

## **BLACK PANTHER SUMMIT IN TANZANIA, EAST AFRICA**

**We are planning this historical journey for August, 2009.  
The main focus will be on International Solidarity and to offer support to UAACC and their many community based programs.**

**In addition to the conference, there will be the opportunity to take several side trips, including a safari to Ngorongoro Crater, a visit to Zanzibar, day hike on Mt. Kilimanjaro and visits to town and other parks and villages.**

**We suggest that people pick up a Kiswahili book and learn some basic phrases. Get your passports soon as that can take several weeks.**

**Visit the CDC (Centers for Disease Control) website for suggested vaccinations.**

**Visit the UAACC website for more information on their programs and history: [www.uaacc.habari.co.tz](http://www.uaacc.habari.co.tz)**

**In the coming months we will have some estimates on costs for the trip and various excursions while in Tanzania.**
