rebate could be returned to cities and counties for the purpose of constructing regional centers.

The BWPFDD Board used its funding authority to renovate the historic Mount Baker Theatre and expand the Whatcom Museum campus by constructing the Lightcatcher building. The new Lightcatcher building is a two-story Museum housing three fine art galleries, the Family Interactive Gallery, classrooms, café, gift shop, and courtyard.

PFD management responsibilities are assigned to a Special Projects Manager in the Planning and Community Development Department. Now that the construction of the museum is complete Project management and administrative services provided to the PFD are minimal. This fund's primary activity is to pay the debt service until 2027 for the bonds issued for these projects.

Public Facilities District

Public Facilities District Budget Summary

The Public Facilities District is accounted for as a [Discrete Component Unit](#) of the City and manages a separate [Public Facilities District Fund](#).

Funding Sources	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
Public Facilities District	1,157,463	1,142,198	1,087,997	-4.7%	1,468,198
TOTAL ALL SOURCES	1,157,463	1,142,198	1,087,997	-4.7%	1,468,198

Expenditures by Type	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
Salaries and Benefits	1,280	12,598	13,136	4.3%	13,209
Supplies	1,484	1,150	1,150	0.0%	1,185
Other Services and Charges	30,307	18,525	14,025	-24.3%	14,296
Intergovernmental Services	30,846	28,000	18,000	-35.7%	26,000
Subtotal of Operations	63,917	60,273	46,311	-23.2%	54,690
Debt Service	1,082,899	1,081,925	1,041,686	-3.7%	1,413,508
Capital Outlay	10,647	-	-	--	-
TOTAL EXPENDITURES	1,157,463	1,142,198	1,087,997	-4.7%	1,468,198

Significant Expenditure Changes

- Increase in *Salaries and Benefits* of 4.3% is the Indirect Cost Allocation Plan charges for General Fund administrative services provided to the PFD.
- Decrease in *Debt Other Services and Charges* of -24.3% and *Intergovernmental Services* of -35.7% is due to lower operating expenses needed to maintain the PFD now that the projects are complete.
- Decrease in *Debt Service* of -3.7% is due to refinancing a portion of the PFD's outstanding debt and the corresponding reduction in annual payments.

Public Facilities District Performance/Activity Measures

PFD	2003 Actual	2004 Actual	2005 Actual	2006 Actual	2007 Actual	2008 Actual	2009 Actual	2010 Actual	2011 Actual	2012 Actual

PUBLIC DEVELOPMENT AUTHORITY

In 2008, pursuant to RCW 35.21.730 through 35.21.755, the City Council authorized the creation of the Bellingham Public Development Authority (PDA) as a separate legal entity. It will be the City’s real estate development arm for parcels throughout Bellingham, including parts of the Waterfront District.

For more information about initiatives and projects of the Public Development Authority, visit their web site. www.bellinghampda.org

Public Development Authority Budget Summary

The Public Development Authority is accounted for as a [Discrete Component Unit](#) of the City and manages a separate [Public Development Authority Fund](#). Revenue in the PDA is a transfer from the City General Fund.

PUBLIC WORKS DEPARTMENT

Department Mission

The mission of the Public Works Department is to enhance Bellingham's quality of life through the construction and operation of a safe, effective physical environment; to protect public health & safety and the natural environment; and to provide our neighborhoods, our businesses and our visitors with the efficient, quality services necessary to meet the demands of our growing, diverse community.

Description of Services

The department is comprised of two major divisions: Engineering and Operations.

The Engineering Division plans, designs and constructs the street, water, wastewater, and stormwater infrastructure systems. They provide traffic engineering, Americans with Disabilities Act (ADA) assistance, and Capital Project financial services. The Engineering Division also provides water resource planning and protection. Engineering is responsible for the Lake Whatcom Watershed Property Acquisition Program, right-of-way and property acquisition, and general citywide engineering services.

The Operations Division is responsible for the maintenance and operation of the above-mentioned infrastructure systems including: streets, traffic signals, signs, pavement management, water distribution, Lake Whatcom management for water supply and stormwater control, water treatment, wastewater collection and treatment, stormwater collection and stormwater quality and flow management systems; the provision of solid waste services to single family customers, geographic information systems and data management; building, fleet and equipment management services; purchasing and materials management, financial services; parking services and citywide utility information and education.

More services information is available on the [department's web page](#).

Public Works Department

Public Works Department Budget Summary

The Public Works Department is the largest department in the City, comprising over 48% of the City's budget. Each of the underlined names links to a fund revenue and expenditure report and each underlined fund category links to a definition of that category, all in earlier sections of this document.

A major [special revenue fund](#) managed by Public Works is the [Street Fund](#).

The [Transportation Benefit District Fund](#) is a special revenue fund created to account for the 0.2% sales tax approved by voters in 2010 to help fund transportation projects, including the restoration of Whatcom Transportation Authority's Sunday bus service in Bellingham. The added sales tax began in April of 2011.

