

APPENDIX B: SPECIFIC PURPOSE PAYMENTS

This appendix provides accrual estimates of Australian Government Specific Purpose Payments (SPPs) to and through the States and direct to local government. This includes SPPs for current and capital purposes, together with details of Australian Government advances (loans) to the States, including new advances, interest on advances and repayments by the States. Most of these advances were funded from borrowings made on behalf of the States under previous Australian Loan Council arrangements.

Table B1 presents SPPs on a functional basis for the period 2005-06 to 2009-10. Payments are categorised according to like purposes and are divided into those paid to the States and those paid through the States to be passed on to local government and others. Payments through the States are indicated in the table with an asterisk.

Tables B2 and B3 present estimates of the State-by-State distributions of the SPPs listed in Table B1, for the years 2005-06 and 2006-07 respectively.

A number of SPP agreements are due for renegotiation during the forward estimates period. Provision has been made for continued funding in the forward estimates. However, the extension of these agreements has not been negotiated and therefore the amounts payable under the agreements cannot be specifically identified. In these cases, the relevant sections of the tables have been marked 'not for publication' (nfp).

In addition, final decisions on the distribution of some payments among the States are still to be taken by the Australian Government; for others, the final distribution for 2006-07 will not be settled until further data becomes available. In most instances, provisional or notional estimates of the distribution are included. This does not commit the Australian Government to fund a particular project or indicate that a State has agreed to participate in the programme.

Tables B4, B5 and B6 present estimates of Australian Government SPPs paid direct to local government authorities. Table B4 presents estimates on a functional basis for the period 2005-06 to 2009-10. Tables B5 and B6 present estimates of State-by-State distributions of payments direct to local government for 2005-06 and 2006-07.

Table B1: Estimated Specific Purpose Payments to and through the States, repayments of advances, advances and interest payments, 2005-06 to 2009-10 (\$'000) (continued)

- * Items so marked are classified as payments 'through' the States.
- (a) Provision has been made for continued funding in the forward estimates. However, the extension of the relevant agreements has not been negotiated and therefore the amounts payable under the agreements cannot be specifically identified.
 - (b) The arrangements for the allocation of funds to the States and Territories each year were previously set out and reported under the *Vocational Education and Training Funding Act 1992*. This Act has since been repealed and funding and reporting arrangements are now set out in the *Skilling Australia's Workforce Act 2005* and subsequent agreements with the States and Territories.
 - (c) The Australian Government will invest a total of \$377.9 million in recurrent and capital funding for Australian Technical Colleges over four years. Most of this funding is classified as Australian Government own purpose expenditure.
 - (d) The Australian Health Care Agreements expire on 30 June 2008. The estimates for 2005-06 onwards represent the expected Australian Government's maximum funding position subject to changes in wage costs and population profiles. If the States and Territories fail to meet the terms and conditions of the agreements, these amounts may be reduced. This line also includes payments to the States and Territories to improve care for older patients in public hospitals under the COAG Health Services package.
 - (e) The Australian Government's funding to the State and Territory governments for the fifth Supported Accommodation Assistance Program Agreement over the period 2005-06 to 2009-10 includes funding for an Innovation and Investment Fund of which \$7.2 million in 2006-07 and \$10.7 million in 2007-08 is to be administered as Australian Government own purpose expenditure.
 - (f) Provision of funding is subject to the signing of a five-year bilateral agreement between the Australian Government and each State or Territory government.
 - (g) All figures are indicative only.
 - (h) Compensation payments to VIC and NSW for company tax paid to the Australian Government by Snowy Hydro Limited will cease following the sale of the company in 2006-07. Refer 2006-07 Budget Paper No. 2, *Snowy Hydro Limited - cost of sale and reduction of tax-equivalent payments to States* for further information.
 - (i) An amount of \$30 million will be provided under the Roads to Recovery programme for work on roads in unincorporated areas over the period 2005-06 to 2008-09. Unincorporated areas will also receive the equivalent of an additional year's Roads to Recovery funding allocation in 2005-06 under the *Investing in the nation's infrastructure – improving local roads* Budget measure.

* Items so marked are classified as payments 'through' the States.

- (a) The arrangements for the allocation of funds to the States and Territories each year were previously set out and reported under the *Vocational Education and Training Funding Act 1992*. This Act has since been repealed and funding and reporting arrangements are now set out in the *Skilling Australia's Workforce Act 2005* and subsequent agreements with the States and Territories.
- (b) The Australian Government will invest a total of \$377.9 million in recurrent and capital funding for Australian Technical Colleges over four years. Most of this funding is classified as Australian Government own purpose expenditure.
- (c) The Australian Health Care Agreements expire on 30 June 2008. The estimates for 2005-06 onwards represent the expected Australian Government's maximum funding position subject to changes in wage costs and population profiles. If the States and Territories fail to meet the terms and conditions of the agreements, these amounts may be reduced. This line also includes payments to the States and Territories to improve care for older patients in public hospitals under the COAG Health Services package.
- (d) All figures are indicative only.
- (e) An amount of \$30 million will be provided under the Roads to Recovery programme for work on roads in unincorporated areas over the period 2005-06 to 2008-09. Unincorporated areas will also receive the equivalent of an additional year's Roads to Recovery funding allocation in 2005-06 under the *Investing in the nation's infrastructure – improving local roads* Budget measure.

* Items so marked are classified as payments 'through' the States.

- (a) The arrangements for the allocation of funds to the States and Territories each year were previously set out and reported under the *Vocational Education and Training Funding Act 1992*. This Act has since been repealed and funding and reporting arrangements are now set out in the *Skilling Australia's Workforce Act 2005* and subsequent agreements with the States and Territories.
- (b) The Australian Government will invest a total of \$377.9 million in recurrent and capital funding for Australian Technical Colleges over four years. Most of this funding is classified as Australian Government own purpose expenditure.
- (c) The Australian Health Care Agreements expire on 30 June 2008. The estimates for 2005-06 onwards represent the expected Australian Government's maximum funding position subject to changes in wage costs and population profiles. If the States and Territories fail to meet the terms and conditions of the agreements, these amounts may be reduced. This line also includes payments to the States and Territories to improve care for older patients in public hospitals under the COAG Health Services package.
- (d) Provision has been made for funding in the forward estimates. However, agreements with the States and Territories have not been negotiated and therefore the amounts payable under the agreements cannot be specifically identified.
- (e) Totals for each State and Territory exclude estimates for the new Organ and Tissue Donation programme (refer footnote (d)). However, totals for all States and Territories include funding for this programme.
- (f) The Australian Government's funding to the State and Territory governments for the fifth Supported Accommodation Assistance Program Agreement over the period 2005-06 to 2009-10 includes funding for an Innovation and Investment Fund of which \$7.2 million in 2006-07 and \$10.7 million in 2007-08 is to be administered as Australian Government own purpose expenditure.
- (g) All figures are indicative only.
- (h) Compensation payments to VIC and NSW for company tax paid to the Australian Government by Snowy Hydro Limited will cease following the sale of the company in 2006-07. Refer 2006-07 Budget Paper No. 2, *Snowy Hydro Limited - cost of sale and reduction of tax-equivalent payments to States* for further information.
- (i) An amount of \$30 million will be provided under the Roads to Recovery programme for work on roads in unincorporated areas over the period 2005-06 to 2006-09. Unincorporated areas will also receive the equivalent of an additional year's Roads to Recovery funding allocation in 2005-06 under the *Investing in the nation's infrastructure – improving local roads* Budget measure.
