Meeting with DD/A.

Conference with AD/SI and DAD/SI.

AD/SI left memo reporting action of the Scientific Intelligence Committee as of 4 April; also reported on his conversation with Major General A. R. Bolling, AC/S, G-2. Conclusions: (1) DDCI will suggest to DCI that no commitments in changes be made regarding scientific intelligence without full report on changes. This may come up in discussion with IAC members; (2) DDCI reaffirmed the mission of OSi as set forth in CIA Regulation [redacted] (3) AD/SI will continue trying to solve dilemma at the lower working level and when timely to call on one of the Director's assistants as needed (AD/SI expressed opinion that the dilemma would not be straightened out until General Smith personally told General Bolling what he wanted).

FRIDAY, 6 APRIL 1950.

Meeting with DD/P and Director of Training.

Telephone conversation with Mr. Wisner who reported that the problem of CIA responsibility for coordination in the field of supporting the PW effort came up again yesterday at the meeting of the NPSB. Difficulty was encountered with following wording in the draft: "In accordance with general principles to be worked out between the NPSB and the heads of the five intelligence agencies, CIA will see that appropriate intelligence support is provided for PW and that the intelligence activities of the government departments and agencies in this field will be properly coordinated." Chief objection was to the first phrase, "In accordance with general principles to be worked out..." on the grounds that this was confusing surplusage and that the only way it could be interpreted was that there would be a double process of coordination. DDCI stated that was fair criticism and was not the wording he wished for the draft. DDCI suggested the following, "In accordance with general principles, CIA will, through the various intelligence agencies, coordinate activities in these fields to see to it that the Board gets support in this field." He stated that CIA has these duties as a matter of law. AD/PC asked if the following proposal was agreeable: "The CIA will see that appropriate intelligence support is provided for psychological warfare and that the intelligence activities of the government departments and agencies in this field will be coordinated." DDCI concurred; AD/PC will forward this to the Board, who has agreed on this statement. The draft will now be sent by the Board to NSC.

Upon inquiry, AD/PC was informed that the meeting yesterday between DCI and Defense officials came out as recommended by DCI and will be made a matter of law at the NSC meeting (amendment of NSC-10/2).

DDCI asked AD/PC's opinion re DD/P contacting this week-end in New York. AD/PC recommended that be contacted. is being considered for direction of para-military affairs in OPC.

DDCI also made arrangements to begin inspection tour of OPC on Monday, 16 April 1950.

Telephone conversation with Deputy Secretary of Defense Lovett who informed DDCI that Gen. MacArthur had stated at the hearing that CIA reported in November 1950 that there was little likelihood of Chinese Communist intervention on a major scale in Korea. DDCI advised that CIA had compiled complete record of what CIA had reported on Korea since before the beginning of hostilities. Secretary Lovett asked if CIA sent Gen. MacArthur copies of its intelligence estimates. DDCI stated that dissemination of CIA reports to Gen. MacArthur was made by G-2; that actually there were two ways Gen. MacArthur would receive CIA intelligence: 1)--raw information collected in the FE command and available to the intelligence headquarters, and 2)--finished intelligence products which are distributed through G-2. Secretary Lovett suggested that CIA give the report on the estimates to JCS who will submit it to the auditing committee prior to its presentation at the hearing. This will serve as a better cover for CIA.

Telephone conversation with RAdm. Sidney W. Souers, Special Consultant to the President, who reported that the President had stated at the news conference that CIA did not operate in Gen. MacArthur's theater until after

Gen. Smith had gone to Tokyo to straighten out the difficulties. Adm. Souers asked if that statement was too broad. DDCI advised that CIA operations were greatly handicapped until after Gen. Smith's trip to Japan. Adm. Souers also asked if Gen. MacArthur received CIA estimates. DDCI said Gen. Bolling, AC/S, G-2, was the proper authority to answer that question since CIA reports are sent to the military who determines dissemination to the field, but it is doubtful that G-2 would withhold such reports from Gen. MacArthur.

Telephone conversation with White House Press Secretary Short who advised that the President had told the press conference that CIA was excluded from FE Headquarters until Gen. Smith went to Tokyo. DDCI said that was a little too broad--CIA was admitted to headquarters but CIA was excluded from effective operations until Gen. Smith made the trip to Japan. Upon query, DDCI said Gen. Smith left for Tokyo on 12 January 1951.

Conference with DCI and AD/NE.

Telephone call received from Mr. Donovan, NY Herald-Tribune, asking for background information on MacArthur's statement that CIA reported in November 1950 that there was doubt the Chinese Communist would intervene in Korea on a major scale. He was advised that any comments would have to come from DCI or DDCI and both had left for the day.

Conducted Director's Staff Conference in DCI's absence.

Telephone conversation with Mr. Everett Gleason, Deputy ES/NSC, who relayed President's request for evaluation on HICOG's estimate of Soviet intentions which appeared in OCI's daily report dated 14 May. DCI will probably be queried re estimate during Friday briefing of the President.

Telephone conversation with AD/PC who asked if it had definitely been decided not to send the representative to the Middle East. DDCI said it had been discussed and was thought to be too dangerous for the person who was selected. AD/PC feels that the project should not be abandoned and will prepare ^{memo} to DD/P stating his case.

Telephone conversation with Mr. Sherman Kent, ONE, advising him of the telephone conversation with Mr. Gleason and asking him to work in coordination with AD/CI in preparation of evaluation.

Conference with Mr. Reber, AD/IC.

Attended Situation Room Briefing.

