2 **Part 1—Main amendments**

3 *Telecommunications (Interception and Access) Act 1979*

4 **1 After Part 5-1**

5 Insert:

6 **Part 5-1A—Data retention**

7 **Division 1—Obligation to keep information and documents**

8 **187A Service providers must keep certain information and**
9 **documents**

10 (1) A person (a *service provider*) who operates a service to which this
11 Part applies (a *relevant service*) must keep, or cause to be kept, for
12 the period specified in section 187C:

13 (a) information of a kind prescribed by the regulations; or

14 (b) documents containing information of that kind;

15 relating to any communication carried by means of the service.

16 Note 1: Subsection (3) sets out the services to which this Part applies.

17 Note 2: Section 187B removes some service providers from the scope of this
18 obligation, either completely or in relation to some services they
19 operate.

20 Note 3: Division 3 provides for exemptions from a service provider's
21 obligations under this Part.

22 (2) The kinds of information prescribed for the purposes of
23 paragraph (1)(a) must relate to one or more of the following
24 matters:

25 (a) characteristics of any of the following:

26 (i) the subscriber of a relevant service;

27 (ii) an account relating to a relevant service;

28 (iii) a telecommunications device relating to a relevant
29 service;

Schedule 1 Data retention
Part 1 Main amendments

- 1 (iv) another relevant service relating to a relevant service;
2 (b) the source of a communication;
3 (c) the destination of a communication;
4 (d) the date, time and duration of a communication, or of its
5 connection to a relevant service;
6 (e) the type of a communication, or a type of relevant service
7 used in connection with a communication;
8 (f) the location of equipment, or a line, used in connection with a
9 communication.

- 10 (3) This Part applies to a service if:
11 (a) it is a service for carrying communications, or enabling
12 communications to be carried, by means of guided or
13 unguided electromagnetic energy or both; and
14 (b) it is a service:
15 (i) operated by a carrier; or
16 (ii) operated by an internet service provider (within the
17 meaning of Schedule 5 to the *Broadcasting Services Act*
18 *1992*); or
19 (iii) of a kind prescribed by the regulations; and
20 (c) the person operating the service owns or operates, in
21 Australia, infrastructure that enables the provision of any of
22 its relevant services;

23 but does not apply to a broadcasting service (within the meaning of
24 the *Broadcasting Services Act 1992*).

- 25 (4) This section does not require a service provider to keep, or cause to
26 be kept:

- 27 (a) information that is the contents or substance of a
28 communication; or

29 Note: This paragraph puts beyond doubt that service providers are not
30 required to keep information about telecommunications content.

- 31 (b) information that:
32 (i) states an address to which a communication was sent on
33 the internet, from a telecommunications device, using
34 an internet access service provided by the service
35 provider; and

- 1 (ii) was obtained by the service provider only as a result of
2 providing the service; or
- 3 Note: This paragraph puts beyond doubt that service providers are not
4 required to keep information about subscribers' web browsing
5 history.
- 6 (c) information to the extent that it relates to a communication
7 carried by means of another relevant service operated:
8 (i) by another service provider; and
9 (ii) using the relevant service;
10 or a document to the extent that the document contains such
11 information; or
- 12 (d) information that the service provider is required to delete
13 because of a determination made under section 99 of the
14 *Telecommunications Act 1997*, or a document to the extent
15 that the document contains such information; or
- 16 (e) information about the location of a telecommunications
17 device that is not information used by the service provider in
18 relation to the relevant service to which the device is
19 connected.
- 20 (5) Without limiting subsection (1), for the purposes of this section:
21 (a) an attempt to send a communication by means of a relevant
22 service is taken to be the sending of a communication by
23 means of the service, if the attempt results in:
24 (i) a connection between the telecommunications device
25 used in the attempt and another telecommunications
26 device; or
27 (ii) an attempted connection between the
28 telecommunications device used in the attempt and
29 another telecommunications device; or
30 (iii) a conclusion being drawn, through the operation of the
31 service, that a connection cannot be made between the
32 telecommunications device used in the attempt and
33 another telecommunications device; and
34 (b) an untariffed communication by means of a relevant service
35 is taken to be a communication by means of the service.
- 36 (6) To avoid doubt, if information that subsection (1) requires a
37 service provider to keep in relation to a communication is not
38 created by the operation of a relevant service, subsection (1)
-

1 requires the service provider to use other means to create the
2 information, or a document containing the information.

