

# How many CME credits am I required to complete each year?

These requirements vary from state to state, even from institution to institution. The Academy does not have a requirement that members complete a certain number of CME credits to maintain membership status. Callers should contact their state board of medical licensure, state medical societies, employers/hospitals/managed care organizations, etc. to inquire about their specific requirements. Callers may also want to refer to the American Medical Association's (AMA) Information Booklet on The Physician's Recognition Award (PRA) for more information about qualifying for the AMA PRA certificate or visit [www.ama-assn.org](http://www.ama-assn.org)
