the struggle song

Workers across the world united
Stand up for justice & what's ours
With my comrades beside me
See the power of our class

Dare to fight ! Dare to win !
March together arm in arm
With my comrades beside me
See the power of our class

Workers across the world united
Stand up for justice & what's ours
Are we Union? Yes we are
See the power of our class

Dare to fight ! Dare to win !
March together arm in arm
With my comrades beside me
See the power of our class

Dare to fight ! Dare to win !
March together arm in arm
With my comrades beside me
See the power of our class

Workers across the world united
Stand up for justice & what's ours
Are we many? Yes we are
See the power of our class

Dare to fight ! Dare to win !
March together arm in arm
With my comrades beside me
See the power of our class

With my comrades beside me
See the power of our class

workers of the world

**We are strong. We are many
We are united**

We can break these unjust industrial laws and break this government too. We can win. But we still have a big problem: And that problem is called global capitalism

When we win in our struggles for wages, conditions and rights, capitalists move production to another country where workers are less organised; Or they recruit poorer workers and bring them here to work for lower wages, conditions and rights

We must change this

Capitalists and their governments want us to react to this situation by hating fellow workers in other countries, because this keeps us divided.

Capitalists know that united we win

Our next step is international organising. We stand together with workers in all countries. Workers everywhere are fighting the same battle.

Today we send our message of solidarity and power to all genuine unions in the Asia Pacific region and the world. We will be standing with them again tomorrow.

Workers change the world
