What is violence? Who gets to define it?  
Do illegal actions have a place in our movements?  
A year after Occupy Wall Street kicked off,  
Chris Hedges (former New York Times journalist  
and author of "The Cancer in Occupy") and  
B. Traven (of the long-running anarchist collective,  
CrimethInc.) will debate diversity of tactics and  
the future of social movements in the US.