[Enterprise funds](#) managed by Public Works include the [Water](#), [Wastewater](#), [Storm and Surface Water](#), [Solid Waste](#) and [Parking Services](#) funds.

[Internal service funds](#) managed by Public Works include the [Fleet](#), [Purchasing](#) and [Facilities](#) Funds.

-------------------------	--------------	--------------	--------------	--------------	--------------

[Budgeted positions are listed](#) in the personnel section.

Significant Expenditure Changes

- Increase in *Other Services and Charges* of 7.5% is due to a focus on repairing and maintaining existing city assets including: increasing chip sealing and crack repairs, replace reservoir innings, replace sewer tank, repair city hall boiler and other deferred maintenance items.
- Increase in *Intergovernmental Services* of 8.4% is due to an increase in taxes paid to the state and loan payments for new Public Works Trust Loans for daylighting Padden Creek and re-aligning Squalicum creek.
- Increase in *Debt Service* of 8.6% is due to the \$43 million in bonds used to finance the Waste Water Treatment Plant expansion and an interfund loan for \$2.2 million to purchase land in the watershed.
- Increase in *Capital Outlay* of 36.9% is due to a large capital projects plan in all of the public work funds. The largest of which is the Waste Water Treatment Plant expansion of \$43 million over the next couple of years.
- Increase in *Interfund Transfers* of 262.6% is due to transfer payments to the new GIS internal services fund and a transfer of \$2,500,000 of bond capacity from the Sewer Fund to the Water Fund for capital projects.

[Capital projects and purchases](#) budgeted for the Public Works Department are listed in the Capital Facilities Plan in this document. The department also has a [Capital Projects web page](#).

Public Works Department

Public Works Department Budget Summary – Revenues

The difference between revenues shown below and the department's expenditures is made up from REET Fund reserves or revenues shared by multiple departments, or by increases or decreases in this department's fund reserves.

Subtotal of Revenues by Group	128,809,410	80,822,044	103,777,619	28.4%	86,699,099

The Public Works department's overhead costs, such as administration, safety, and engineering are paid from the Street Fund. The department then has an internal cost recovery program, charging groups within the department and other departments for overhead and costs incurred. Other departments are also charged to recover the cost of Fleet, Facilities, Purchasing, and Engineering services.

Interfund charges (shown on the preceding page) reflect the department's expenditures for this internal program along with other citywide cost recovery programs.

Revenues shown above include revenues from both Public Works internal and citywide cost recovery programs.

Public Works Department

Public Works Department Program Groups (continued)

Department expenditures are allocated to the program groups as shown below.

Expenditures by Group	2011 Actual	2012 Adopted	2013 Budget	Change 2012 to 2013	2014 Estimate
Public Works Administration	648,174	673,239	2,088,892	210.3%	2,123,248

Group Descriptions

Public Works Administration accounts for the department head and administrative office operations.

Public Works Maintenance Administration accounts for administration of the operations division, including the safety program. This group is funded by the Street Fund, and costs are recovered through the department's internal cost recovery program.

Public Works Treatment Plants Operations accounts for operation of both the water and wastewater treatment plants. This group is funded by both Water and Wastewater funds.

The Public Works Water / Wastewater Utility Operations group maintains the water distribution and sewer collection systems. This group is funded by both Water and Wastewater funds.

Public Works Department Program Groups (continued)

The Public Works Maintenance Operations group includes street and sidewalk cleaning and maintenance, solid waste code enforcement, and operation of the Clean Green facility. Beginning in 2010, storm and surface water program planning and maintenance and operation of the storm and surface water facilities and utility were moved to this group. This group is funded by the Street, Storm/Surface Water Utility, and Solid Waste Funds.

The Public Works Financial Management group includes department financial staff and operations, which are paid for from the Street Fund with costs recovered through the department's internal program. Debt service cost for department debt is also accounted for in this group. Funds included in the group for debt service include Water, Sewer and Solid Waste.

The Public Works Supervision and Technology group includes GIS services, department computer infrastructure replacement and systems analysis, department data management, and water meter reading. These services are paid for from the Street Fund with costs recovered through the department's internal program.

The Solid Waste Remediation group accounts for projects that qualify for use of Solid Waste Funds due to remediation needs, such as landfill cleanup projects.

The Purchasing and Materials Management group maintains supply inventories primarily for Public Works Department with some use by other department programs such as Parks Maintenance Operations. This group also manages the process for public bidding and contracts. This group is funded by the Purchasing and Materials Management Fund, an internal service fund.

The Fleet group manages fleet acquisition and maintenance. The group is funded by the Fleet Administration Fund, an internal service fund.

The Facilities group manages facilities maintenance and custodial services for Public Works facilities and General Fund facilities such as City Hall. The group is funded by the Facilities Administration Fund, an internal service fund.

The Facilities Capital Maintenance group was created to replace the former Capital Maintenance Fund that no longer qualifies as a Special Revenue Fund due to changes in accounting rules. Citywide maintenance and improvement projects will be tracked in this group.

