12th International Riversymposium

Oxley Creek Catchment Partnerships for Success

Anne CLARKE

Oxley Creek Catchment Association, Australia

Outline

- Catchment of Oxley, Location
- Mission Statement and Organisation of Oxley Creek Catchment Association (OCCA)
- Research undertaken
- Our collaborative partnerships approach
- Sustainability into the future both for the catchment and the organisation

The Oxley Creek Catchment

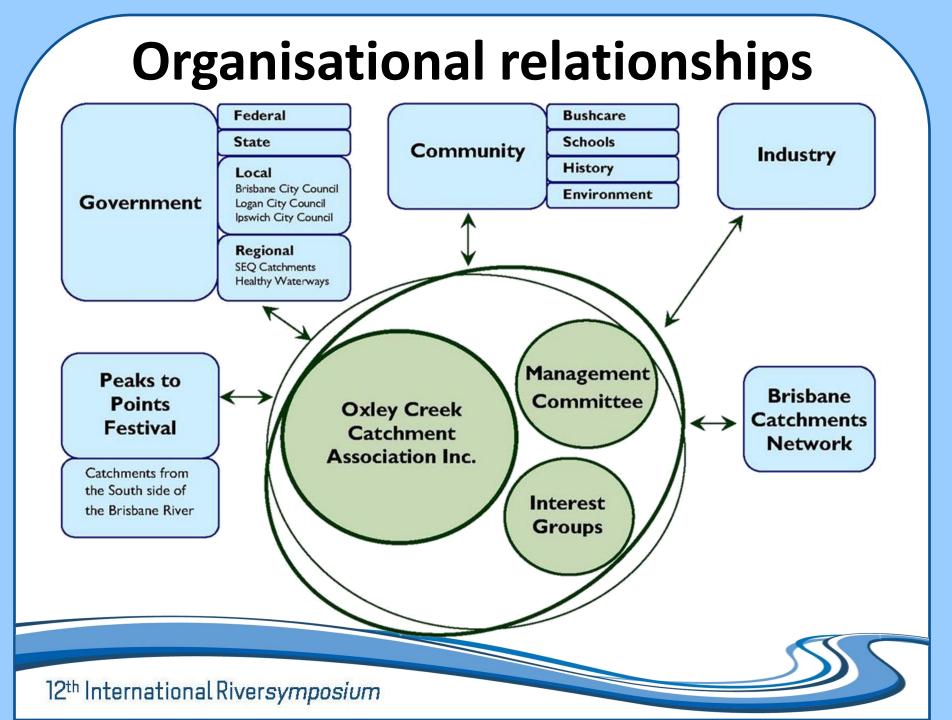

Mission for OCCA:

To protect & enhance the natural resource values of the Oxley Creek Catchment.

The Jagera name for Oxley Creek is Benarrawa

Dreaming Statement: "Benarrawa is flowing. We dream that the people will listen to the land and to each other"

The Oxley Creek Catchment Association (OCCA)

- Began 1996: Integrated Catchment Management (first urban ICM in Qld)
- Research

- State of Oxley Creek Catchment and Water and Land use Impact Analysis
- Oxley Creek Catchment Management Plan (CMP) developed
- Derived Action Plans for common areas

Challenges

- Small grazing; lots of rural residential with horses;
- Nodes of new urban development
- Major infrastructure dissecting land and waterways
- Mining voids, to landfills, to recycling pits
- Floodplain with golf courses
- Keeping intact vegetated corridors
- 2 Sewage Treatment Plants

Industry

Challenges with Partnerships

Government

- Federal, State, Local
- **Regional Bodies**
- Community
- Industry

The role of industry partnerships

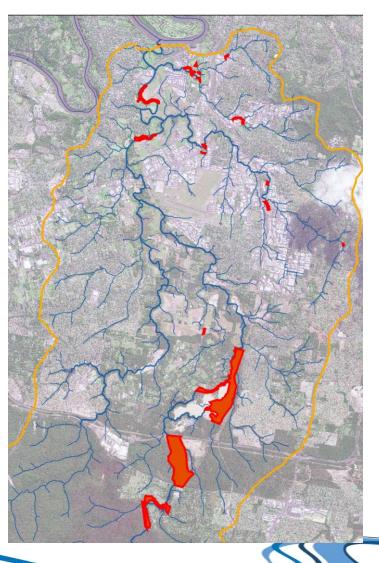

Outcomes for OCCA

- Our catchment centre, a stable base of operations, meeting place, library
- Establishment of Biodiversity Services
 Unit (BSU) operations-commercial-led
 to greater knowledge of catchment
- BSU brings money to the mix and allows OCCA to be more independent
- Nursery establishment with CTC and Nyanda SHS

The role of industry partnerships

Outcomes for the Catchment:

Rehabilitation of 200
 hectares of catchment and
 12.5km of waterway

Other benefits

Outcomes for the Catchment:

- -Installation of nestboxes
- Protection of wetlands
- Much greater knowledge of the catchment therefore better protection
- More people better informed
- -Greater possibilities unfold

Industry Involvement

- Cemex (Readymix)
 - -Long term commitment
- Larapinta, MBP
 - Enhancing wildlife corridors
- Sanitarium- natural regen'n
- CreekWATCH
 - Bluescope Steel, QR, RACQI, CSR Building Products, SkillsTech

Our success has depended on:

- Involved passionate volunteers
- Engagement with partners
- Research directing Action Planning
 - Interest groups with (SMART) Action Plans = Strategic Direction
- Being bold and responsive
- Embracing opportunities (within limits)
- Awareness raising, celebration
- Monitoring & evaluation & adaptation

12th International Riversymposium

Sustainability – looking to the future for OCCA and catchment

- Our own Catchment Centre
- More committed opportunistic volunteers
- Career paths for staff
- Catchment
- Increased protection for veg. corridors
- Flora overpasses to reduce pinch points
- More partnerships with landholders plus

Thank you!
