

THIS IS AMERICA. THIS IS ADL.

The United States is a vibrant mix of cultures, races, religions and ethnic groups. These differences enhance our nation's strength, beauty and collective wisdom. Together, we all weave the fabric of our pluralistic society.

For over 100 years, the Anti-Defamation League has upheld this distinctly American concept by leading the fight against anti-Semitism, bigotry and racism. Today, ADL is the nation's premier human relations and civil rights organization.

If your company or organization wants to be recognized as a leader in the fight to promote diversity, we invite you to become a member of ADL's Corporate Leadership Council — the nation's leading corporate diversity initiative. Additional co-branding, diversity training and recognition benefits are available to Corporate Partners.
