The projected deficit shall be confirmed by the Office of State Budget Director. No service, eligible, or program reductions shall be implemented by the Cabinet for Health and Family Services without written notice of such action to the Interim Joint Committee on Appropriations and Revenue and the State Budget Director. Such actions taken by the Cabinet for Health and Family Services shall be reported, upon request, at the next meeting of the Interim Joint Committee on Appropriations and Revenue.

(2) Kentucky Employees' Health Plan and Medicaid State Plan Cost-Savings Demonstration Projects: The Personnel Cabinet and the Cabinet for Health and Family Services shall implement the Kentucky Employees' Health Plan Program and Kentucky Medicaid State Plan Program cost-savings projects centered on process improvement and patient empowerment with door-to-door engagement via use of interactive technology to capture the potential for improved medical outcomes at reduced cost. The demonstration projects shall include established patients who have, within 24 months of the telehealth services, visited established providers and maintained a clinical relationship with a qualified health professional licensed in Kentucky through an in-office and in-person evaluation, including a medical history and a physical examination. These cost-reduction projects shall not increase premiums nor reduce benefits.

The Personnel Cabinet and the Cabinet for Health and Family Services are authorized to expend up to \$400,000 from the State Group Health Trust and State Medicaid Administration appropriation to support two demonstration projects for both areas. The initial capital outlay may be recouped from cost savings to the State Group Health Trust and State Medicaid Administration Program. The demonstration projects shall be a proof of concept to confirm the ability to capture an annualized savings of up to ten percent in the Kentucky Employees' Health Plan Program and an annualized savings of up to five percent in the Kentucky Medicaid State Plan Program starting from January 1, 2017.

The Personnel Cabinet and the Cabinet for Health and Family Services shall enter into an agreement with one or both of the university teaching hospitals in the Commonwealth to leverage the substantial return on investment of the demonstration projects. The demonstration projects shall be implemented as provided in this Act pursuant to the contracts utilized for the purpose of administering the Kentucky Employees' Health Plan Program and the Kentucky Medicaid State Plan Program. For purposes of the demonstration projects, the participating contractor to be given the first option from the Kentucky Medicaid State Plan Program shall be one that services the largest contingent of recipients in the program and one that services a rural area that has an

underserved population that has already demonstrated concept of cost savings through interactive technology.

The demonstration projects shall be awarded no later than December 1, 2016, and shall be based on a competitive bid via a formal Request for Information (RFI) process. The demonstration projects should be completed and a report regarding the proof of concept shall be submitted to the Program Review and Investigations Committee, the Personnel Cabinet, and the Cabinet for Health and Family Services by December 1, 2017.

If the proof of concept demonstrates an annual savings, the Personnel Cabinet and the Cabinet for Health and Family Services shall implement the final project on a larger scale. If implemented, the large-scale project shall be awarded via a formal Request for Proposal (RFP) process to capture the mandated annualized savings of up to ten percent in the Kentucky Employees' Health Plan Program and an annualized savings of up to five percent in the Kentucky Medicaid State Plan Program. The cost of implementing a large-scale project shall be paid via a shared-savings model wherein the contractor shall be compensated by a percentage of the savings captured by the projects.

(2) Postsecondary Education Working Group: Having determined that there is a need for the development of a comprehensive funding model that aligns the Commonwealth's investments in postsecondary education with the Commonwealth's postsecondary education policy goals and objectives, the Kentucky Council on Postsecondary Education is hereby directed to establish a working group composed of the following:

- (a) The President of the Council;
- (b) The President, or his or her representative, of each public postsecondary institution, including the President of the Kentucky Community and Technical College System;

The model shall include metrics that align with the goals of the Postsecondary Education Improvement Act of 1997 with appropriate differentiation that reflects the missions of the Commonwealth's research universities, comprehensive regional universities, and community and technical colleges.

