

What do Margaret Cho, Bill Nye, and Johnny Depp have in common?

They will all speak up for reason on June 4!

Reason Rally 2016 will have a fantastic roster of speakers and entertainers joining tens of thousands of people who want reason and science to drive public policy.

It's a party with a purpose! We'll show the media and the politicians that those of us who are atheist, secular, unaffiliated or just reasonable are a voting bloc to be reckoned with.

Buses will be going to the Rally from all over the country. Catch one and join us!

We're here, we're growing, and we vote!

SHOW YOUR SUPPORT *for*

REASON

“Reason, cold, calculating, unimpassioned reason, must furnish all the materials for our future support and defence.” — ABRAHAM LINCOLN

If you agree with Lincoln, then attend **Reason Rally 2016** with thousands of other nonreligious people, to create a collective presence that can't be ignored.

It will be the largest gathering of nonreligious people in history, a Voting Bloc Party for those who believe that public policy should be based on scientific evidence, not religious beliefs.

Fantastic speakers, comedians, and musicians will entertain the tens of thousands who come to celebrate together and show their support for reason. Don't miss it!
