## **Programmed relationship with CUB**

Agreements to provide maintenance labour to CUB Pty Ltd (CUB) in Victoria were entered into by a division of Skilled Group which was acquired by Programmed in October 2015. One agreement was commenced pre the acquisition of Skilled and one post the acquisition.

Programmed has been increasingly concerned about the ongoing safety, health and wellbeing of its employees working at the site and the ability to get normal, safe and secure access to the site.

Over many weeks, Programmed has sought a resolution to this issue to the satisfaction of all parties, but to no avail. This has included meeting with CUB and the unions on a number of occasions.

Having failed to find a satisfactory resolution, the company has terminated its agreements with CUB and will work with CUB over the coming weeks to arrange an orderly transition.

Programmed's first priority is to ensure the safety, health and wellbeing of its people, and this has been the key driver for today's decision.

Programmed has over 20,000 employees and wishes to assure them of its ongoing commitment to their safety and wellbeing and of its commitment to work closely and cooperatively with them.