3 (7) For the purposes of paragraphs (2)(b), (c), (d) and (f) and
4 regulations made for the purposes of those paragraphs, 2 or more
5 communications that together constitute a single communications
6 session are taken to be a single communication.

7 **187B Certain service providers not covered by this Part**

8 (1) Subsection 187A(1) does not apply to a service provider (other
9 than a carrier that is not a carriage service provider) in relation to a
10 relevant service that it operates if:

11 (a) the service:

12 (i) is provided only to a person's immediate circle (within
13 the meaning of section 23 of the *Telecommunications*
14 *Act 1997*); or

15 (ii) is provided only to places that, under section 36 of that
16 Act, are all in the same area; and

17 (b) the service is not subject to a declaration under subsection (2)
18 of this section.

19 (2) The Communications Access Co-ordinator may declare that
20 subsection 187A(1) applies in relation to a relevant service that a
21 service provider operates.

22 (3) In considering whether to make the declaration, the
23 Communications Access Co-ordinator must have regard to:

24 (a) the interests of law enforcement and national security; and

25 (b) the objects of the *Telecommunications Act 1997*; and

26 (c) any other matter that the Communications Access
27 Co-ordinator considers relevant.

28 (4) The declaration must be in writing.

29 (5) A declaration made under subsection (2) is not a legislative
30 instrument.

1 **187C Period for keeping information and documents**

- 2 (1) The period for which a service provider must keep, or cause to be
3 kept, information or a document under section 187A is:
4 (a) if the information is about, or the document contains
5 information about, a matter of a kind described in
6 paragraph 187A(2)(a)—the period:
7 (i) starting when the information or document came into
8 existence; and
9 (ii) ending 2 years after the closure of the account to which
10 the information or document relates; or
11 (b) otherwise—the period:
12 (i) starting when the information or document came into
13 existence; and
14 (ii) ending 2 years after it came into existence.
- 15 (2) However, the regulations may prescribe that, in relation to a
16 specified matter of a kind described in paragraph 187A(2)(a), the
17 period under subsection (1) of this section is the period referred to
18 in paragraph (1)(b) of this section.
- 19 (3) This section does not prevent a service provider from keeping
20 information or a document for a period that is longer than the
21 period provided under this section.

22 Note: Division 3 provides for reductions in periods specified under this
23 section.

24 **Division 2—Data retention implementation plans**

25 **187D Effect of data retention implementation plans**

- 26 While there is in force a data retention implementation plan for a
27 relevant service operated by a service provider:
28 (a) the service provider must comply with the plan in relation to
29 communications carried by means of that service; but
30 (b) the service provider is not required to comply with
31 subsection 187A(1) (or section 187C) in relation to those
32 communications.

1 **187E Applying for approval of data retention implementation plans**

- 2 (1) A service provider may apply to the Communications Access
3 Co-ordinator for approval of a data retention implementation plan
4 for one or more relevant services operated by the service provider.
- 5 (2) The plan must specify, in relation to each such service:
6 (a) an explanation of the current practices for keeping
7 information and documents that section 187A would require
8 to be kept, if the plan were not in force; and
9 (b) details of the interim arrangements that the service provider
10 proposes to be implemented, while the plan is in force, for
11 keeping such information and documents (to the extent that
12 the information and documents will not be kept in
13 compliance with section 187A (and section 187C)); and
14 (c) the day by which the service provider will comply with
15 section 187A (and section 187C) in relation to all such
16 information and documents, except to the extent that any
17 decisions under Division 3 apply.
- 18 (3) The day specified under paragraph (2)(c) must not be later than the
19 day on which the plan would, if approved, cease to be in force
20 under section 187H in relation to the service.
- 21 (4) The plan must also specify:
22 (a) any relevant services, operated by the service provider, that
23 the plan does not cover; and
24 (b) the contact details of the officers or employees of the service
25 provider in relation to the plan.

