### Notes:

- a. Includes amounts requested for FY2016, given general consistency between requests and appropriations in recent years.
- b. P.L.480 Title I (loans), P.L.480 Title II (grants), and Section 416(b) of the Agricultural Act of 1949, as amended (surplus agricultural commodity donations). Food aid totals do not include freight costs.
- c. CSF is Defense Department funding to reimburse Pakistan for logistical and operational support of U.S.-led military operations; it is technically not foreign assistance. Figures in the CSF row reflect *actual payments by appropriation year* and not appropriations themselves.
- d. Includes \$312 million “global train and equip” funds from FY2006-FY2009 as authorized by Section 1206 of the National Defense Authorization Act (NDAA) for FY2006 (P.L. 109-163), within which \$100 million in FY2008 and FY2009 funds went to train and equip Pakistan’s paramilitary Frontier Corps.
- e. Congress authorized Pakistan to use the FY2003 and FY2004 ESF allocations to cancel a total of \$1.5 billion in debt to the U.S. government.
- f. The NDAA for FY2013 disallowed reimbursements to Pakistan for the nine-month period during which U.S. ground lines of communication to Afghanistan were closed (ending July 2012). The NDAA for FY2015 authorized up to \$1 billion in additional CSF to Pakistan, \$300 million of which was subject to certification requirements that cannot be waived. The NDAA for FY2016 authorizes another \$900 million, with \$350 million of this ineligible for waiver.
- g. This funding is “requirements-based;” there are no pre-allocation data.
