## UP NORTH - 'RAF' FYLINGDALES - 12-3pm

Fylingdales is a US Ballistic Missile Early Warning and Missile Defence Radar in the heart of the North Yorks Moors . It has developed into an integral component in the command, control and communications network for the US missile defence project. This project is sparking a new arms race and is a key plank in allowing the US to gain greater military dominance on earth and in space.

Meet at Eller Beck, just to the north of Fylingdales on the A169 between Pickering and Whitby. Speakers, music and performance, along with food and toilet situated here. There will be a march to the base and back. Speakers include Kate Hudson, Gen Sec of CND and Alexander Harang, Director of Norwegian Peace Association. Please see website for more information.