26 **187F Approval of data retention implementation plans**

- 27 (1) If, under section 187E, a service provider applies for approval of a
28 data retention implementation plan, the Communications Access
29 Co-ordinator must:
30 (a) approve the plan and notify the service provider of the
31 approval; or
32 (b) give the plan back to the service provider with a written
33 request for the service provider to amend the plan to take
34 account of specified matters.

- 1 (2) Before making a decision under subsection (1), the
2 Communications Access Co-ordinator must take into account:
3 (a) the desirability of achieving substantial compliance with
4 section 187A (and section 187C) as soon as practicable; and
5 (b) the extent to which the plan would reduce the regulatory
6 burden imposed on the service provider by this Part; and
7 (c) if, at the time the Co-ordinator receives the application, the
8 service provider is contravening section 187A (or
9 section 187C) in relation to one or more services covered by
10 the application—the reasons for the contravention; and
11 (d) the interests of law enforcement and national security; and
12 (e) the objects of the *Telecommunications Act 1997*; and
13 (f) any other matter that the Co-ordinator considers relevant.
- 14 (3) If the Communications Access Co-ordinator does not, within 60
15 days after the day the Co-ordinator receives the application:
16 (a) make a decision on the application, and
17 (b) communicate to the applicant the decision on the application;
18 the Co-ordinator is taken, at the end of that period of 60 days, to
19 have made the decision that the service provider applied for, and to
20 have notified the service provider accordingly.
- 21 (4) A decision that is taken under subsection (3) to have been made in
22 relation to a service provider that applied for the decision has effect
23 only until the Communications Access Co-ordinator makes, and
24 communicates to the service provider, a decision on the
25 application.

26 **187G Consultation with agencies and the ACMA**

- 27 (1) As soon as practicable after receiving an application under
28 section 187E to approve a data retention implementation plan (the
29 ***original plan***), the Communications Access Co-ordinator must:
30 (a) give a copy of the plan to the enforcement agencies and
31 security authorities that, in the opinion of the Co-ordinator,
32 are likely to be interested in the plan; and
33 (b) invite each such enforcement agency or security authority to
34 provide comments on the plan to the Co-ordinator.
35 The Co-ordinator may give a copy of the plan to the ACMA.
-

- 1 (ii) the service provider's response to the request for the
2 amendment is not reasonable;
3 determine in writing that the original plan should be amended
4 in a specified manner and give a copy of the determination to
5 the service provider.

6 *Co-ordinator to approve amended plan or to refuse approval*

- 7 (6) The Communications Access Co-ordinator must:
8 (a) if, on receipt of a determination under paragraph (5)(b), the
9 service provider amends the original plan to take account of
10 that determination and gives the amended plan to the
11 Communications Access Co-ordinator—approve the plan as
12 amended, and notify the service provider of the approval; or
13 (b) otherwise—refuse to approve the plan, and notify the service
14 provider of the refusal.

15 *ACMA determination not a legislative instrument*

- 16 (7) A determination made under subsection (5) is not a legislative
17 instrument.

18 **187H When data retention implementation plans are in force**

- 19 (1) A data retention implementation plan for a relevant service
20 operated by a service provider:
21 (a) comes into force when the Communications Access
22 Co-ordinator notifies the service provider of the approval of
23 the plan; and
24 (b) ceases to be in force in relation to that service:
25 (i) if the service provider was operating the service at the
26 commencement of this Part—at the end of the
27 implementation phase for this Part; or
28 (ii) if the service provider was not operating the service at
29 the commencement of this Part—at the end of the
30 period of 18 months starting on the day the service
31 provider started to operate the service after that
32 commencement.

- 1 (2) The *implementation phase* for this Part is the end of the period of
2 18 months starting on the commencement of this Part.

3 **187J Amending data retention implementation plans**

- 4 (1) If a service provider's data retention implementation plan is in
5 force, it may be amended only if:
6 (a) the service provider applies to the Communications Access
7 Co-ordinator for approval of the amendment, and the
8 Co-ordinator approves the amendment; or
9 (b) the Co-ordinator makes a request to the service provider for
10 the amendment to be made, and the service provider agrees to
11 the amendment.
- 12 (2) Section 187F applies in relation to approval of the amendment
13 under paragraph (1)(a) as if the application for approval of the
14 amendment were an application under section 187E for approval of
15 a data retention implementation plan.
- 16 (3) An amendment of a data retention implementation plan:
17 (a) comes into force when:
18 (i) if paragraph (1)(a) applies—the Co-ordinator notifies
19 the service provider of the approval of the amendment;
20 or
21 (ii) if paragraph (1)(b) applies—the service provider
22 notifies the Co-ordinator of the service provider's
23 agreement to the amendment; but
24 (b) does not effect when the plan ceases to be in force under
25 paragraph 187H(1)(b).

