

ANSWER

*An alliance of ordinary people
fighting for welfare rights,
worker rights, and refugee rights.*

**Adelaide
Northern
Suburbs
Welfare
Employment
Refugees**

We are against

Centrelink clients being forced to live
Below the poverty-line and treated like
Children or second-class citizens.

Low-paid, vulnerable workers being
Ruthlessly exploited.

Poor and unemployed people being
Blamed for problems that are the
Product of our greedy, irrational
Economic system.

All forms of racism:
Refugees are not the enemy. Do not let
Politicians and media divide and
Distract us.

We are for

No one living in poverty:
All Centrelink clients, whether students,
Job-seekers, pensioners, sole parents,
Should receive enough income to
Meet their needs.

Real job creation:
Real jobs at the minimum wage or higher,
With the standard rights and conditions,
And workers treated with respect.

Unity:
Whether employed or unemployed,
Whether you have lived here your
Whole life or are newly-arrived,
We all have the same interests, to fight
For economic and social justice.