The QEC Bond group was formed in 2011 to account for citywide upgrades to heating and ventilation systems that are being paid for by Qualified Energy Conservation Bonds.

Public Works Department Program Groups (continued)

The Environmental Resources Operations group provides water monitoring, environmental policy and education, and environmental restoration construction projects. The group works toward completion of the Lake Whatcom Management Work Plan. Funding for this group currently comes from the Natural Resource Protection and Restoration Fund, the Water Fund, and the Olympic Pipeline Incident Fund.

The Public Works Transportation Management group manages the parkade and on-street parking in the City. This group is also responsible for maintaining traffic signals and signage and managing communication and fiber optic systems. The group is funded by the Street and Parking Services funds.

Public Works Engineering Services provides project engineering for the department and as a service to other city departments. This group provides technical assistance to the permit center and permitting, plan review, and inspection services for construction projects that require Public Works permits. The City's commute trip reduction program is also in this group. This group is funded by the Street Fund, and a portion of the costs are recovered through charges to other departments or through the department's internal cost recovery program.

The Public Works Capital Improvements group accounts for the cost of the capital construction projects other than Streets. Funding currently comes from the Water, Wastewater, and Storm/Surface Water Utility Funds

The Public Works Construction group accounts for the cost of all capital construction for Streets and related work such as sidewalks, storm drainage, street lighting and traffic control. Funding currently comes from the Street and REET funds.

The Public Works Storm and Surface Water Management group was consolidated into the Public Works Maintenance Operations group beginning in 2010.

The Public Works Acquisition and Facilities Management group handles land acquisitions for the department, other than watershed properties. This group is Street funded.

The Public Works Watershed Acquisition / Management group handles watershed property acquisitions and is funded by the Water Fund.

The Commercial Leasing group manages maintenance and leasing of commercial properties owned by the City. These include the old Federal Building and space in the parkade. The group is currently funded by the Parking Services and Facilities funds.

Public Works Department 2013 Work Plan

1. Update Pavement Rating System - Six Year Comprehensive Pavement Management Plan
2. Bicycle Master Plan
3. Central Management System - Emergency Signal Pre-Emption
4. Aerial Photography
5. Re-banding Emergency Services Radio Network
6. Construct New Sehome Communication Tower and Equipment Building
7. Alabama Street Corridor Study
8. Update Public Works Development Regulations
9. Railroad Quiet Zone

Public Works Department 2012 Accomplishments

Natural Resources

1. Removed an additional 19 lbs per year of phosphorus from Lake Whatcom by improving existing facilities and installing new facilities.
2. Completed 25 Homeowner Incentive projects in the Lake Whatcom, a project for Geneva Elementary, and the Lake Whatcom Educational Incentive project (information and incentives for car washing, native plantings, alternative transportation, and dog waste).
3. Piloted boat inspection protocols for the Aquatic Invasive Species Prevention Program and conducted a comprehensive invasive species survey of Lake Whatcom. Developed a robust inspection program for implementation in 2013.

Engineering

1. Completed Pedestrian Master Plan.
2. Under construction on Post Point Waste Water Treatment Plant (WWTP) improvements. Project is on time and on budget and at 20% complete. Over half of subcontracts went to local contractors and suppliers.
3. Completed the Meador/Kansas/Ellis project which was the last link of the Whatcom Creek trail system and also the first certified green roads project (nationwide).

Water and Sewer

1. Installed 1,447 water meter assemblies meeting the project goal for 2012 and staying on schedule to meet the 2017 mandate to provide all customers with water meters.
2. Completed comprehensive financial rate studies and adopted 6-year rate schedules for water, sewer and storm and surface water utilities. Adopted rates provide for long term financial stability of the utilities, revenue for necessary improvements and reinvestment in the system while maintaining competitive and reasonable utility rates.

Public Works Department

Public Works Department 2012 Accomplishments (continued)

Facilities

Using a low interest bond the City completed a \$6.0 Million retrofit to replace aging equipment and realize energy savings.

2013 CAPITAL BUDGET AND 2013 - 2018 CAPITAL FACILITIES PLAN

Capital Outlay

The Finance Department establishes capitalization thresholds used to prepare capital budgets based on General Accepted Accounting Practices and state law. Most expenditures of less than \$50,000 per single item are budgeted as operating expenditures rather than capital expenditures. At the completion of a capital project, all related labor, materials and services costs are added to capital outlay for the project to arrive at the total project cost and value of the asset.

Purpose

The Capital Facilities Plan (CFP) is a strategic financing plan matching the costs of future capital improvements and purchases to anticipated revenues. The CFP establishes priorities by estimating costs, identifying funding sources and proposing an implementation schedule for all facility or infrastructure-related capital projects and acquisitions.

The CFP is a six-year rolling plan that is revised annually to reflect varying conditions. The CFP includes 2013 capital expenditures for City Council adoption and an estimate of future capital needs for 2014 – 2018 to guide future capital decisions. The adoption of the CFP contained in this budget amends the Bellingham Comprehensive Plan and the list of projects contained herein shall be considered part of the Capital Facilities element of the Comprehensive Plan. The CFP also incorporates the Bellingham School District's Capital Facilities Plan by reference.

