

**JEREMY HAMMOND**  
#18729-424  
FCI Manchester  
P.O. Box 4000  
Manchester, KY 40962

In March 2012 Jeremy was arrested in his Chicago home and charged with violations of the Computer Fraud and Abuse Act, the same legislation used to prosecute Aaron Swartz. This outdated law, written before the

Internet was even created, gives absurdly broad powers to corporations and prosecutors to criminalize an array of online activity and pursue extreme and disproportionate sentences.

Since his arrest, Jeremy has been denied bail, cut off from his family, and held in solitary confinement- treatment normally reserved for the most egregious offenses. He did nothing for personal gain and everything in hopes of making the world a better place and he needs our support now more than ever

Marius Mason is an anarchist, environmentalist, and animal rights prisoner serving 22 years for a series of acts of eco-sabotage. His actions disrupted logging, Monsanto's genetic engineering research, and the comfortable lifestyles of animal profiteers. He has remained resilient in prison: an inspiration, mentor, and friend to many on the outside.

Lucasville, Ohio

Sean Swain is a hostage held by a lawless rogue-state calling itself "The State of Ohio." He has been held without legal conviction or sentence since 1991 for the self-defense killing of a court official's relative who broke into Sean's home and threatened his life. In fall of 2012, prisoners calling themselves the Army of the 12 Monkeys (A12M) got rowdy at Mansfield Correctional, and the prison authorities assumed "that anarchist" Sean Swain must have been behind it and threw him in supermax isolation. Sean denies any involvement or affiliation with the A12M and is in the process of suing the ODRC for targetting him based exclusively on his ideology and political speech.

After serving nearly 10 years in prison his judgment and sentencing were vacated when it became known that the FBI had failed to disclose potentially exculpatory evidence to the defense. Eric pleaded guilty to a lesser charge that carried a 5 year maximum sentence. He was released almost immediately. Eric is free!! But he still needs support and resources to transition out of physical prison and into the open-air prison society that we all inhabit. Check out his support site!

**MICHAEL KIMBLE**

3700 Holman Unit  
Atmore, AL 36503

Michael Kimble is a 49-year-old, black, gay anarchist serving a life sentence in Alabama for the murder of a white, homophobic, racist bigot.

During his first years of imprisonment, Michael embraced communism, but soon moved away from it and toward anarchy because, as he describes it "anarchism is not about building a hierarchical structure for liberation somewhere in the distant future, but about living your life, now, in a fashion that's liberating."

Michael has a long history of both individual and collective struggle against prison authority, and continues to engage in the fight against prison slave labor as part of the Free Alabama Movement.