The working group shall complete its work and provide to the Governor and the Interim Joint Committee on Education a report setting forth its recommendations no later than December

Items listed without appropriated amounts are previously authorized for which no additional amount is required. These items are listed in order to continue their current authorization into the 2016-2018 fiscal biennium. Unless otherwise specified, reauthorized projects shall conform to the original authorization enacted by the General Assembly.

(2) Expiration of Existing Line-Item Capital Construction Projects: All appropriations to existing line-item capital construction projects expire on June 30, 2016, unless reauthorized in this Act with the following exceptions: (a) A construction or purchase contract for the project shall have been awarded by June 30, 2016; (b) Permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds, if the authorized project completes an initial draw on the line of credit within the fiscal biennium immediately subsequent to the original authorization; and (c) Grant or loan agreements, if applicable, shall have been finalized and properly signed by all necessary parties by June 30, 2016. (4) Appropriations for Projects Not Line-Itemized: Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not individually identified in this Act in the following areas: Kentucky Infrastructure Authority Water and Sewer projects; Repair of State-Owned Dams; Guaranteed Energy Savings Performance Contract projects; Wetland and Stream Mitigation projects; Economic Development projects, which shall include authorization for the High-Tech Construction Pool and the High-Tech Investment Pool; Workforce Development Construction Pool; Flood Control projects; Bond-funded maintenance pools; Postsecondary Education pools; and Commonwealth Office of Technology Infrastructure Upgrades. Capital projects as defined by KRS 45.750(1)(f) shall be reported to the Capital Projects and Bond Oversight Committee.

(5) Capital Construction and Equipment Purchase Contingency Account: If funds in the Capital Construction and Equipment Purchase Contingency Account are not sufficient, then expenditures of the fund are to be paid first from the General Fund Surplus Account (KRS 48.700), if available, or from the Budget Reserve Trust Fund Account (KRS 48.705), subject to the conditions and procedures provided in this Act.

(6) Emergency Repair, Maintenance, and Replacement Account: If funds in the Emergency Repair, Maintenance, and Replacement Account are not sufficient, then expenditures of the fund are to be paid first from the General Fund Surplus Account (KRS 48.700), if available, or from the Budget Reserve Trust Fund Account (KRS 48.705), subject to the conditions and procedures provided in this Act.

(7) Expiring Debt: The following amount of previously appropriated bond funds shall expire upon passage of this Act: Maxey Flats Cap (\$9,000,000) as set forth in 2012 Ky. Acts ch. 144, Part II, E., 2., 001..

PART III

GENERAL PROVISIONS

1. Funds Designations: Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Fund, State Enterprise Funds (State Parks, State Fair Board, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Fleet Management, Computer Services, Correctional Industries, Central Printing, Risk Management, and Property Management), and selected Fiduciary Funds (Other Expendable Trust Funds). Separate funds records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which includes fees for room and board, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use, and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts, or other Federal Funds received, income from investments, other miscellaneous

federal receipts received by a budget unit, and the Unemployment Compensation Fund, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. Expenditure of Excess Restricted Funds or Federal Funds Receipts: If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 2016-2017 or fiscal year 2017-2018, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act, for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.730, and 48.800, and with the authorization of the State Budget Director and approval of the Secretary of the Finance and Administration Cabinet.

Prior to authorizing the appropriation of any excess, unbudgeted Restricted Funds pursuant to this section, the State Budget Director and the Secretary of the Finance and Administration Cabinet shall review the adequacy of the General Fund Surplus Account with respect to its availability to support authorized expenditures from the General Fund Surplus Account, known as Necessary Government Expenses. If General Fund Surplus Account moneys are determined by this review to be adequate to meet known or anticipated Necessary Government Expenses during fiscal year 2016-2017 or fiscal year 2017-2018, respectively, then the appropriation increase may be approved. If the review indicates that there are insufficient funds available or reasonably estimated to become available to the General Fund Surplus Account to meet known or projected Necessary Government Expenses for the fiscal years enumerated above, the State Budget Director and the Secretary of the Finance and Administration Cabinet may disapprove the request

for additional Restricted Funds expenditure authority and may direct the excess Restricted Funds identified to the General Fund Surplus Account in order to meet Necessary Government Expense obligations. The results of any review shall be reported to the Interim Joint Committee on Appropriations and Revenue in accordance with KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.730, and 48.800.