Only the expenditures and appropriations for 2013 are authorized by Council. The projects identified for the remaining five years may be altered due to cost or varying conditions.

Existing City Assets

Substantial investment by the public and the City over the years has resulted in a very large asset base for Bellingham's residents. The City's current physical plant consists of:

- Public buildings, including some leased space and commercial rental space.
- Drainage and stormwater control property and detention facilities.
- Park and recreation property, equipment and facilities including playgrounds, spray pools, athletic fields/courts, trails, beaches, street trees, sports stadiums, an aquatic facility, a cemetery and a golf course.
- Public library facilities and equipment.
- Police facilities and vehicles.
- Fire suppression and emergency medical service facilities, vehicles and equipment.
- Streets, sidewalks, street lights and signals.
- Water mains, customer services, a filtration plant, pump stations and storage reservoirs.
- Sanitary sewer mains, a treatment plant and pump stations.
- Vehicles and equipment.

Capital Budget

Renewal and replacements for the street, water and sewer systems are included in the capital budget due to the large cost and nature of work done, which extends the life of the systems. These programs include the resurfacing of existing streets and the replacement of aging water and sewer lines.

Capital Facilities Plan Process

The CFP is updated annually by soliciting capital funding requests from departments, which are then reviewed by City administration. In 2010, a limited term [Capital Facilities Task Force](#) examined capital spending priorities and funding mechanisms.

Policy and planning documents adopted by City Council and the priorities established in the City's Financial Management Guidelines are considered when identifying capital projects to include in the budget and CFP. A list of some of the planning processes and documents considered when developing the CFP follows. Many of the multi-year plans also include annual updates or work plans.

SQUALICUM CREEK PARK PHASE 3

Project Description (PD2022-3)

Proposed Phase 3 improvements include a children's playground, picnic shelter, fenced dog off leash area, skate dot, new lighted ballfield, lighting existing field, restrooms, expanded parking, loop trail, basketball court, landscape planting and pedestrian amenities.

Revenues and Sources	Allocated as of 12/31/11	2012 Budget	2013 Adopted	Total
Squalicum Park/Olympic Fund	39,613	26,627	-	66,240
Greenways III Fund	9,393	600,000	115,000	724,393
Parks Impact Fund	-	40,000	-	40,000
Subtotal	\$ 49,006	\$ 666,627	\$ 115,000	\$ 830,633
2014-2018 Estimated Sources:				
Greenways III Fund				4,030,000

SQUALICUM CREEK PARK PHASE 3 - continued				
Expenditures and Uses	Cost as of 12/31/11	2012 Budget	2013 Adopted	Total
Labor/Other	9,393	-	15,000	24,393
Contract Services	39,613	666,627	100,000	806,240
Subtotal	\$ 49,006	\$ 666,627	\$ 115,000	\$ 830,633
2014-2018 Estimated Uses:				
Labor/Other				30,000
Contract Services				4,500,000
Estimated Total Expenditures and Uses				\$ 5,360,633

Estimated Impact on Operating Budget
Increase operating costs by approximately \$6,300 per developed acre. Additional staff time and supplies for mowing, field prep, landscape maintenance, restroom cleaning and facility repair. Increased utility costs.

CFP Featured Projects – Summaries (continued)

CIVIC FIELD STADIUM TURF REPLACEMENT

Project Description (PD2173)

Artificial turf was first installed at Civic stadium in 2000 using an allocation of voter-approved Beyond Greenway Levy funds, \$300,000 from Bellingham School District and \$100,000 from WWU. Since the Civic Athletic Complex Improvement Project in 2004, WWU has ended its football program, but has contributed \$20,000/year toward stadium improvements. The turf has exceeded its life expectancy and is in need of replacement. The track around the field also needs to be resurfaced.

Revenues and Sources	Allocated as of 12/31/11	2012 Budget	2013 Adopted	Total
Beyond Greenways Fund	-	-	500,000	500,000
General Fund	-	10,000	-	10,000
Total Estimated Sources:	\$ -	\$ 10,000	\$ 500,000	\$ 510,000

Expenditures and Uses	Cost as of 12/31/11	2012 Budget	2013 Adopted	Total
Construction	-	10,000	500,000	510,000
Total Estimated Uses:	\$ -	\$ 10,000	\$ 500,000	\$ 510,000

Estimated Impact on Operating Budget

Installation of artificial turf playing field has saved the city significant maintenance dollars, increased public access to the facility, and generated additional user revenue.

