Mrs Fanny Langley
Post Office
Mornington Island
Gulf of Carpentaria

Dear Mrs Langley,

Kim M^cKenzie has told me that he was talking to you about the old days. I was pleased to know that you remembered the time in 1966 when I visited Mornington Island to make recordings. That was in Mr Belcher's time. You must have been a very young lady then.

If you have the time, you may like to write to me about the songs I recorded.

Some of the songs were sung with the didjeridu. In my note book, the didjeridu player's name has been written down as "Larry Lindi". I wonder if this is a mistake and whether it should have been Larry Langley.

Perhaps you can tell me that?

Please write to me at this address;

Best wishes, your sincere friend
