

Operation Purple Healing Adventures Retreats

Operation Purple Healing Adventures is a family camp experience for active duty or medically retired service members who were wounded or experienced emotional trauma or illness related to their service in Operation Iraqi Freedom (OIF), Operation Enduring Freedom (OEF), or Operation New Dawn (OND).

Healing Adventures will include structured activities developed by the FOCUS Program (Families Overcoming Under Stress™). These activities highlight areas of strength and resilience in the family and promote family growth. Families are supported in working together to enhance their relationships through communication activities aimed at building connections and family closeness.

There is no limit to the number of times you can attend Healing Adventures. Daycare is provided on site, if needed, as well as a nurse and staff who are CPR and First Aid Certified. If any other medical needs are a priority, we recommend contacting the location you are interested in and ask about those specialized medical staff.

Operation Purple Healing Adventures is a great opportunity to use the FOCUS communication techniques to ensure your family returns home stronger!