CFP Featured Projects – Summaries (continued)

WEST HORTON ROAD MULTIMODAL CORRIDOR IMPROVEMENTS - PHASE I

Project Description (ES399)

The annexation of 125 acres, 344 residential units, the new Cordata Elementary School, and the 20-acre Cordata Park with parking access from Horton requires that West Horton Road be extended with minimum environmental impact as a secondary arterial street with bicycle lanes from the current terminus to Aldrich Road. Environmental impacts require land acquisition, off-site mitigation, and alternative design for a pedestrian boardwalk similar to Fraser Street pictured below. Dedicated left-turn lanes will be needed at the intersection of West Horton and Aldrich. Benefits will include increased access, safety, and connectivity for school children, pedestrians, park and trail users, bicyclists, transit riders, vehicles, and freight trucks. Feasibility studies, wetland delineations, and survey were completed in 2009 and 2011. Land acquisition and mitigation planning was done in 2012. Preliminary engineering and design are pending additional funding.

West Horton Project Site Map

Fraser Street Pedestrian Boardwalk

Revenues and Sources	Allocated as of 12/31/11	2012 Budget	2013 Adopted	Total
Private Development Contribution	173,700	774,694	-	948,394

Subtotal	\$ 173,700	\$ 774,694	\$ 500,000	\$ 1,448,394
2014-2018 Estimated Uses:				
Construction				4,500,000
Estimated Total Expenditures and Uses				\$ 5,948,394

Estimated Impact on Operating Budget	
Annual maintenance cost associated with newly constructed section of arterial street, approximately \$7,000.	

Capital Budget

CFP Featured Projects – Summaries (continued)

STORMWATER RETROFIT BLOEDEL DONOVAN PARK

Project Description ()

The City of Bellingham will implement low-impact development (LID) retrofits to mitigate for, or eliminate sources of, nutrient and bacteria loading in stormwater runoff from Bloedel-Donovan Park into Lake Whatcom. The project designs will utilize reforestation and infiltration as best management practices (BMP) to mimic native forest conditions and sand media filtration to provide enhanced treatment.

Revenues and Sources	Allocated as of 12/31/11	2012 Budget	2013 Adopted	Total
Water Fund	-	-	522,000	522,000

2014-2018 Estimated Need:				
Other				25,000
Contract Services				25,000
Estimated Total Expenditures and Uses				\$ 956,000

Estimated Impact on Operating Budget

Operating costs will be evaluated after completion of project.

CFP Featured Projects – Summaries (continued)

WASTEWATER TREATMENT PLANT FACILITY CONSTRUCTION/EXPANSION

Project Description (EU 145)

The proposed project upgrades the Post Point Wastewater Treatment Plant by expanding the core secondary process, increasing the plant's Biological Oxygen Demand (BOD) treatment capacity. This project includes construction of: a chemical facility to enhance solids removal during primary treatment; modifications to existing primary effluent and Return Activated Sludge (RAS) pump stations and flow splitting structures; a new anaerobic selector basin; additional activated sludge basins and associated mechanical facilities; a fourth secondary clarifier; a new blower building to provide oxygen to the biological process; retrofits to the existing activated sludge basins for conversion to air; and modifications and improvements to existing electrical and control systems. Construction efforts will require: extensive modifications to existing facilities and yard piping while in operation; integration of new structures within the existing site boundaries; and detailed sequencing to address operational needs, neighborhood impacts, and sensitive environmental areas surrounding the site. The project is being performed using the alternate General Contractor/Construction Manager (GCCM) delivery method to gain contractor input in the final design and reduce risk of cost escalation during construction. Construction began in July 2012, and is scheduled for completion in 2014.

Revenues and Sources	Allocated as of 12/31/11	2012 Budget	2013 Adopted	Total
Revenue Bond	-	20,000,000	-	20,000,000
Public Works Trust Fund Loan	-	-	6,000,000	6,000,000
Other Miscellaneous Revenue	-	-	7,000,000	7,000,000
Wastewater Fund	1,232,682	2,945,402	17,000,000	21,178,084
Estimated Total Revenues and Sources	\$ 1,232,682	\$22,945,402	\$30,000,000	\$54,178,084

Expenditures and Uses	Cost as of 12/31/11	2012 Budget	2013 Adopted	Total
Labor/Other	95,207	-	-	95,207
Purchases/Materials	366	-	-	366
Contract Services	1,137,109	22,945,402	30,000,000	54,082,511
Estimated Total Expenditures and Uses	\$ 1,232,682	\$22,945,402	\$30,000,000	\$54,178,084

Estimated Impact on Operating Budget

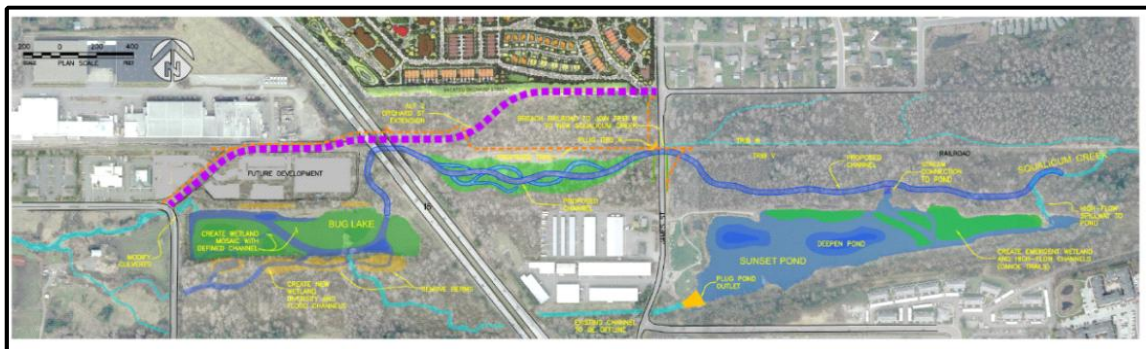

The City is reviewing operational impacts of plant expansion through rate analysis and revenue forecasting.