Attended NSC Senior Staff Meeting.

Telephone conversation with AD/PC in regard to paper on exchange of information on guerrilla warfare which was discussed at today's NSC Senior Staff Meeting. DDCI said the paper didn't provide for any means of coordinating, supervising or centralizing the gathering of such information which was weakness of the paper. The Defense representative thought it should be coordinated through the IAC. However, some of the information would come through G-3 channels. DDCI asked OPC to work on this phase of the paper so that DCI can be fully prepared when it comes up before the IAC.

Telephone conversation with AD/PC in regard to conversation yesterday about NSC Senior Staff discussion on the exchange of information on guerrilla warfare. OPC did not play an important role in the paper; OPC's representative at the meeting was there to make sure that it did not go into OPC's field. DDCI said he wanted OPC ideas on the implementation of the paper. AD/PC stated that the project had already been assigned to the military; has been sent to Department of the Army who delegated it to Gen. McClure's office. This was not known at the NSC Senior Staff Meeting on 15 May. DDCI said he saw no reason why it should be coordinated by IAC or CIA. A lot of the information comes from G-3. However, it is up to CIA to insure that the Agency is included in operations that affect CIA.

THURSDAY, 21 JUNE 1951 - 2

Telephone conversation with AD/PC (cont'd)--

DDCI referred to conversation with DCI re Mr. Gordon Gray's staff and office space. Thought Mr. Gray should be consulted about this because he would probably want to pick his own staff and office space. DDCI will talk with DCI again about it.

Discussed article appearing in Washington Post today which reported that Mr. Gray's position on the Psychological Strategy Board would pay \$16,000 per year although he would serve about two days a week.

Mr. Wisner reported a good deal of trouble on the reorganization of OPC as being effected by office of DD/P. He understood that the reorganization would have to be approved in Director's office, after coordination with AD/PC. At the present time, the trouble concerns the publicity given by office of DD/P to the reorganization.

Telephone conversation with Mr. Park Armstrong, Special Assistant, Intelligence, who asked DDCI to be present at meeting this afternoon with DCI. Mr. Armstrong intends to bring over letter outlining the supplemental budget situation and ask for DCI's support in State's appeal to the Bureau of the Budget. DDCI said both he and DCI had written letters to State Department promising to help and therefore the Agency was committed to do so. According to Mr. Armstrong, Budget cannot understand that when ORE was liquidated, all its functions and personnel that were not duplicated in State were turned over to State thereby increasing its budget. DDCI said that if he could not be present, he would make sure that DCI was properly briefed.

Telephone conversation with AD/NE, advising him that the problem of spot estimating by OCI in the Current Intelligence Bulletin had been discussed with DCI. The Daily should not be changed because it is exactly what the President wants. Therefore, DCI wishes the comments to continue but indicated that a disclaimer should be entered in the Daily saying that these comments do not purport to be national estimates but only represent spot estimates. DCI asked that a representative from ONE attend the daily conferences in OCI in connection with the preparation of the Daily as a solution to better coordination. AD/NE will designate as ONE's representative. This will be tried for a couple of weeks.

Telephone conversation with AD/CI, advising him of conversation with AD/NE. AD/CI will publish the suggested disclaimer in the Current Intelligence Bulletin. Said he welcomed ONE representation and would contact AD/NE, asking for designation of a representative. Comments will continue to be published.

Telephone conversation with Mr. Wisner, Acting DD/P, in regard to progress of staffing Mr. Gordon Gray's office. Mr. Wisner said nothing definite had been decided about Mr. Tracy Barnes.

DDCI indicated he wanted to talk with Mr. Loftus Becker about his position in office of DD/P.

Mr. Wisner reported that had submitted notice of resignation.

Telephone conversation with Mr. Ulmer, National Advisory Committee for Aeronautics, who referred to letter from DDCI asking for representation on the Foreign Economic Intelligence Committee. He said this question had come up last fall, at which time they wrote a letter, dtd. 28 November 1950, giving reasons why they felt it was unnecessary to have NACA participate. The functions of NACA do not enter into the field of foreign economic intelligence. They are willing to name representatives but because of their functions they do not feel qualified. DDCI said he would check into the matter.

25X1

Telephone conversation with AD/RR, who said he planned to attend the NSC Senior Staff Meeting this afternoon. One item to be discussed is Denmark's request for export license for shipment of automobile parts to be transshipped to Poland in exchange for coal which is vitally needed by Denmark. ECA and State's position is that the coal is essential enough to Denmark to grant the license. ORR believes that these parts are for UNRRA trucks which compose most of the truck pool in Poland; therefore, approval of the export license is considered inadvisable by ORR. AD/RR proposes to raise this objection that such a shipment would be prejudicial to the interest of U.S. Security. DDCI approved AD/RR's stand and authorized him to speak for the Agency.

Mr. Carey said 00 had been asked to try to contribute to the press analysis for the PSB angle but he had been told that both Mr. Jackson and Mr. Dulles were against it. Mr. Jackson said he would check the diary for record of such a meeting; that he personally did not object to 00 being of assistance as long as it did not interfere with assigned operators. Mr. Carey will contact Mr. Dulles and Mr. Armstrong.

Mr. Jackson advised that he would probably recommend that 00 be left as it is because it is working well; that 00 as an entity ought to be moved under the central deputy; the one worry is about where defectors should be left and Mr. Jackson will ask [redacted] A/DD/P, to talk with AD/00 and report back recommendations of where defectors should be placed. One idea offered is to put the defector rehabilitation and disposal program under DD/P.