Any request made by a budget unit pursuant to KRS 48.630 that relates to Restricted Funds or Federal Funds shall include documentation showing a comparative statement of revised estimated receipts by fund source and the proposed expenditures by proposed use, with the appropriated sums specified in the Budget of the Commonwealth, and statements which explain the cause, source, and use for any variances which may exist.

Each budget unit shall submit its reports in print and electronic format consistent with the Restricted Funds and Federal Funds records contained in the fiscal biennium 2016-2018 Branch Budget Request Manual and according to the following schedule in each fiscal year: (a) On or before the beginning of each fiscal year; (b) On or before October 1; (c) On or before January 1; and (d) On or before April 1.

3. Interim Appropriation Increases: No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use, and source, and the documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with KRS 48.630. Proposed revisions to an appropriation contained in the enacted Executive Budget or allotment of an unbudgeted appropriation shall conform to the conditions and procedures of KRS 48.630 and this Act.

Notwithstanding KRS 48.630(3), (4), and (5), any proposed and recommended actions to increase appropriations for funds specified in Section 2. of this Part shall be scheduled consistent with the timetable contained in that section in order to provide continuous and timely budget information.

4. Revision of Appropriation Allotments: Allotments within appropriated sums for

the activities and purposes contained in the enacted Executive Budget shall conform to KRS 48.610 and may be revised pursuant to KRS 48.605 and this Act.

5. Appropriations Expenditure Purpose and Transfer Restrictions: Funds appropriated in this Act shall not be expended for any purpose not specifically authorized by the General Assembly in this Act nor shall funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency, or budget unit of state government unless specifically authorized by the General Assembly in this Act and KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810. Compliance with the provisions of this section shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

6. Permitted Appropriation Obligations: No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly and legislative and executive records.

7. Lapse of General Fund or Road Fund Appropriations Supplanted by Federal Funds: Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds shall lapse to the General Fund or Road Fund Surplus Account, respectively, to the extent the Federal Funds otherwise become available.

8. Federally Funded Agencies: A state agency entitled to Federal Funds, which would represent 100 percent of the cost of a program, shall conform to KRS 48.730.

9. Lapse of Road Fund Excess Debt Service Appropriations: Pursuant to KRS 48.720, any excess Road Fund debt service shall lapse to the Road Fund surplus account unless otherwise directed in this Act.

10. Statutes in Conflict: All statutes and portions of statutes in conflict with any of the provisions of this Act, to the extent of the conflict, are suspended unless otherwise provided by this Act.

11. Construction of Budget Provisions on Statutory Budget Administration Powers and Duties: Nothing in this Act is to be construed as amending or altering Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act.

12. Interpretation of Appropriations: All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which the appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

13. Publication of the Budget of the Commonwealth: The State Budget Director shall cause the Governor's Office for Policy and Management, within 60 days of adjournment of the 2016 Regular Session of the General Assembly, to publish a final enacted budget document, styled the Budget of the Commonwealth, based upon the Legislative Budget, Executive Budget, Transportation Cabinet Budget, and Judicial Budget as enacted by the 2016 Regular Session, as well as other Acts which contain appropriation provisions for the 2016-2018 fiscal biennium, and based upon supporting documentation and legislative records as considered by the 2016 Regular Session. This document shall include, for each agency and budget unit, a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class, and any other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted Executive Budget and Transportation Cabinet Budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each Part of this Act and by KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

14. State Financial Condition: Pursuant to KRS 48.400, the State Budget Director shall monitor and report on the financial condition of the Commonwealth.