CFP Featured Projects – Summaries (continued)

SQUALICUM CREEK RE-ROUTE PHASE I

Project Description (Project Number Not Yet Assigned)

The overall project (all phases) involves rerouting large sections of Squalicum Creek around two man-made ponds, through a new channel, reactivating remnant channels and reconnecting the stream with its floodplain. The project also eliminates an existing fish passage blockage under I-5 thus opening up over 22 miles of salmon habitat upstream of I5. The highest thermal (heat) loading issues in Squalicum Creek are caused by Sunset Pond and Bug Lake. These two water bodies are man-made lakes created during the construction of I-5 for fill material. Because the ponds are both shallow and wide they absorb large amounts of solar heating. These projects will represent a major change in existing Squalicum Creek conditions that will be self sustaining. The stream re-route projects will be designed with a thorough understanding of the hydrology, climate patterns, geology, and ecology of the watershed.

Revenues and Sources	Allocated as of 12/31/11	2012 Budget	2013 Adopted	Total
DOE CCWF Grant	-	-	500,000	500,000
DOE Loan	-	-	466,969	466,969
Subtotal	\$ -	\$ -	\$ 966,969	\$ 966,969
2014-2018 Estimated Sources:				
Stormwater Fund				166,665
DOE Loan				800,305
Estimated Total Revenues and Sources				\$ 1,933,939

Expenditures and Uses	Cost as of 12/31/11	2012 Budget	2013 Adopted	Total
Construction	-	-	966,969	966,969
Subtotal	\$ -	\$ -	\$ 966,969	\$ 966,969
2014-2018 Estimated Uses:				
Construction				966,970
Estimated Total Expenditures and Uses				\$ 1,933,939

Estimated Impact on Operating Budget
 Post construction operating costs are anticipated to be \$25,000 per year for the first three years for plant materials.

CFP Featured Projects – Summaries (continued)

BELLINGHAM WATERFRONT REDEVELOPMENT - WHARF STREET ROUNDABOUT

Project Description (WF1008)

Wharf Street will serve as a key access corridor to the southern, redeveloped Waterfront District. It will be one of only two access points while the Cornwall Bridge is under construction. The existing intersection of Wharf/Boulevard/State/Forest will be reconstructed as a multimodal roundabout to improve safety, efficiency, access for all transportation needs, including freight.

Revenues and Sources	Allocated as of 12/31/11	2012 Budget	2013 Adopted	Total
Street Fund	27,449	-	327,746	355,195
Second Quarter REET Fund	200,786	156,325	-	357,111
State STP-R Grant	-	-	2,100,000	2,100,000
Estimated Total Revenues and Sources	\$ 228,235	\$ 156,325	\$ 2,427,746	\$ 2,812,306

Expenditures and Uses	Cost as of 12/31/11	2012 Budget	2013 Adopted	Total
Labor/Other	26,623	-	-	26,623
Construction	-	-	2,427,746	2,427,746
Contract Services	201,612	156,325	-	357,937
Estimated Total Expenditures and Uses	\$ 228,235	\$ 156,325	\$ 2,427,746	\$ 2,812,306

Estimated Impact on Operating Budget
 Added operating costs for the Wharf Street Improvements should be minimal with anticipated annual costs of less than \$500 per year. This cost is attributed to maintaining the increased striping.

Parks and Recreation Department Ongoing Capital Programs

Several annual programs set aside money for ongoing additions and replacements to components of the City's Park infrastructure. The money set aside as part of the Capital Facilities Plan is not always designated for specific projects at the time the annual budget is prepared, so these annual programs provide a placeholder for funds.

The [Parks, Recreation and Open Space](#) element of the City's Comprehensive Plan, available on-line, provides more complete information about capital planning and level of service goals established. The Parks Department also maintains a web page with more information about [capital projects and land acquisitions](#).

Annual Labor Distributions to General Fund

The General Fund is reimbursed for staff labor spent working on capital projects including land acquisitions as well as park and trail development.

Annual Land Acquisitions

Funds are reserved and budgeted to expand the park system. Parcels for land acquisition are not specified in the budget because they are not yet identified or negotiations are ongoing.

Annual Neighborhood Park Construction and Improvement

The goal of this program is to provide a center for recreational activities for each neighborhood.