26 **Division 3—Exemptions**

27 **187K The Communications Access Co-ordinator may grant**
28 **exemptions or variations**

29 *Decision to exempt or vary*

- 30 (1) The Communications Access Co-ordinator may:
31 (a) exempt a specified service provider from the obligations
32 imposed on the service provider under this Part, either
-

1 generally or in so far as they relate to a specified kind of
2 relevant service; or
3 (b) vary the obligations imposed on a specified service provider
4 under this Part, either generally or in so far as they relate to a
5 specified kind of relevant service; or
6 (c) vary, in relation to a specified service provider, a period
7 specified in section 187C, either generally or in relation to
8 information or documents that relate to a specified kind of
9 relevant service.
10 A variation must not impose obligations that would exceed the
11 obligations to which a service provider would otherwise be subject
12 under sections 187A and 187C.

- 13 (2) The decision must be in writing.
- 14 (3) The decision may be:
15 (a) unconditional; or
16 (b) subject to such conditions as are specified in the exemption.
- 17 (4) A decision made under subsection (1) is not a legislative
18 instrument.

19 *Effect of applying for exemption or variation*

- 20 (5) If a service provider applies in writing to the Communications
21 Access Co-ordinator for a particular decision under subsection (1)
22 relating to the service provider:
23 (a) the Co-ordinator:
24 (i) must give a copy of the application to the enforcement
25 agencies and security authorities that, in the opinion of
26 the Co-ordinator, are likely to be interested in the
27 application; and
28 (ii) may give a copy of the application to the ACMA; and
29 (b) if the Co-ordinator does not, within 60 days after the day the
30 Co-ordinator receives the application:
31 (i) make a decision on the application, and
32 (ii) communicate to the applicant the decision on the
33 application;

- 1 (2) The ACMA, an enforcement agency or a security authority must, if
2 it receives under paragraph 187G(1)(a) or 187K(5)(a) a copy of a
3 service provider's application:
4 (a) treat the copy as confidential; and
5 (b) ensure that it is not disclosed to any other person or body
6 without the written permission of the service provider.

7 **187M Pecuniary penalties and infringement notices**

8 Subsection 187A(1) and paragraph 187D(a) are civil penalty
9 provisions for the purposes of the *Telecommunications Act 1997*.

10 Note: Parts 31 and 31B of the *Telecommunications Act 1997* provide for
11 pecuniary penalties and infringement notices for contraventions of
12 civil penalty provisions.

13 **187N Review of operation of Part**

- 14 (1) The Parliamentary Joint Committee on Intelligence and Security
15 must review the operation of this Part as soon as practicable after
16 the third anniversary of the end of the implementation phase for
17 this Part.
18 (2) The Committee must give the Minister a written report of the
19 review.

20 **187P Annual reports**

- 21 (1) The Minister must, as soon as practicable after each 30 June, cause
22 to be prepared a written report on the operation of this Part during
23 the year ending on that 30 June.
24 (2) A report under subsection (1) must be included in the report
25 prepared under subsection 186(2) relating to the year ending on
26 that 30 June.
27 (3) A report under subsection (1) must not be made in a manner that is
28 likely to enable the identification of a person.

1 **Part 2—Other amendments**

2 *Telecommunications Act 1997*

3 **2 Section 7 (at the end of the definition of *civil penalty***
4 ***provision*)**

5 Add:

6 ; or (c) a provision of the *Telecommunications (Interception and*
7 *Access) Act 1979* that is declared by that Act to be a civil
8 penalty provision for the purposes of this Act.

9 **3 Subsection 105(5A)**

10 Repeal the subsection, substitute:

11 (5A) The ACMA must monitor, and report each financial year to the
12 Minister on:

- 13 (a) the operation of Part 14 and on the costs of compliance with
14 the requirements of that Part; and
15 (b) without limiting paragraph (a), the costs of compliance with
16 the requirements of Part 5-1A of the *Telecommunications*
17 *(Interception and Access) Act 1979* (about data retention).

