## THE PROMISE OF THINGS

By Ruth Quibell

*'The majesty of things, and how we cherish them. A delightful, idiosyncratic read for anyone who's ever experienced that little thrill over an object deemed inconsequential to others. Magnificent.'*—NIKKI GEMMELL

A velvet jacket. A stone from a distant beach.

Some of our strongest, most lasting relationships are hidden in plain view—those we have with objects.

What do our possessions do for us? And how do they do it?

In *The Promise of Things*, Ruth Quibell explores what our possessions say about us: who we think we are, what we long for and struggle against. This book invites us to think about how we use things, what makes them precious, and why we find it so hard to throw them away.

**Ruth Quibell** is a sociologist and writer. She is a columnist for *Island*. Her essays and reviews have appeared in *Womankind*, *The Age*, *The Sydney Morning Herald*, and on the ABC.