Annual Community Park Construction

This program provides larger parks to meet the needs of several neighborhoods with more specialized activities or to preserve unique environmental features.

Annual Neighborhood Trail Construction

The purpose of this program is to develop neighborhood trail connections to the regional multiuse trail system.

Annual Playground Construction

The purpose of this program is to install new playground equipment in parks each year to keep the safety standards of the equipment in the park system up to date.

Annual Sidewalks, Paths and Trails

This program provides for expanding the multi-modal trail system throughout the City.

Public Works Department Ongoing Capital Programs

Several annual programs set aside money for ongoing updates and replacements to components of the City's infrastructure. The money set aside as part of the Capital Facilities Plan is not always designated for specific projects at the time the annual budget is prepared, so these annual programs provide a placeholder for funds.

The Public Works Department maintains a web page with more information about [active projects](#), including annual plans.

Annual Pavement Resurfacing, Annual Overlay Storm, Annual Sidewalk Replacement

Public Works employees visually inspect streets and sidewalks to identify and record deficiencies and maintenance needs. Along with rating the condition of the surface, the age of underground utilities also is documented in each area. Staff tries to identify and group projects located in the same area whenever possible to reduce construction or repair costs. Funds are also set aside for needed retrofits to the storm system resulting from resurfacing projects.

Annual Sewer Main Replacement Program

The Public Works Department currently maintains over 311 miles of sewer mains that vary in size, age, and condition. A replacement list is compiled using a rating system that ranks each main for replacement need based on main age, type of main, repair history, video inspection, and whether it requires monthly jetting or root cleaning by city crews.

Annual Signal Improvement Program

The Annual Signal Improvement Program addresses the ongoing needs to upgrade signal equipment that has met or exceeded its expected useful life, including replacing electronic equipment, signal poles, conduit and wiring systems and vehicle detection systems

Annual Storm Main Replacement Program

The Public Works Department currently maintains over 315 miles of storm mains that vary in size, age, and condition. During the maintenance program planning process, attempts are made to evaluate cost benefits of replacing mains prior to asphalt overlay, and to coordinate replacement of other adjacent public works utilities located within the same right-of-way.

Annual Water Main Replacement Program

Public Works currently maintains over 380 miles of water mains that vary in size, age, and condition. A project list is compiled using points that are assigned to each main based on main age, type of main, repair history, customer water quality complaints, location in relation to similar projects, and whether or not the water main is in an area known to require additional flushing during the annual hydrant flushing program.

Public Works Department Ongoing Capital Programs (continued)

Bridge Program

The City conducts a state-required biennial bridge inspection program to identify bridges' sufficiency based on Federal (USDOT) guidelines.

Citywide Storm Retrofits and Residential Water Quality Retrofits

These ongoing budget amounts for these projects are part of the [Stormwater Program](#).

Fish Passage Improvements

Funds are set aside for fish passage improvement projects or components of larger projects. Projects yet to be determined.

Lake Whatcom Water Quality Improvements – TMDL Action Plan

Ongoing budget amounts for projects are to complete items in the [Lake Whatcom Management Action Plan](#).

Watershed Land Acquisitions

Funds are budgeted annually for the [Lake Whatcom Watershed Property Acquisition program](#).

LONG-TERM DEBT SUMMARY

The City issues bonds to finance large capital projects such as buildings and utility infrastructure. These financial obligations are paid over time, typically ten or twenty-years. Our most recent Moody's bond rating is Aa2 for revenue bonds, judged to be of high quality. The City is committed to maintaining our credit rating by making all debt service payments on time and maintaining adequate reserves.

Bonds

1. Limited Tax General Obligation Bonds (LTGO)

City Council approved bonds that will benefit the City as a whole. Principal and interest is paid from existing general revenues subject to the levy limitation and the total tax limit. These are sometimes referred to as "Councilmanic" or non-voted bonds.

2. Unlimited Tax General Obligation Bonds (UTGO)

A ballot measure is presented to voters authorizing the issuance of debt for a project that will benefit the City as a whole. The voters authorize an increase in taxes to repay the bond principal and interest. The bond issue is subject to the total tax limitation, as discussed in the sections on Property Tax and Limitations.

3. Revenue Bonds

City Council approved bonds paid from revenues (not taxes) of a specific enterprise fund. Customers of these funds (water, parking, etc.) pay a fee for services that cover operating and debt related costs.

4. Local Improvement District Bonds (LID)

Special assessments levied on properties that specifically benefit from the improvement being financed. LIDs finance street, sewer, water, and other capital projects. They are formed via two distinct methods: Resolution of Intention or Petition. The Resolution of Intention is initiated by the City and generally limited to response to a health hazard and therefore rarely used. The Petition method is initiated by area property owners. Both require the approval of a majority (the City prefers 70% approval) of the impacted property owners. Security for a LID bond issue is the real estate within the assessment boundaries. The City does not pledge its "full faith and credit" but is obligated to enforce the assessments. Consequently, interest rates on these bonds are also higher.