18 **4 Subsection 314(8)**

19 Omit “Part 5-3 or 5-5 of the *Telecommunications (Interception and*
20 *Access) Act 1979* (about”, substitute “Part 5-1A, 5-3 or 5-5 of the
21 *Telecommunications (Interception and Access) Act 1979* (about data
22 retention,”.

23 *Telecommunications (Interception and Access) Act 1979*

24 **5 Subsection 5(1)**

25 Insert:

26 *implementation phase* has the meaning given by
27 subsection 187H(2).

28 *service provider* has the meaning given by subsection 187A(1).

- 1 **6 At the end of subsection 6R(3)**
2 Add “and all the enforcement agencies”.

1 **Part 3—Application provisions**

2 **7 Existing information and documents**

- 3 (1) The amendments made by this Schedule apply in relation to information
4 or a document:
- 5 (a) that is of a kind referred to in paragraph 187A(1)(a) or(b) of
6 the *Telecommunications (Interception and Access) Act 1979*
7 as amended by this Act; and
 - 8 (b) that a service provider was keeping, or causing to be kept,
9 immediately before the commencement of this item; and
 - 10 (c) in relation to which a period specified in section 187C of that
11 Act as so amended had not expired before that
12 commencement.
- 13 (2) However, this item does not require a service provider to create, or to
14 have created, any information or document that was not created by the
15 operation, before that commencement, of a service to which Part 5-1A
16 of that Act as so amended applies.

17 **8 Reducing the period for keeping information or documents**

- 18 (1) A service provider must not, before the commencement Part 5-1A of the
19 *Telecommunications (Interception and Access) Act 1979* as amended by
20 this Act, reduce the period for which it keeps or causes to be kept any
21 information or document that the service provider will, after that
22 commencement, be required by that Part to keep or cause to be kept.
- 23 (2) This item is taken to be a civil penalty provision for the purposes of the
24 *Telecommunications Act 1997*, as if it had been so declared by a
25 provision of that Act.

26 **9 Applications made before commencement of Part 5-1A**

- 27 (1) At any time after this Act receives the Royal Assent, a service provider
28 may apply for either or both of the following:
- 29 (a) approval of:
 - 30 (i) a data retention implementation plan; or
 - 31 (ii) an amendment of a data retention implementation plan;

1 under Division 2 of Part 5-1A of the *Telecommunications*
2 *(Interception and Access) Act 1979* as amended by this Act;
3 (b) a decision under subsection 187K(1) of that Act as so
4 amended.

5 (2) Paragraph (1)(a) of this item does not apply to an application for
6 approval of a data retention implementation plan unless the application
7 would, if made after the commencement of Part 5-1A of that Act as so
8 amended, have complied with section 187E of that Act as so amended.

9 **10 Decisions made before commencement of Part 5-1A**

10 (1) To avoid doubt, the power to make a decision under section 187F,
11 187G, 187J or 187K of the *Telecommunications (Interception and*
12 *Access) Act 1979* as amended by this Act is taken, for the purposes of
13 section 4 of the *Acts Interpretation Act 1901*, to be a power to make an
14 instrument of an administrative character.

15 (2) Subsection 187F(3) of the *Telecommunications (Interception and*
16 *Access) Act 1979* as amended by this Act applies, in relation to an
17 application made before the commencement of Part 5-1A of that Act as
18 so amended for approval of a data retention implementation plan, as if
19 references in that subsection to 60 days were references to the number
20 of days provided for in subitem (4) of this item.

21 (3) Paragraph 187K(5)(b) of the *Telecommunications (Interception and*
22 *Access) Act 1979* as amended by this Act applies, in relation to an
23 application made before the commencement of Part 5-1A of that Act as
24 so amended for a decision under subsection 187K(1) of that Act as so
25 amended, as if references in that paragraph to 60 days were references
26 to the number of days provided for in subitem (4) of this item.

27 (4) For the purposes of subitem (2) or (3), the number of days is:
28 (a) the number of days in the period between:
29 (i) the day the application referred to in that subitem was
30 made; and