15. Prorating Administrative Costs: The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for prorating the administrative costs of the Finance and Administration Cabinet, the Department of the Treasury, and the Office of the Attorney General relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate federal laws and regulations governing the programs. The receipts and allotments under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

16. Construction of Budget Provisions Regarding Executive Reorganization Orders: Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless the executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 2016 Regular Session of the General Assembly.

17. Budget Planning Report: By August 15, 2017, the State Budget Director, in conjunction with the Consensus Forecasting Group, shall provide to each branch of government, pursuant to KRS 48.120, a budget planning report.

18. 2016-2017 and \$10,874,400,000 in fiscal year 2017-2018, as determined by KRS 48.120 and modified by related Acts and actions of the General Assembly in an extraordinary or regular session. Notwithstanding KRS 48.130, direct services, obligations essential to the minimum level of constitutional functions, and other items that may be specified in this Act, are exempt from the requirements of this Plan. Each branch head shall prepare a specific plan to address the proportionate share of the General Fund revenue shortfall applicable to the respective branch. No budget revision action shall be taken by a branch head in excess of the actual or projected revenue shortfall.

The Governor, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary, as well as take other measures which shall be consistent with the provisions of this Part and biennial branch budget bills.

Notwithstanding KRS 48.130(4)(a) and (b), in the event of a revenue shortfall of five percent or less, General Fund budget reduction actions shall be implemented in the following sequence:

(1) The Local Government Economic Assistance and the Local Government Economic Development Funds shall be adjusted by the Secretary of the Finance and Administration Cabinet to equal revised estimates of receipts pursuant to KRS 42.4582 as modified by the provisions of this Act;

(2) Transfers of excess unappropriated Restricted Funds, notwithstanding any statutes to the contrary, other than fiduciary funds, to the General Fund shall be applied as determined by the head of each branch for its respective budget units. No transfers to the General Fund shall be made from the following:

(a) Local Government Economic Assistance and Local Government Economic Development Funds;

(3) Any unanticipated Phase I Master Settlement Agreement revenues in both fiscal years shall be appropriated according to KRS 248.654;

(4) Use of the unappropriated balance of the General Fund surplus shall be applied;

(5) Any language provision that expresses legislative intent regarding a specific appropriation shall not be reduced by a greater percentage than the reduction to the General Fund appropriation for that budget unit;

(6) Reduce General Fund appropriations in Executive Branch agencies' operating budget units by a sufficient amount to balance either fiscal year. No reductions of General Fund appropriations shall be made from the Local Government Economic Assistance Fund or the Local Government Economic Development Fund;

(7) Notwithstanding subsection (10) of this Part, no reductions shall be made to the Constitutional Officers or their offices, Commonwealth's Attorneys or their offices, or County Attorneys or their offices. The Governor may request their participation in a budget reduction; however, the level of participation shall be at the discretion of the Constitutional Officer, or the Prosecutors Advisory Council;

(8) Excess General Fund appropriations which accrue as a result of personnel vacancies and turnover, and reduced requirements for operating expenses, grants, and capital outlay shall be determined and applied by the heads of the executive, judicial, and legislative departments of state government for their respective branches. The branch heads shall certify the available amounts which shall be applied to budget units within the respective branches and shall promptly transmit the certification to the Secretary of the Finance and Administration Cabinet and the Legislative Research Commission. The Secretary of the Finance and Administration Cabinet shall execute the certified actions as transmitted by the branch heads.

Branch heads shall take care, by their respective actions, to protect, preserve, and advance

the fundamental health, safety, legal and social welfare, and educational well-being of the citizens of the Commonwealth;

(9) Funds available in the Budget Reserve Trust Fund shall be applied in an amount not to exceed 25 percent of the Trust Fund balance in fiscal year 2016-2017 and 50 percent in fiscal year 2017-2018; and