Legal Debt Capacity Limits

The amount of long-term debt that the City can incur is limited by state statute. Washington's statutory limitation on non-voted general obligation debt for cities is one and one-half percent of the assessed value of all taxable property within the City at the time of issuance. Voter approval is required to exceed this limit. An election to authorize debt must have voter turnout of at least 40 percent of the last state general election, and of those voting, 60 percent must vote in favor of issuance.

Long-Term Debt

The combination of voted and non-voted general obligation debt for city purposes, including leases and contracts, may not exceed two and one-half percent of the assessed value of all taxable property within the City.

The 2012 estimated assessed value of the property tax base in the City for the regular 2013 levy is \$8,348,628,061. This provides a non-voted general obligation debt capacity of \$125,229,421. The City has used \$28,542,584 of this capacity, leaving \$96,686,837 available. The City's total voted and non-voted general obligation debt capacity is \$208,715,702. Of this capacity, the City has utilized \$28,542,584. The remaining total voted and non-voted general obligation debt capacity is \$180,173,118

Estimated Legal Debt Capacity Calculation as of 12/31/13

Assessed Value (2012 Tax Year)		\$8,348,628,061

Long-Term Debt

Local Improvement District Bonds

Debt service requirements for local improvement bonds are met by the collection of assessments levied against property owners. The assessments are liens against the property and subject to foreclosure. A local improvement district guaranty fund has been established as a reserve to meet debt service requirements on local improvement district debt in the event that assessment collections are insufficient.

Outstanding LID Assessment Debt

Name of Issue	Issue Date	Maturity Date	Interest Rates	Original Amount	Estimated Redemptions as of 12/31/13	Est. Unmatured Debt as of 12/31/13

GENERAL SALARY INFORMATION FOR 2013

Salary ranges for each position are summarized in the following Budgeted Positions List by department. The complete [salary plans](#) may be viewed on line.

The City of Bellingham has nine different salary plans covering employee groups, or bargaining units, which make up the City's workforce. If a settlement has not been reached prior to adoption of the budget, the most recent salary ranges are shown in the Budgeted Positions List and are marked by an asterisk.

Employees may be eligible for additional compensation over and above what is shown in the Budgeted Positions List. Any additional compensation is according to City policy or the terms of the labor agreement for the bargaining unit to which they belong. Such items may include, but are not limited to: overtime, premium pay, longevity, shift differential, sick leave incentive, medical opt out, and other incentive pay.

Positions are classified by the Human Resources Department by means of job descriptions. All position descriptions are reviewed by the department head and/or the Mayor. For positions subject to the authority of the Civil Service Commission, approval by the commission also is required for classifications and position class allocation.

City Council member compensation was established November 3, 1997 by ordinance 1089, which authorizes an annual 3% increase. Monthly salary for Council members for 2012 is set at \$1,838 per month. With a 3% COLA for 2013, the salary is \$1,893.

Employees on the E-Team are not represented by a union and, with a few exceptions, are exempt from Civil Service. These employees include elected officials, department heads, certain professionals, and administrative staff.

The Council may, at its discretion and in compliance with procedures for making budget amendments, adjust the salary plans for all or some of the employees:

- to address equity concerns resulting from changes in the practices of employers in the recruitment market for the positions, or
- to address equity concerns coming out of any collective bargaining processes for other employee groups which were not completed prior to budget adoption.

Significant Changes to Budgeted Positions by Year

In some years, an increase in an employee unit is not an increase in City employees, but a transfer from another group.

- 2013** The overall net reduction in the number of city employees is a decrease of 3.6 FTEs. This change reflects the loss of several temporary positions that were funded by grants and the addition of several new positions in key areas to achieve specific goals. Planning is the best example of this as staff is being added to work on the City’s Comprehensive Plan, which is a state requirement due in 2014.
- 2012** The city continues to realign and reorganize staff as directed by Council policy or if opportunities present themselves. New positions in the 2012 budget are for specific goals such as: Staff at Post Point to operate the incinerators as part of a biochemical oxygen demand (BODY) strategy. In total, the net change in City employees is 7.2 FTEs.
- 2011** The overall number of city employees continues to contract in order to reduce expenditures citywide. The net reduction in budgeted FTEs from 2010 to 2011 is 10.7. The reduction was achieved through layoffs, attrition, and reduction in hours of some employees. These reductions are necessary to offset the increase in salaries and benefits that continue to outpace revenues. Positions in Fire, Police, and Public Works were added on a case-by-case basis with grant funding, limited terms, or other offsetting revenue.
- 2010** In 2009, there were four rounds of budget reductions to reduce expenditures citywide. These reductions were done in response to declining revenues brought on by the recession. Positions have been eliminated from every city department in order to meet budget reduction targets. These reductions consisted of eliminating 38.7 vacant and 21 filled FTEs. In addition, small normal fluctuations in hours, temporary labor, or changes in limited term positions status added the equivalent of 1.2 FTEs to the citywide total. All told, citywide there was a net decrease of 58.5 FTEs from the 2009 Adopted Budget.
