

MyAAP

Your New and Refreshed Member Center

Last month, we shared [5 slides](#) that provided an illustration on how to access and use MyAAP. This month, we would like to share instructions on how to easily find contact information for the AAP membership at-large as well as your District, Chapter, Committee, Council, and Section colleagues. [These slides](#) will show you the various ways to access this information.

Remember, we have a [help page](#) to answer the most common questions. Of course, if you encounter any problems with the site, please contact Customer Service at csc@aap.org.

We would be interested in hearing if the slides were helpful. Please feel free to share your feedback by emailing AAPorgSupport@aap.org.
