# ICONIC AUSTRALIAN PRODUCERS

## VICTORIA

---

### Mount Mary

Mount Mary is a family owned, single vineyard estate located in the heart of the Yarra Valley. The region is in the south-eastern corner of Australia, east of Melbourne in the state of Victoria. Established in 1971 by John and Marli Middleton, Mount Mary was one of the first vineyards planted in the resurgence of the Yarra Valley as a premium wine producing region.

### Jasper Hill

Established by Ron and Elva Laughton, ever since the first vintage in 1982 Jasper Hill has been a small, family business. Grown, made and bottled entirely on the estate from their own grapes, using organic and biodynamic principles. Producing their own biodynamic composts and have never used synthetic chemicals on either the vines or the soils, since the vineyards were planted in 1975. With more than three decades behind them and many accolades for their wines, Jasper Hill has become synonymous with Heathcote, Shiraz wine in particular, and is regarded as one of the pioneers of this relatively new and exciting wine region.

### **Rockford**

Rockford wines are made from established Barossa varieties which form an important part of our winemaking heritage, in a style that best reflects the vineyards, the winemaker's attitude and the climate in which we live. Robert O'Callaghan's Rockford Basket Press Shiraz encapsulates traditional and contemporary winemaking philosophies and embraces the inherent qualities of old vine Shiraz: the physicality of winemaking where muscle and personal touch transform process into an artform; the traditional tools of trade (a 1910 petrol-driven old Bagshaw destemmer, basket press, open fermenters) and the complementary nuances of American and French oak maturation.

## HENSCHKE

---

The Henschke family has been making wine since Johann Christian Henschke planted a small vineyard on his diverse farming property at Keyneton in 1862. He was one of many Silesians who had fled their homeland in search of religious freedom, and he arrived from Kutschlau in 1841. The wine was initially intended for consumption by family and friends, but with the first commercial release in 1868, believed to be principally Riesling and Shiraz, the wheels were set in motion for greater things to come. While they are perhaps most famous for Hill of Grace and Mount Edelstone, they continue to surprise with their new styles and techniques.

## PENFOLDS

---

Australia's winemaking history of less than two hundred years is brief by European measures, though, like Europe, punctuated by periods of extreme success and difficult times. From the earliest winemaking days Penfolds has figured prominently and few would argue the importance of Penfolds influence on Australia's winemaking psyche. Without the influence of Penfolds the modern Australian wine industry would look very different indeed. Sitting comfortably outside of fad and fashion, Penfolds has taken Australian wine to the world on a grand stage and forged a reputation for quality that is without peer.

## PENFOLDS BIN 95 GRANGE

---

Grange is arguably Australia's most celebrated wine and is officially listed as a Heritage Icon of South Australia. Grange boasts an unbroken line of vintages from the experimental 1951 and clearly demonstrates the synergy between Shiraz and the soils and climates of South Australia. Grange utilises fully-ripe, intensely-flavoured and textured Shiraz grapes. The result is a unique Australian style that is now recognised as one of the most consistent of the world's great wines. The Grange style is the original and most powerful expression of Penfolds multi-vineyard, multi-district, blending philosophy.

### Cullen

Cullen wines are grown on a certified biodynamic, carbon neutral and naturally powered estate in Wilyabrup, Margaret River. The grapes are harvested by hand on fruit and flower days according to the astrological calendar. The wines have no addition of yeast or malolactic culture and are therefore seen as natural wines which express the sense of place of which they are made.
